Amend Senate Bill No. 264, Page 1, In the Title, Lines 2-3 of the title, by striking “the local workforce development act of 2017”; and inserting in lieu thereof the following: “local sales taxes”; and

Further amend said bill, Page 5, Section 67.1790, Line 152, by inserting after all of said line the following:

“184.503. 1. The governing body of any eligible county may, by resolution, authorize the creation of or participation in a district, and may impose a sales tax on all retail sales made within the eligible county which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one-fourth of one percent, and shall be imposed solely for the purpose of funding the support of zoological activities within the district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. Such creation of or participation in such district and the levy of the sales tax may be accomplished individually or on a cooperative basis with another eligible county or other eligible counties for financial support of the district. A petition requesting such creation of or participation in such district and the levy of the sales tax for the purpose of funding the support of zoological activities within the district may also be filed with the governing body, and shall be signed by not less than the number of qualified electors of an eligible county equal to five percent of the number of ballots cast and counted at the last preceding gubernatorial election held in such county. No such resolution adopted or petition presented under this section shall become effective unless the governing body of the eligible county submits to the voters residing within the eligible county at a state general, primary, or special election a proposal to authorize the governing body of the eligible county to create or participate in a district and to impose a tax under this section. The county election official shall give legal notice at least sixty days prior to such general or primary election or special election in at least two newspapers that such proposition or propositions shall be submitted at the next general or primary election or special election held for submission of this proposition. The resolution or proposition shall be printed on the ballot and in the notice of election. Provisions of this section to the contrary notwithstanding, no tax authorized under the provisions of this section shall be effective in any eligible noncharter county unless the tax authorized under the provisions of this section is also collected by an eligible charter county.

2. The ballot for the proposition in any county shall be in substantially the following form:

Shall a retail sales tax of _____ (insert amount, not to exceed one-quarter of one percent) be levied and collected for the benefit of the Kansas City Zoological District, which shall be created and consist of the county(s) of _____ (insert name of counties), for the support of zoological activities with the district?

☐ YES

☐ NO

The governing body of the county may place additional language on the ballot to describe the use or allocation of the funds.

3. In the event that a majority of the voters voting on such proposition in such county at said election cast votes for the proposition, then the district shall be deemed established and the tax rate for such subdistrict shall be deemed in full force and effect as of the first day of the year following the year of said election and the governing body of such county may proceed with the performance of all things necessary and incidental to participation in the district. The results of the aforesaid election shall be certified by the election officials of such county to the governing body of such county not less than thirty days after the day

of election. In the event the proposition shall fail to receive a majority of the votes “FOR”, then such proposition shall not be resubmitted at any election held within one year of the date of the election the proposition was rejected. Any such resubmissions of such proposition shall substantially comply with the provisions of sections 184.500 to 184.515. **Any tax approved under this section shall expire after ten years unless reauthorized by a majority vote of the people.**

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. All sales taxes collected by the director of revenue from the tax authorized by this section on behalf of the district, less one percent for cost of collection, which shall be deposited in the state’s general revenue fund after payment of premiums for surety bonds, as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the “Kansas City Zoological District Sales Tax Trust Fund”. The moneys in the Kansas City zoological district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money collected and deposited in the trust fund and the records shall be open to the inspection of officers of the district, the counties composing the district, and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the Kansas City zoological district sales tax trust fund during the preceding month to the district.

6. The director of revenue may make refunds from the amounts in the Kansas City zoological district sales tax trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district. If the district abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the Kansas City zoological district sales tax trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such account. After one year has elapsed after the effective date of abolition of the tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Any of the eligible counties composing the Kansas City zoological district may withdraw from the district by adoption of a resolution and approval of the resolution by a majority of the qualified electors of the county, in the same manner provided in this section for creating or becoming a part of the district. The governing body of a withdrawing county shall provide for the sending of formal written notice of withdrawal from the district to the governing body of the other county or each of the other counties comprising the district. Actual withdrawal shall not take effect until ninety days after notice has been sent. A withdrawing county shall not be relieved from any obligation that such county may have assumed or incurred by reason of being a part of the district, including, but not limited to, the retirement of any outstanding bonded indebtedness of the district.”; and

Further amend the title and enacting clause accordingly.

Senator Kraus moved that the above amendment be adopted.

Senator Holsman raised the point of order that **SA 1** goes beyond the scope of the underlying bill and is not germane. The point of order was referred to the President Pro Tem who ruled it not well taken.

At the request of Senator Kraus, **SA 1** was withdrawn.

At the request of Senator Dixon, **SB 264** was placed on the Informal Calendar.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “Wholly in this state” if both the seller’s shipping point and the purchaser’s destination point are in this state;

b. “Partly within this state and partly without this state” if the seller’s shipping point is in this state and the purchaser’s destination point is outside this state, or the seller’s shipping point is outside this state and the purchaser’s destination point is in this state;

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “In this state” if the purchaser’s destination point is in this state;

b. Not “in this state” if the purchaser’s destination point is outside this state;

(d) For purposes of this subdivision, the purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser’s location outside this state[;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is “in this state” if the taxpayer’s market for the sales is in this state. The taxpayer’s market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section].

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must

be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) “Investment company”, any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) “Investment funds service corporation” includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) “Management services” include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) “Qualifying sales”, gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, “gross income” is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) “Residence”, presumptively the fund shareholder’s mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder’s primary residence or principal place of business is different than the fund shareholder’s mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder’s residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S

corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

[10. The provisions of this section do not impact any other apportionment election available to a taxpayer under Missouri statutes.]; and

Further amend the title and enacting clause accordingly.

Senator Curls moved that the above amendment be adopted.

Senator Curls offered SA 1 to SA 2, which was read:

SENATE AMENDMENT NO. 1 TO
SENATE AMENDMENT NO. 2

Amend Senate Amendment No. 2 to House Committee Bill No. 3, Page 1, Section 135.025, Line 14 by striking “fifty” and inserting in lieu thereof **“fifty-two”**.

Senator Curls moved that the above amendment be adopted, which motion failed.

Senator Kraus offered SSA 1 for SA 2:

SENATE SUBSTITUTE AMENDMENT NO. 1 FOR
SENATE AMENDMENT NO. 2

Amend House Committee Bill No. 3, Page 5, Section 135.030, Line 38, by inserting after all of said line the following:

“208.1205. 1. The department of social services shall apply for and obtain a Medicaid global waiver and any other necessary waivers or state plan amendments from the Secretary of the United States Department of Health and Human Services, including, but not limited to, a waiver of the appropriate sections of Title XIX, 42 U.S.C. Section 1396 et. seq. The application for and the provisions of such waivers or state plan amendments shall be implemented as follows:

(1) The federal waiver application process shall be reviewed by the joint committee on public assistance, established under section 208.952. Prior to the submission of the waiver application to the federal government, the department shall provide the joint committee with the proposed waiver application. The waiver application shall not be submitted to the federal government until the provisions of this section have been followed;

(2) The joint committee shall review the waiver application and hold a public hearing within thirty days of receipt of the application, during which public testimony shall be received. The director of the department, or the director of the division of MO HealthNet, shall testify on the proposed waiver application; and

(3) Within thirty days of the public hearing, the joint committee shall either accept or reject the proposed waiver application and shall, if necessary, propose modifications to or other recommendations for the application as submitted.

2. The waiver application shall include provisions, to the fullest extent possible, that maximize the flexibility of the state to design a patient-centered, sustainable, and cost-effective approach to a market-based health care system that emphasizes competitive and value-based purchasing. Such flexibility may include:

(1) Eligibility determinations which may include work requirements for certain able-bodied adults;

(2) Initiatives to promote healthy outcomes and reward personal responsibility, including the use of co-payments, premiums, and health savings accounts. Such initiatives may include the forgiveness of a patient’s co-payments, premiums, or other out-of-pocket obligations or the use of other incentives

in exchange for the patient's performance or participation in healthy incentives and wellness programs or for choosing lower-cost health care services;

(3) Measures to improve the quality of and to lower the cost of health care through policies such as selective contracting and competitive bidding, preferred provider networks, and health outcome-based provider reimbursement; and

(4) Accountability and transparency measures designed to promote interdepartmental cooperation and coordination while eliminating redundancies. Such measures shall also promote the efficient and cost-effective delivery of health care services in a patient-centered approach, including physical and mental health care services.

3. The waiver application shall include provisions, to the fullest extent possible, that propose or accept funding mechanisms similar to a federally-capped block grant, which may include capped per capita allocations, capped allotments, or shared savings based on per-enrollee spending targets, adjusted for inflation, state gross domestic product, state population growth, state Medicaid population growth, natural disasters, man-made disasters, extensive economic downturns, and other economic and demographic factors, for the duration of the waiver.

208.1210. 1. It shall be necessary to propose legislative changes in order to comply with the federal waiver application submitted under section 208.1205, if the application is approved by the federal government. Until such statutory changes are enacted through the legislative process, all applicable laws relating to MO HealthNet shall remain in effect. In order to effectuate additional programmatic changes to the MO HealthNet program beyond those authorized by the ninety-ninth general assembly, first regular session, and as authorized by the waiver, the department of social services shall propose the additional statutory changes required. Such changes cannot be effectuated until the necessary statutes have been enacted.

2. The joint committee on public assistance shall hold public hearings and receive public testimony on such proposed statutory changes to determine whether or not such proposals satisfy the goals enumerated in section 208.1205 and would result in substantial new opportunities for the MO HealthNet program on a cost-neutral basis.

3. Upon the enactment of legislation related to the waiver, the department shall adopt rules and regulations to implement the provisions of the waiver. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

208.1215. After the approval of the waiver application submitted under section 208.1205 by the federal government, the joint committee on public assistance shall meet at least twice a year. The joint committee shall have the authority to:

(1) Provide oversight on the Medicaid global waiver;

(2) Communicate as necessary with the director of the department of social services, the director of the MO HealthNet division, and any other divisions or departments within the scope of the MO HealthNet program;

(3) Recommend the type of services for the MO HealthNet program offered by the state;

(4) Issue, in accordance with section 21.400, subpoenas, subpoenas duces tecum, and orders for the production of books, accounts, papers, records, and documents; and

(5) Recommend to the general assembly and the department any amendments to the waiver and any corrective clarifying legislation that may be necessary.

208.1220. 1. In the event that the global waiver or related waivers or state plan amendments submitted under section 208.1205 are suspended or terminated for any reason, or in the event that the global waiver or related waivers or state plan amendments expire, the department of social services shall apply for an extension or renewal of the global waiver or any new waivers that, at a minimum, ensure the continuation of the waiver authorities in existence prior to the acceptance of the global waiver. The department shall ensure that any such actions are conducted in accordance with applicable federal statutes and regulations relating to waiver renewals, extensions, or terminations. The department shall, to the fullest extent possible, ensure that said waiver authorities are reinstated prior to any suspension, termination, or expiration of the global waiver.

2. In the event that the provisions of Title XIX, 42 U.S.C. Section 1396 et. seq. are changed or repealed to the extent that Medicaid becomes, or the federal government otherwise offers, a block grant to the states for the provision of health care services to certain eligible persons, the provisions of sections 208.1205 to 208.1215 shall expire.”; and

Further amend the title and enacting clause accordingly.

Senator Kraus moved that the above substitute amendment be adopted.

Senator Schaaf raised the point of order that **SSA 1** for **SA 2** goes beyond the scope of the bill.

The point of order was referred to the President Pro Tem.

At the request of Senator Kraus, **SSA 1** for **SA 2** was withdrawn, rendering the point of order moot.

At the request of Senator Koenig, **HCB 3**, with **SA 2** (pending), was placed on the Informal Calendar.

Senator Onder assumed the Chair.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-SIXTH DAY—WEDNESDAY, APRIL 19, 2017

The Senate met pursuant to adjournment.

Senator Onder in the Chair.

Reverend Carl Gauck offered the following prayer:

“For we are God’s servants, working together; you are God’s field, God’s builders.”(I Corinthians 3:9)

Gracious God we give You thanks and praise for the honor You have shown us by making us Your co-workers, to cooperate with Your will for us, in our caring for our fellow citizens. We know, Lord, that by doing so we are doing the work You have for us, for You have given us eyes to see the needs of Your people and time in which to use wisely and productively. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day’s proceedings:

Amend Senate Committee Substitute for House Committee Substitute for House Bill Nos. 302 & 228, Page 1, In the Title, Lines 2-3 of the title, by striking “law enforcement officers” and inserting in lieu thereof the following: “emergency responders”; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said line the following:

“190.103. 1. One physician with expertise in emergency medical services from each of the EMS regions shall be elected by that region’s EMS medical directors to serve as a regional EMS medical director. The regional EMS medical directors shall constitute the state EMS medical director’s advisory committee and shall advise the department and their region’s ambulance services on matters relating to medical control and medical direction in accordance with sections 190.001 to 190.245 and rules adopted by the department pursuant to sections 190.001 to 190.245. The regional EMS medical director shall serve a term of four years.

The southwest, northwest, and Kansas City regional EMS medical directors shall be elected to an initial two-year term. The central, east central, and southeast regional EMS medical directors shall be elected to an initial four-year term. All subsequent terms following the initial terms shall be four years.

2. A medical director is required for all ambulance services and emergency medical response agencies that provide: advanced life support services; basic life support services utilizing medications or providing assistance with patients' medications; or basic life support services performing invasive procedures including invasive airway procedures. The medical director shall provide medical direction to these services and agencies in these instances.

3. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall have the responsibility and the authority to ensure that the personnel working under their supervision are able to provide care meeting established standards of care with consideration for state and national standards as well as local area needs and resources. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall establish and develop triage, treatment and transport protocols, which may include authorization for standing orders.

4. All ambulance services and emergency medical response agencies that are required to have a medical director shall establish an agreement between the service or agency and their medical director. The agreement will include the roles, responsibilities and authority of the medical director beyond what is granted in accordance with sections 190.001 to 190.245 and rules adopted by the department pursuant to sections 190.001 to 190.245. The agreement shall also include grievance procedures regarding the emergency medical response agency or ambulance service, personnel and the medical director.

5. Regional EMS medical directors elected as provided under subsection 1 of this section shall be considered public officials for purposes of sovereign immunity, official immunity, and the Missouri public duty doctrine defenses.

6. The state EMS medical director's advisory committee shall be considered a peer review committee under section 537.035 and regional EMS medical directors shall be eligible to participate in the Missouri Patient Safety Organization as provided under the Patient Safety and Quality Improvement Act of 2005, 42 U.S.C. Section 299, et seq., as amended.

7. Regional EMS medical directors may act to provide online telecommunication medical direction to EMT-Bs, EMT-Is, EMT-Ps, and community paramedics and provide offline medical direction per standardized treatment, triage, and transport protocols when EMS personnel, including EMT-Bs, EMT-Is, or EMT-Ps community paramedics, are providing care to special needs patients or at the request of a local EMS agency or medical director.

8. When developing treatment protocols for special needs patients, regional EMS medical directors may promulgate such protocols on a regional basis across multiple political subdivisions' jurisdictional boundaries and such protocols may be used by multiple agencies including, but not limited to, ambulance services, emergency response agencies, and public health departments.

9. Multiple EMS agencies including, but not limited to, ambulance services, emergency response agencies, and public health departments shall take necessary steps to follow the regional EMS protocols established as provided under subsection 8 of this section in cases of mass casualty or

state-declared disaster incidents.

10. When regional EMS medical directors develop and implement treatment protocols for patients or provide online medical direction for such patients, such activity shall not be construed as having usurped local medical direction authority in any manner.

11. Notwithstanding any other provision of law, when regional EMS medical directors are providing either online telecommunication medical direction to EMT-Bs, EMT-Is, EMT-Ps, and community paramedics, or offline medical direction per standardized EMS treatment, triage, and transport protocols for patients, those medical directions or treatment protocols may include the administration of the patient's own prescription medications.

190.147. 1. Emergency medical technician paramedics (EMT-Ps) who have:

(1) Completed at least forty hours of the standard crisis intervention training course as endorsed and developed by the National Alliance on Mental Illness or a course of training that the ground or air ambulance service's medical director has determined to be academically equivalent thereto;

(3) Whose ground or air ambulance service has developed and adopted standardized triage, treatment, and transport protocols under subsection 3 of section 190.103, which address the challenge of treating and transporting behavioral health patients who present a likelihood of serious harm to themselves or others as the term "likelihood of serious harm" is defined under section 632.005 or who are significantly incapacitated by alcohol or drugs;

may make a good faith determination that such patients shall be placed into a temporary hold for the sole purposes of transport to the nearest appropriate facility.

2. EMT-Ps who have made a good faith decision for a temporary hold of a patient as authorized by this section shall no longer have to rely on the common law doctrine of implied consent and therefore shall not be civilly liable for a good faith determination made in accordance with this section and shall not have waived any sovereign immunity defense, official immunity defense, or Missouri public duty doctrine defense if employed at the time of the good faith determination by a governmental employer.

3. Any ground or air ambulance service that adopts the authority and protocols provided for by this section shall have a memorandum of understanding with applicable local law enforcement agencies in order to achieve a collaborative and coordinated response to patients displaying symptoms of either a likelihood of serious harm to themselves or others or significant incapacitation by alcohol or drugs, which require a crisis intervention response.

190.165. 1. The department may refuse to issue or deny renewal of any certificate, permit or license required pursuant to sections 190.100 to 190.245 for failure to comply with the provisions of sections 190.100 to 190.245 or any lawful regulations promulgated by the department to implement its provisions as described in subsection 2 of this section. The department shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The department may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate, permit or license required by sections 190.100 to 190.245 or any person who has failed to renew or has surrendered his or her certificate, permit or license for failure to comply with the provisions of sections 190.100 to 190.245 or any lawful regulations promulgated by the department to implement such sections. Those regulations shall be limited to the following:

(1) Use or unlawful possession of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any activity licensed or regulated by sections 190.100 to 190.245;

(2) Being finally adjudicated and found guilty, or having entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any activity licensed or regulated pursuant to sections 190.100 to 190.245, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate, permit or license issued pursuant to sections 190.100 to 190.245 or in obtaining permission to take any examination given or required pursuant to sections 190.100 to 190.245;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(6) Violation of, or assisting or enabling any person to violate, any provision of sections 190.100 to 190.245, or of any lawful rule or regulation adopted by the department pursuant to sections 190.100 to 190.245;

(7) Impersonation of any person holding a certificate, permit or license or allowing any person to use his or her certificate, permit, license or diploma from any school;

(9) For an individual being finally adjudged insane or incompetent by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any activity licensed or regulated by sections 190.100 to 190.245 who is not licensed and currently eligible to practice pursuant to sections 190.100 to 190.245;

(11) Issuance of a certificate, permit or license based upon a material mistake of fact;

(12) Violation of any professional trust, confidence, or legally protected privacy rights of a patient by means of an unauthorized or unlawful disclosure;

3. If the department conducts investigations, the department, prior to interviewing a licensee who is the subject of the investigation, shall explain to the licensee that he or she has the right to:

(1) Consult legal counsel or have legal counsel present;

(2) Have anyone present whom he or she deems to be necessary or desirable[, except for any holder of any certificate, permit, or license required by sections 190.100 to 190.245]; and

(3) Refuse to answer any question or refuse to provide or sign any written statement.

The assertion of any right listed in this subsection shall not be deemed by the department to be a failure to cooperate with any department investigation.

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the department may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the department deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate or permit. Notwithstanding any provision of law to the contrary, the department shall be authorized to impose a suspension or revocation as a disciplinary action only if it first files the requisite complaint with the administrative hearing commission. **The administrative hearing commission shall hear all relevant evidence on remediation activities of the licensee and shall make a recommendation to the department of health and senior services as to licensure disposition based on such evidence.**

5. An individual whose license has been revoked shall wait one year from the date of revocation to apply for relicensure. Relicensure shall be at the discretion of the department after compliance with all the requirements of sections 190.100 to 190.245 relative to the licensing of an applicant for the first time. Any individual whose license has been revoked twice within a ten-year period shall not be eligible for relicensure.

6. The department may notify the proper licensing authority of any other state in which the person whose license was suspended or revoked was also licensed of the suspension or revocation.

7. Any person, organization, association or corporation who reports or provides information to the department pursuant to the provisions of sections 190.100 to 190.245 and who does so in good faith shall not be subject to an action for civil damages as a result thereof.

8. The department of health and senior services may suspend any certificate, permit or license required pursuant to sections 190.100 to 190.245 simultaneously with the filing of the complaint with the administrative hearing commission as set forth in subsection 2 of this section, if the department finds that there is an imminent threat to the public health. The notice of suspension shall include the basis of the suspension and notice of the right to appeal such suspension. The licensee may appeal the decision to suspend the license, certificate or permit to the department. The appeal shall be filed within ten days from the date of the filing of the complaint. A hearing shall be conducted by the department within ten days from the date the appeal is filed. The suspension shall continue in effect until the conclusion of the proceedings, including review thereof, unless sooner withdrawn by the department, dissolved by a court of competent jurisdiction or stayed by the administrative hearing commission.”; and

Further amend the title and enacting clause accordingly.

Senator Hegeman moved that the above amendment be adopted.

Senator Schaaf moved that the debate on the adoption of **SCS** for **HCS** for **HBs 302** and **228** be postponed until 10:00 a.m., Friday, April 21, 2017.

Pursuant to Senate Rule 86, Senators Onder and Richard requested the privileged motion be submitted in writing.

At the request of Senator Schatz, **HCS** for **HBs 302** and **228**, with **SCS**, **SA 1** and motion to postpone debate to a day certain (pending), was placed on the Informal Calendar.

The point of order was referred to the President Pro Tem who took it under advisement.

WHEREAS, the last total solar eclipse visible in Missouri occurred in 1869; and

WHEREAS, the moment when the moon's leading edge first obstructs the sun's light and the moon begins to cast a partial shadow is called first contact; and

WHEREAS, the moment when the moon's leading edge obstructs the other edge of the sun and the moon first fully obstructs the sun and casts a full shadow is called second contact; and

WHEREAS, the moment when the trailing edge of the moon begins receding from the sun's edge and the moon again casts a partial shadow is called third contact; and

WHEREAS, the time between second contact and third contact when the moon obstructs all of the sun's direct light is called the totality; and

WHEREAS, during both the second contact and third contact when the sun is not quite entirely obstructed by the moon, bits of sunlight will shine only through the valleys and craters of the moon creating bright spots called Bailey's Beads; and

WHEREAS, during the totality day turns to night, stars can be seen in the sky, insects chirp, the temperature cools, the sun produces a halo effect around the black orb of the moon, and the sky on the horizon in every direction is the color of a sunset; and

WHEREAS, the moment when the moon's trailing edge fully passes away from the sun, and the moon no longer casts a shadow is called

fourth contact; and

WHEREAS, first contact will occur at 11:40 A.M. on the western border of Missouri and at 11:51 A.M. on the eastern border of Missouri; and

WHEREAS, the time between first contact and fourth contact will be approximately two hours and fifty-five minutes; and

WHEREAS, the totality's Greatest Duration is located so that the length of the totality throughout all of Missouri will be within two seconds of the Greatest Duration: two minutes and forty seconds; and

WHEREAS, the rare event of a total solar eclipse will be an economic boon to the state; and

WHEREAS, over an estimated one million people will travel to Missouri to experience this total solar eclipse; and

WHEREAS, counties along the path of the eclipse expect to double and triple their populations for the day; and

WHEREAS, hotel rooms are already fully booked, public viewing areas have been designated, buses have been chartered, and small businesses are gearing up for large crowds; and

WHEREAS, various communities throughout the state will host eclipse-related celebrations, festivals, and activities; and

WHEREAS, schools and colleges are planning eclipse-related education lessons and events; and

WHEREAS, no picture can do the experience of a total solar eclipse justice, and one must be seen in person; and

WHEREAS, Missouri is an ideal location to view the 2017 total solar eclipse:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-ninth General Assembly, First Regular Session, the Senate concurring therein, hereby designate August 21, 2017, as "Total Eclipse Day" in the State of Missouri; and

(2) The employer shall also pay to the [total] dependents of the employee a death benefit based on the employee's average weekly earnings during the year immediately preceding the injury that results in the death of the employee, as provided in section 287.250. The amount of compensation for death, which shall be paid in installments in the same manner that compensation is required to be paid under this chapter, shall be computed as follows:

(a) If the injury which caused the death occurred on or after September 28, 1983, but before September 28, 1986, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the employee's average weekly earnings during the year immediately preceding the injury; provided that the weekly compensation paid under this paragraph shall not exceed an amount equal to seventy percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury]. If there is a total dependent, no death benefits shall be payable to partial dependents or any other persons except as provided in subdivision (1) of this section];

(b) If the injury which caused the death occurred on or after September 28, 1986, but before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the employee's average weekly earnings during the year immediately preceding the injury; provided that the weekly compensation paid under this paragraph shall not exceed an amount equal to seventy-five percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury]. If there is a total dependent, no death benefit shall be payable to partial dependents or any other persons except as provided in subdivision (1) of this section];

(c) If the injury which caused the death occurred on or after August 28, 1990, but before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this paragraph shall not exceed an amount equal to one hundred percent of the state average weekly wage;

(d) If the injury which caused the death occurred on or after August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this paragraph shall not exceed an amount equal to one hundred five percent of the state average weekly wage;

(e) If the injury which caused the death occurred on or after September 28, 1981, the weekly compensation shall in no event be less than forty dollars per week;

(3) [If there are partial dependents, and no total dependents, a part of the death benefit herein provided in the case of total dependents, determined by the proportion of his contributions to all partial dependents by the employee at the time of the injury, shall be paid by the employer to each of the dependents proportionately;

(4)] The word “dependent” as used in this chapter shall [be construed to] mean [a relative by blood or marriage of a deceased employee, who is actually dependent for support, in whole or in part, upon his or her wages at the time of the injury. The following persons shall be conclusively presumed to be totally dependent for support upon a deceased employee, and any death benefit shall be payable to them to the exclusion of other total dependents];

(a) A wife upon a husband with whom she lives or who is legally liable for her support, and a husband upon a wife with whom he lives or who is legally liable for his support; provided that on the death or remarriage of a widow or widower, the death benefit shall cease unless there be other [total] dependents entitled to any death benefits under this chapter. In the event of remarriage, a lump sum payment equal in amount to the benefits due for a period of two years shall be paid to the widow or widower. Thereupon the periodic death benefits shall cease unless there are other [total] dependents entitled to any death benefit under this chapter, in which event the periodic benefits to which such widow or widower would have been entitled had he or she not died or remarried shall be divided among such other [total] dependents and paid to them during their period of entitlement under this chapter; **or**

(b) A natural, posthumous, or adopted child or children, whether legitimate or illegitimate, **including any stepchild claimable by the deceased on his or her federal tax return at the time of injury**, under the age of eighteen years, or over that age if physically or mentally incapacitated from wage earning, upon the parent legally liable for the support or with whom he, she, or they are living at the time of the death of the parent. In case there is a wife or a husband mentally or physically incapacitated from wage earning, dependent upon a wife or husband, and a child or more than one child thus dependent, the death benefit shall be divided among them in such proportion as may be determined by the commission after considering their ages and other facts bearing on the dependency. In all other cases questions of [total or partial] **the degree of dependency** shall be determined in accordance with the facts at the time of the injury, and in such other cases if there is more than one person wholly dependent the death benefit shall be divided equally among them. The payment of death benefits to a child or other dependent as provided in this paragraph shall cease when the dependent dies, attains the age of eighteen years, or becomes physically and mentally capable of wage earning over that age, or until twenty-two years of age if the child of the deceased is in attendance and remains as a full-time student in any accredited educational institution, or if at eighteen years of age the dependent child is a member of the Armed Forces of the United States on active duty; provided, however, that such dependent child shall be entitled to compensation during four years of full-time attendance at a fully accredited educational institution to commence prior to twenty-three years of age and immediately upon cessation of his **or her** active duty in the Armed Forces, unless there are other [total] dependents entitled to the death benefit under this chapter;

[5)] (4) The division or the commission may, in its discretion, order or award the share of compensation of any such child to be paid to the parent, grandparent, or other adult next of kin or conservator of the child for the latter’s support, maintenance and education, which order or award upon notice to the parties may

be modified from time to time by the commission in its discretion with respect to the person to whom shall be paid the amount of the order or award remaining unpaid at the time of the modification;

[(6)] (5) The payments of compensation by the employer in accordance with the order or award of the division or the commission shall discharge the employer from all further obligations as to the compensation;

[(7)] (6) All death benefits in this chapter shall be paid in installments in the same manner as provided for disability compensation;

[(8)] (7) Every employer shall keep a record of the correct names and addresses of the dependents of each of his **or her** employees, and upon the death of an employee by accident arising out of and in the course of his **or her** employment shall so far as possible immediately furnish the division with such names and addresses;

[(9)] (8) Dependents receiving death benefits under the provisions of this chapter shall annually report to the division as to marital status in the case of a widow or widower or age and physical or mental condition of a dependent child. The division shall provide forms for the making of such reports.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

or

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal. A certified copy of the court order establishing that such conviction has been reversed or guilty plea has been set aside shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(1) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, or the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside.

(2) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction or setting aside the plea and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(3) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(4) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict. If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample."; and

Further amend the title and enacting clause accordingly.

Senator Sifton moved that the above amendment be adopted, which motion prevailed.

The Senate met pursuant to adjournment.

Heavenly Father You hear the faintest prayer whether spoken or not, so we pray hear our prayer that our uncertainties and concerns for what we do here is grounded in Your word and brings us assurance that our decisions are in keeping with Your desire for us. Keep us resolute in our hope to be faithful and centered in You our God. In Your Holy Name we pray. Amen.

HOUSE AMENDMENT NO. 1

“304.170. 1. No vehicle operated upon the highways of this state shall have a width, including load, in excess of one hundred two inches, except clearance lights, rearview mirrors or other accessories required by federal, state or city law or regulation. Provided however, a recreational vehicle as defined in section 700.010 may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

3. No single motor vehicle operated upon the highways of this state shall have a length, including load, in excess of forty-five feet, except as otherwise provided in this section.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear.

The term “safety bumper” means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations, stinger-steered combination automobile transporters and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

8. Driveaway saddlemount combinations having a length not in excess of ninety-seven feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount combinations must comply with the safety requirements of Section 393.71 of Title 49 of the Code of Federal Regulations and may contain no more than three saddlemounted vehicles and one fullmount.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

11. Except as provided in subsections 5, 6, 7, 8, 9 and 10 of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway, except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered combinations or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles.

12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

(3) Notwithstanding any other provision of law to the contrary, agricultural machinery and implements may be operated on state highways between the hours of sunset and sunrise for agricultural purposes provided such vehicles are equipped with lighting meeting the requirements of section 307.115.

13. As used in this chapter the term "implements of husbandry" means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for

transportation of such chemicals and materials.

14. Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires. Such units shall observe all axle weight limits. The chief engineer of the state transportation department shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.”; and

HOUSE AMENDMENT NO. 1 TO
HOUSE AMENDMENT NO. 3

Amend House Amendment No. 3 to Senate Bill No. 8, Page 1, Line 4, by inserting immediately prior to the phrase “304.170.” on said line the following:

“287.020. 1. The word “employee” as used in this chapter shall be construed to mean every person in the service of any employer, as defined in this chapter, under any contract of hire, express or implied, oral or written, or under any appointment or election, including executive officers of corporations. Except as otherwise provided in section 287.200, any reference to any employee who has been injured shall, when the employee is dead, also include his dependents, and other persons to whom compensation may be payable.

The word “employee” shall also include all minors who work for an employer, whether or not such minors are employed in violation of law, and all such minors are hereby made of full age for all purposes under, in connection with, or arising out of this chapter. The word “employee” shall not include an individual who is the owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies. The word “employee” also shall not include any person performing services for board, lodging, aid, or sustenance received from any religious, charitable, or relief organization.

2. The word “accident” as used in this chapter shall mean an unexpected traumatic event or unusual strain identifiable by time and place of occurrence and producing at the time objective symptoms of an injury caused by a specific event during a single work shift. An injury is not compensable because work was a triggering or precipitating factor.

3. (1) In this chapter the term “injury” is hereby defined to be an injury which has arisen out of and in the course of employment. An injury by accident is compensable only if the accident was the prevailing factor in causing both the resulting medical condition and disability. “The prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability.

(2) An injury shall be deemed to arise out of and in the course of the employment only if:

(a) It is reasonably apparent, upon consideration of all the circumstances, that the accident is the prevailing factor in causing the injury; and

(b) It does not come from a hazard or risk unrelated to the employment to which workers would have been equally exposed outside of and unrelated to the employment in normal nonemployment life.

(3) An injury resulting directly or indirectly from idiopathic causes is not compensable.

(4) A cardiovascular, pulmonary, respiratory, or other disease, or cerebrovascular accident or myocardial

infarction suffered by a worker is an injury only if the accident is the prevailing factor in causing the resulting medical condition.

(5) The terms “injury” and “personal injuries” shall mean violence to the physical structure of the body and to the personal property which is used to make up the physical structure of the body, such as artificial dentures, artificial limbs, glass eyes, eyeglasses, and other prostheses which are placed in or on the body to replace the physical structure and such disease or infection as naturally results therefrom. These terms shall in no case except as specifically provided in this chapter be construed to include occupational disease in any form, nor shall they be construed to include any contagious or infectious disease contracted during the course of the employment, nor shall they include death due to natural causes occurring while the worker is at work.

4. “Death” when mentioned as a basis for the right to compensation means only death resulting from such violence and its resultant effects occurring within three hundred weeks after the accident; except that in cases of occupational disease, the limitation of three hundred weeks shall not be applicable.

5. Injuries sustained in company-owned or subsidized automobiles in accidents that occur while traveling from the employee’s home to the employer’s principal place of business or from the employer’s principal place of business to the employee’s home are not compensable. The extension of premises doctrine is abrogated to the extent it extends liability for accidents that occur on property not owned or controlled by the employer even if the accident occurs on customary, approved, permitted, usual or accepted routes used by the employee to get to and from their place of employment.

6. The term “total disability” as used in this chapter shall mean inability to return to any employment and not merely mean inability to return to the employment in which the employee was engaged at the time of the accident.

7. As used in this chapter and all acts amendatory thereof, the term “commission” shall hereafter be construed as meaning and referring exclusively to the labor and industrial relations commission of Missouri, and the term “director” shall hereafter be construed as meaning the director of the department of insurance, financial institutions and professional registration of the state of Missouri or such agency of government as shall exercise the powers and duties now conferred and imposed upon the department of insurance, financial institutions and professional registration of the state of Missouri.

8. The term “division” as used in this chapter means the division of workers’ compensation of the department of labor and industrial relations of the state of Missouri.

9. For the purposes of this chapter, the term “minor” means a person who has not attained the age of eighteen years; except that, for the purpose of computing the compensation provided for in this chapter, the provisions of section 287.250 shall control.

10. In applying the provisions of this chapter, it is the intent of the legislature to reject and abrogate earlier case law interpretations on the meaning of or definition of “accident”, “occupational disease”, “arising out of”, and “in the course of the employment” to include, but not be limited to, holdings in: *Bennett v. Columbia Health Care and Rehabilitation*, 80 S.W.3d 524 (Mo.App. W.D. 2002); *Kasl v. Bristol Care, Inc.*, 984 S.W.2d 852 (Mo.banc 1999); and *Drewes v. TWA*, 984 S.W.2d 512 (Mo.banc 1999) and all cases citing, interpreting, applying, or following those cases.

11. For the purposes of this chapter, “occupational diseases due to toxic exposure” shall only include

the following: mesothelioma, asbestosis, berylliosis, coal worker's pneumoconiosis, bronchiolitis obliterans, silicosis, silicotuberculosis, manganism, acute myelogenous leukemia, and myelodysplastic syndrome.

287.040. 1. Any person who has work done under contract on or about his premises which is an operation of the usual business which he there carries on shall be deemed an employer and shall be liable under this chapter to such contractor, his subcontractors, and their employees, when injured or killed on or about the premises of the employer while doing work which is in the usual course of his business.

2. The provisions of this section shall not apply to the owner of premises upon which improvements are being erected, demolished, altered or repaired by an independent contractor but such independent contractor shall be deemed to be the employer of the employees of his subcontractors and their subcontractors when employed on or about the premises where the principal contractor is doing work.

3. In all cases mentioned in the preceding subsections, the immediate contractor or subcontractor shall be liable as an employer of the employees of his subcontractors. All persons so liable may be made parties to the proceedings on the application of any party. The liability of the immediate employer shall be primary, and that of the others secondary in their order, and any compensation paid by those secondarily liable may be recovered from those primarily liable, with attorney's fees and expenses of the suit. Such recovery may be had on motion in the original proceedings. No such employer shall be liable as in this section provided, if the employee was insured by his immediate or any intermediate employer.

4. The provisions of this section shall not apply to the relationship between a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041 or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies, and an owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle.

288.035. Notwithstanding the provisions of section 288.034, in the case of an individual who is the owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire common or contract motor vehicle carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation or any of its subagencies, such owner/operator shall not be deemed to be an employee, provided, however, such individual owner and operator shall be deemed to be in employment if the for-hire common or contract vehicle carrier is an organization described in Section 501(c)(3) of the Internal Revenue Code or any governmental entity.

301.010. As used in this chapter and sections 304.010 to 304.040, 304.120 to 304.260, and sections 307.010 to 307.175, the following terms mean:

On vehicles purchased during a year that is more than six years after the manufacturer’s model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation

of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as “junk”, as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.

3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to [subdivision (51) of] section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190.

Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification **card** along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. No towaway trailer transporter combination vehicles operated upon the interstate and designated primary highway system of this state shall have an overall length of more than eighty-two feet.

11. The [highways and transportation] commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8, [and] 9, **and 10** of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8, [and] 9, **and 10** of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

[11.] **12.** Except as provided in subsections 5, 6, 7, 8, 9, [and] 10, **and 11** of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway[, except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles].

[12.] **13.** (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

[13.] **14.** As used in this chapter the term “implements of husbandry” means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

[14.] **15.** Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires. Such units shall observe all axle weight limits. The [chief engineer of the state transportation department] **commission** shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.

304.180. 1. No vehicle or combination of vehicles shall be moved or operated on any highway in this state having a greater weight than twenty thousand pounds on one axle, no combination of vehicles operated by transporters of general freight over regular routes as defined in section 390.020 shall be moved or

operated on any highway of this state having a greater weight than the vehicle manufacturer's rating on a steering axle with the maximum weight not to exceed twelve thousand pounds on a steering axle, and no vehicle shall be moved or operated on any state highway of this state having a greater weight than thirty-four thousand pounds on any tandem axle; the term "tandem axle" shall mean a group of two or more axles, arranged one behind another, the distance between the extremes of which is more than forty inches and not more than ninety-six inches apart.

2. An "axle load" is defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes forty inches apart, extending across the full width of the vehicle.

3. Subject to the limit upon the weight imposed upon a highway of this state through any one axle or on any tandem axle, the total gross weight with load imposed by any group of two or more consecutive axles of any vehicle or combination of vehicles shall not exceed the maximum load in pounds as set forth in the following table:

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the [state highways and transportation] commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of [Section 127 of Title 23 of the United States Code] **P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.**

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, [and] 10, **12, and 13** of this section.

7. Notwithstanding any provision of this section to the contrary, the [department of transportation] **commission** shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The [department of transportation] **commission** shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk, from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

11. Notwithstanding any provision of this section or any other law to the contrary, the [department of transportation] **commission** shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the **department of transportation** motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The [department of transportation] **commission** shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

12. **Notwithstanding any provision of this section or any other law to the contrary, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear drive steer axle.**

13. **Notwithstanding any provision of this section or any other law to the contrary, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this**

state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds.”; and

2. Prior to August 1, 2002, the provisions of section 407.817, subdivisions (13), (17) and (18) of section 407.825 and section 407.826 shall not apply to recreational vehicle dealers or manufacturers.

3. As of August 1, 2002, the term “motor vehicle” as used in sections 407.810 to 407.835 shall not apply to recreational vehicles as defined in section 407.1320.”; and

“304.170. 1. No vehicle operated upon the highways of this state shall have a width, including load, in excess of one hundred two inches, except clearance lights, rearview mirrors or other accessories required by federal, state or city law or regulation. Provided however, a recreational vehicle as defined in section 700.010 may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

3. No single motor vehicle operated upon the highways of this state shall have a length, including load, in excess of forty-five feet, except as otherwise provided in this section.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. **Notwithstanding**

any provision of this section to the contrary, an articulated bus, comprised of two or more sections connected by a flexible joint or other mechanism, may be up to sixty feet in length, not including safety bumpers which may extend one foot in front and one foot in the rear, and not including bicycle storage racks which may extend over the safety bumper by up to five feet when in the down position transporting a bicycle. The term “safety bumper” means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of **Pub. L. 97-424 codified in Title 23 of the United States Code [(Public Law 97-424)] (23 U.S.C. Section 101 et al.), as amended**, no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of **Pub. L. 97-424 codified in Title 23 of the United States Code [(Public Law 97-424)] (23 U.S.C. Section 101 et al.), as amended**, no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations, stinger-steered combination automobile transporters and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

8. Driveaway saddlemount combinations having a length not in excess of ninety-seven feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount combinations must comply with the safety requirements of Section 393.71 of Title 49 of the Code of Federal Regulations and may contain no more than three saddlemounted vehicles and one fullmount.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

11. Except as provided in subsections 5, 6, 7, 8, 9 and 10 of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway, except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered combinations or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles.

12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

13. As used in this chapter the term "implements of husbandry" means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

14. Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires.

Such units shall observe all axle weight limits. The chief engineer of the state transportation department shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

applicable provisions contained in this chapter governing administration, collection, and enforcement of the state motor fuel tax shall apply to the tax imposed on propane gas including, but not limited to, licensing, reporting, penalties, and interest;

(7) If a natural gas, compressed natural gas, [or] liquefied natural gas, **electric, or propane** connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, [or] liquefied natural gas, **electricity, or propane** used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax.

The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for

a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

5. The director shall annually, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. **This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.**

[5.] 6. Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

[6.] 7. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations

promulgated by the director.

[7.] **8.** It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal **unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.**

[8.] **9.** No person shall cause to be put, or put, [LP gas] **any alternative fuel** into the fuel supply receptacle **or battery** of a motor vehicle required to have an alternative fuel decal unless the motor vehicle **either** has a valid decal attached to it **or the appropriate motor fuel tax is collected at the time of such fueling.** [Sales of fuel placed in the supply receptacle of a motor vehicle displaying such decal shall be recorded upon an invoice, which invoice shall include the decal number, the motor vehicle license number and the number of gallons placed in such supply receptacle.]

[9.] **10.** Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

[10.] **11.** Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter.

“Further amend said bill, Page 2, Section 307.175, Line 23, by inserting after all of said section and line the following:

“307.178. 1. As used in this section, the term “passenger car” means every motor vehicle designed for carrying ten persons or less and used for the transportation of persons; except that, the term “passenger car” shall not include motorcycles, motorized bicycles, motor tricycles, and trucks with a licensed gross weight of twelve thousand pounds or more. The provisions of this section shall be uniform and in full effect in all political subdivisions of this state.

2. Each driver, except persons employed by the United States Postal Service while performing duties for that federal agency which require the operator to service postal boxes from their vehicles, or which require frequent entry into and exit from their vehicles, and front seat passenger of a passenger car manufactured after January 1, 1968, operated on a street or highway in this state, and persons less than eighteen years of age operating or riding in a truck, as defined in section 301.010, on a street or highway of this state shall wear a properly adjusted and fastened safety belt that meets federal National Highway, Transportation and Safety Act requirements. No person shall be stopped, inspected, or detained solely to determine compliance with this subsection. The provisions of this section and section 307.179 shall not be applicable to persons who have a medical reason for failing to have a seat belt fastened about their body, nor shall the provisions of this section be applicable to persons while operating or riding a motor vehicle being used in agricultural work-related activities. Noncompliance with this subsection shall not constitute probable cause for violation of any other provision of law. The provisions of this subsection shall not apply to the transporting of children under sixteen years of age, as provided in section 307.179.

3. Each driver of a motor vehicle transporting a child less than sixteen years of age shall secure the child in a properly adjusted and fastened restraint under section 307.179.

4. In any action to recover damages arising out of the ownership, common maintenance or operation of a motor vehicle, failure to wear a safety belt in violation of this section shall not be considered evidence of comparative negligence. Failure to wear a safety belt in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt in violation of this section must first introduce expert evidence proving that a failure to wear a safety belt contributed to the injuries claimed by plaintiff;

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt in violation of this section contributed to the plaintiff's claimed injuries, and may reduce the amount of the plaintiff's recovery by an amount not to exceed one percent of the damages awarded after any reductions for comparative negligence.

5. Except as otherwise provided for in section 307.179, each person who violates the provisions of subsection 2 of this section is guilty of an infraction for which a fine not to exceed ten dollars may be imposed. All other provisions of law and court rules to the contrary notwithstanding, no court costs shall be imposed on any person due to a violation of this section. In no case shall points be assessed against any person, pursuant to section 302.302, for a violation of this section.

6. The state highways and transportation commission shall initiate and develop a program of public information to develop understanding of, and ensure compliance with, the provisions of this section. The commission shall evaluate the effectiveness of this section and shall include a report of its findings in the annual evaluation report on its highway safety plan that it submits to NHTSA and FHWA pursuant to 23 U.S.C. 402.

7. If there are more persons than there are seat belts in the enclosed area of a motor vehicle, then the passengers who are unable to wear seat belts shall sit in the area behind the front seat of the motor vehicle unless the motor vehicle is designed only for a front-seated area. The passenger or passengers occupying a seat location referred to in this subsection is not in violation of this section. This subsection shall not apply to passengers who are accompanying a driver of a motor vehicle who is licensed under section 302.178.”;

HOUSE AMENDMENT NO. 9

Amend Senate Bill No. 8, Page 1, Section A, Line 2, by inserting after all of said line the following:

“304.120. 1. Municipalities, by ordinance, may establish reasonable speed regulations for motor vehicles within the limits of such municipalities. No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

(1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;

(2) Establish one-way streets and provide for the regulation of vehicles thereon;

(3) Require vehicles to stop before crossing certain designated streets and boulevards;

(4) Limit the use of certain designated streets and boulevards to passenger vehicles, except that each municipality shall allow at least one route, with lawful traffic movement and access from both directions, to be available for use by commercial motor vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize a municipality to limit the use of all routes in the municipality. **The use by commercial motor vehicles of a municipality-designated route for such vehicles in compliance with any ordinances of the designating municipality shall not be deemed a nuisance or evidence of a nuisance. Nothing contained in this subdivision is intended to modify or limit recovery for any claim that is independent of a nuisance claim;**

(5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound-producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

4. No ordinance shall impose liability on the owner-lessor of a motor vehicle when the vehicle is being permissively used by a lessee and is illegally parked or operated if the registered owner-lessor of such vehicle furnishes the name, address and operator’s license number of the person renting or leasing the

vehicle at the time the violation occurred to the proper municipal authority within three working days from the time of receipt of written request for such information. Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial motor vehicles on all routes within the municipality. For purposes of this section, the term “route” shall mean any state road, county road, or public street, avenue, boulevard, or parkway.

6. No ordinance shall prohibit the operator of a motor vehicle from being in an intersection while a red signal is being displayed if the operator of the motor vehicle entered the intersection during a yellow signal interval. The provisions of this subsection shall supercede any local laws, ordinances, orders, rules, or regulations enacted by a county, municipality, or other political subdivision that are to the contrary.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE CONCURRENT RESOLUTION NO. 17

WHEREAS, meningococcal disease is any infection caused by the bacterium *Neisseria meningitidis*, or meningococcus. Although 1 in 10 people are carriers for this bacteria with no signs or symptoms of disease, sometimes *Neisseria meningitidis* bacteria can cause illness; and

WHEREAS, meningococcal disease is spread from person to person via the exchange of the bacteria through respiratory and throat secretion during close or lengthy contact; and

WHEREAS, in the U.S. there are approximately 1,000 to 1,200 cases of meningococcal disease that occur each year; and

WHEREAS, 10 to 15 percent of infected individuals will die, while 11 to 19 percent of those who live will suffer from serious morbidity, including loss of limbs and impacts to the nervous system; and

WHEREAS, infants under one year of age as well as young adults between the ages of 16 and 21 are most commonly impacted by this disease; and

WHEREAS, there are different strains or serogroups of *Neisseria meningitidis*, with serogroups B, C, and Y accounting for most meningococcal diseases in the U.S.; and

WHEREAS, there have been several recent outbreaks of serogroup B meningococcal disease on college campuses, with some cases resulting in death; and

WHEREAS, vaccines are available to prevent meningococcal disease, and different vaccines provide coverage against certain specific serogroups of the disease; and

WHEREAS, while there are vaccines that help provide protection against all three serogroups (B, C, and Y) commonly seen in the U.S., only vaccination for serogroups A, C, W, and Y is routinely recommended by the Centers for Disease Control and Prevention; and

WHEREAS, the Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices recommends that decisions to vaccinate adolescents and young adults 16 through 23 years of age against serogroup B meningococcal disease should be made at the individual level with health care providers; and

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-ninth General Assembly, First Regular Session, the Senate concurring therein, hereby find that the recent incidence of meningococcal disease has served as a reminder of the critical role vaccinations play in helping to prevent this devastating illness; and

BE IT FURTHER RESOLVED that the Department of Health and Senior Services take all reasonable steps to urge all private and public high schools, colleges, and universities in Missouri to provide information to all students and parents about meningococcal disease, explaining the different disease serogroups, symptoms, risks, and treatment; and

Category B recommendations, with specific information as to those persons at higher risk for the disease; and

MESSAGES FROM THE HOUSE

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has

taken up and passed **HCR 7**.

HOUSE CONCURRENT RESOLUTION NO. 7

WHEREAS, extensive and credible reports have revealed mass killing of prisoners of conscience in the People's Republic of China, primarily practitioners of the spiritual-based exercises of Falun Gong, but also other religious and ethnic minority groups, in order to obtain organs for transplants; and

WHEREAS, the organ transplantation system in China does not comply with the World Health Organization's Guiding Principles of traceability and transparency in organ procurement pathways, and the government of the People's Republic of China has resisted independent scrutiny of the system; and

WHEREAS, traditional Chinese custom requires bodies to be preserved intact after death. With rare voluntary organ donation, however, China's transplantation industry significantly increased since 2000; and

WHEREAS, the Department of State Country Report on Human Rights for China for 2011 stated, "Overseas and domestic media and advocacy groups continued to report instances of organ harvesting, particularly from Falun Gong practitioners and Uighurs"; and

WHEREAS, a new investigative report, published in June 2016, conducted by human rights attorney David Matas, former Canadian Secretary of State for Asia-Pacific David Kilgour, and journalist Ethan Gutmann, estimated that China is performing 60,000 to 100,000 transplants per year as opposed to 10,000 transplants claimed by the Chinese government, which is "an industrial-scale, state-directed organ transplantation system, controlled through national policies and funding, and implicating both the military and civilian healthcare systems."; and

WHEREAS, China's Liver Transplant Registry System indicated that more than twenty-five percent of cases were emergency transplants, for which an organ was found within days or even hours. Wait times for nonemergency liver transplants were usually quoted in weeks. Most patients in other countries have to wait years for a transplant; and

WHEREAS, the Chinese government claims that ninety percent of China's organ transplant sources come from executed prisoners. However, the number of executions has dropped ten percent annually since 2002 and is far less than the number of transplants taking place. The government has never acknowledged the sourcing of organs from prisoners of conscience; and

WHEREAS, Falun Gong, a spiritual practice involving meditative "qigong" exercises and centered on the values of truthfulness, compassion, and forbearance, became immensely popular in China in the 1990s, with multiple estimates placing the number of practitioners at upwards of 70 million; and

WHEREAS, in July 1999, the Chinese Communist Party launched an intensive, nationwide persecution, including physical and mental torture, designed to eradicate the spiritual practice of Falun Gong, reflecting the party's long-standing intolerance of large independent civil society groups; and

WHEREAS, since 1999, hundreds of thousands of Falun Gong practitioners have been detained extralegally in Chinese reeducation-through-labor camps, detention centers, and prisons, where torture, abuse, and implausible medical exams and blood tests on Falun Gong practitioners are routine; and

WHEREAS, Freedom House reported in 2015 that Falun Gong practitioners comprise the largest portion of prisoners of conscience in China and face an elevated risk of dying or being killed in custody; and

WHEREAS, the United Nations Committee Against Torture and the Special Rapporteur on Torture have expressed concern over the allegations of organ harvesting from Falun Gong prisoners and have called on the Government of the People's Republic of China to increase accountability and transparency in the organ transplant system and punish those responsible for abuses; and

WHEREAS, in June 2016, the United States House of Representatives unanimously passed House Resolution 343, condemning the systematic, state-sanctioned organ harvesting from Falun Gong and other prisoners of conscience; and

WHEREAS, the killing of religious or political prisoners for the purpose of selling their organs for transplant is an egregious and intolerable violation of the fundamental right to live; and

WHEREAS, organ tourism to China should not be shielded by medical confidentiality, but openly monitored. No nation should allow their citizens to go to China for organs until China has allowed a full investigation into organ harvesting of prisoners of conscience, both past and present:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-ninth General Assembly, First Regular Session, the Senate concurring therein, hereby:

(1) Call on the Government of the People's Republic of China to immediately end the practice of organ harvesting from all prisoners and prisoners of conscience, and explicitly from Falun Gong prisoners of conscience and members of other religious and ethnic minority groups;

(2) Call upon the Government of the People's Republic of China to immediately end the 17-year persecution of the Falun Gong and release all Falun Gong practitioners and other prisoners of conscience;

(3) Call upon the President of the United States to undertake a full and transparent investigation by the United States Department of State

into organ transplant practices in the People's Republic of China, and call for the prosecution of those found to have engaged in such unethical practices;

(4) Encourage the medical community of Missouri to engage in educating colleagues and residents of Missouri about the risks of travel to China for organ transplants so as to help prevent Missouri citizens from unwittingly becoming involved in murder in the form of forced organ harvesting from prisoners of conscience; and

(5) Agree to take measures to ban the entry of those who have participated in illegal removal of human tissues and organs, and seek prosecution of such individuals should they be found on the soil of Missouri; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the President and Vice President of the United States, the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the chair of the Senate Committee on Foreign Affairs, the chair of the House Committee on Foreign Relations, and Missouri's Senators and Representatives in Congress.

In which the concurrence of the Senate is respectfully requested.

Journal of the Senate

FIRST REGULAR SESSION

SIXTIETH DAY—WEDNESDAY, APRIL 26, 2017

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“We have to pray with our eyes on God, not on the difficulties.” (Oswald Chambers)

We know these days increase with tension for we approach our final 2 weeks when this session will end and our work for this time will cease and yet we have much we still want to accomplish. Helps us to keep our eyes on You and not the problems and conflict we see about us so our efforts are true and directed in what You see as truly important that we can bring to completion. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

(c) As of the date of such agreement, such entity or political corporation shall have complied with subdivision (3) of this subsection;

(3) Prior to entering into any agreements pursuant to subdivision (1) or (2) of this subsection, the governing body of the entity or political corporations entering into such agreements shall have adopted a written policy governing such agreements. Such policy shall be prepared by integrating the recommended practices published by the Government Finance Officers Association or comparable nationally recognized

professional organization and shall provide guidance with respect to the permitted purposes, authorization process, mitigation of risk factors, ongoing oversight responsibilities, market disclosure, financial strategy, and any other factors in connection with such agreements determined to be relevant by the governing body of such entity or political corporation. 9. The state treasurer shall make available to municipalities, political subdivisions, or districts listed under subsection 1 of this section relevant information regarding debt issuance and bidding processes, including best practices resources published by a national association of government finance officers on debt issuance, to aid such entities with the process of issuing debt and awarding bonds to the best bidder.”; and

HOUSE AMENDMENT NO. 2 TO
HOUSE AMENDMENT NO. 2

Amend House Amendment No. 2 to House Committee Substitute for Senate Bill No. 111, Page 1, Line 8, by inserting after the word “**office.**” the following:

“135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof, if said political subdivision or municipality levies ad valorem taxes, for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years [following the date on which

the original enhanced enterprise zone was designated by the department], **provided, however, that during the ten years prior to the expiration of an enhanced enterprise zone no exemption shall be granted for a period of more than ten years.**

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027.”; and

“169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 shall be the retirant’s number of years of creditable service multiplied by a percentage of the retirant’s average final compensation, determined as follows:

(1) A retirant whose last employment as a regular employee ended prior to June 30, 1999, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant’s number of years of creditable service multiplied by one and three-fourths percent of the person’s average final compensation, subject to a maximum of sixty percent of the person’s average final compensation;

(2) A retirant whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant’s number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person’s average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993;

(3) A retirant who was an active member of the retirement system at any time on or after June 30, 1999, and who either retires before January 1, 2014, or is a member of the retirement system on December 31, 2013, and remains a member continuously to retirement shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant’s number of years of creditable service multiplied by two percent of the person’s average final compensation, subject to a maximum of sixty percent of the person’s final compensation;

(4) A retirant who becomes a member of the retirement system on or after January 1, 2014, including any retirant who was a member of the retirement system before January 1, 2014, but ceased to be a member for any reason other than retirement, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant’s number of years of creditable service multiplied by one and three-fourths percent of the person’s average final compensation, subject to a maximum of sixty percent of the person’s average final compensation;

(5) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection, effective January 1, 1996, any retirant who retired on, before or after January 1, 1996, with at least twenty years of creditable

service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retirant elected any of the options available under section 169.326. Any retirant who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retirant elected any of the options available under section 169.326). Any beneficiary of a deceased retirant who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331[, 169.580] and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system. **In addition to the conditions set forth above, the restrictions of this subsection shall also apply to any person retired and currently receiving a retirement allowance under sections 169.270 to 169.400, other than for disability, who is employed by a third party or is performing work as an independent contractor if the services performed by such person are provided to or for the benefit of any employer in the retirement system established under section 169.280. The retirement system may require the employer receiving such services, the third-party employer, the independent contractor, and the retirant subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retirant to have exceeded the limitations provided for in this subsection.** If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331[, 169.580,] or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average final annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second

retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the then applicable employer and member contribution rate as determined under subsection 4 of section 169.350;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such

period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.560. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a district included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the [employing] district's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the [employing] school district does not utilize a salary schedule, or if the position in question is not subject to the [employing] district's salary schedule, a retiree employed in accordance with the provisions of this section may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position in the [employing] school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such a district [on a regular, full-time basis,] **in excess of the limitations set forth in this section,** the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. **In addition, such person [and] shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this section shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work in a district included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the district, the third-party employer, the independent contractor, and the retiree subject to this section to provide documentation showing compliance with this section. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this section."**; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any member or vested former member receiving long-term disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Option 1. A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each

year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the retiree's death, fifty percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 2. A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-one percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of four-tenths of one percent for each year the retiree's age is younger than sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of five-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of five-tenths of one percent for each year of age difference; provided, after all adjustments the option 2 percent cannot exceed eighty-seven and three quarter percent. Upon the retiree's death one hundred percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3. A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

Option 4. A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the retiree dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred eighty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

11. The provisions of subsection 6 of section 104.1024 shall not apply to members covered by this section.

HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 62, Page 8, Section 169.141, Line 33, by inserting immediately after said section and line the following:

“169.460. 1. Any member may retire and receive a normal pension upon his **or her** written application to the board of trustees setting forth at what time not less than fifteen days nor more than one hundred eighty days subsequent to the execution and filing of such application he **or she** desires to be retired; provided, that the member at the time so specified for his **or her** retirement either (a) shall have attained age sixty-five or (b) shall have attained an age which when added to the number of years of credited service of such member shall total a sum not less than [eighty-five] **eighty**. For purposes of computing any member's age under this section, the board shall, if necessary, add to his **or her** actual age any accumulated and unused days of sick leave included in his **or her** credited service.

2. Upon retirement [pursuant to] **under** subsection 1 of this section, a member shall receive an annual pension payable in monthly installments **in the following manner:**

(1) A member hired prior to January 1, 2018, shall receive an annual pension payable in monthly installments equal to his or her number of years of credited service multiplied by two percent of his or her average final compensation subject to a maximum pension of sixty percent of his or her average final compensation[.]; or

(2) A member hired for the first time on or after January 1, 2018, shall receive an annual pension payable in monthly installments equal to his or her number of years of credited service multiplied by one and three-fourths percent of such member's average final compensation subject to a maximum pension of sixty percent of the member's average final compensation.

3. A member who is not eligible for normal pension pursuant to subsection 1 of this section but who has attained age sixty and has five or more years of credited service may make application in the same manner as pursuant to subsection 1 of this section for an early pension. His **or her** early pension shall be computed pursuant to subsection 2 of this section, but shall be reduced by five-ninths of one percent for each month such member's early retirement date precedes the earliest date he **or she** could have received a normal pension pursuant to subsection 1 of this section had his **or her** service continued.

4. Upon the written application of the member or of the employing board, any active member who has five or more years of credited service with such board and does not qualify for a normal pension pursuant to subsection 1 of this section may be retired by the board of trustees, not less than fifteen days and not more than one hundred eighty days next following the date of filing such application, and receive a disability pension, provided, that the medical board after a medical examination of such member or such member's medical records shall certify that such member is unable to further perform his **or her** duties due to mental or physical incapacity, and that such incapacity is likely to be permanent and that such member should be retired; or, provided the member furnishes evidence of the receipt of disability benefits under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act. The determination of the board of trustees in the matter shall be final and conclusive. A member being retired pursuant to this subsection who has accumulated unused vacation and sick leave may elect to have the commencement of his **or her** disability pension deferred for more than one hundred eighty days during the period he **or she** is entitled to vacation and sick pay.

5. Upon retirement for disability, a member shall receive a disability pension until such time as he **or she** meets the requirements for a normal pension pursuant to subsection 1 of this section, at which time his **or her** disability pension will be deemed to be a normal pension. The member's disability pension shall be the larger of:

(1) A normal pension based on his **or her** credited service to the date of his **or her** retirement for disability and calculated as if he **or she** were age sixty-five; or

(2) One-fourth of his **or her** average final compensation; except that such benefit shall not exceed the normal pension which he **or she** would have received upon retirement if his **or her** service had continued and he **or she** had satisfied the eligibility requirements of subsection 1 of this section and had his **or her** final average compensation been unchanged.

6. Once each year during the first five years following retirement for disability and once in every three-year period thereafter while receiving a disability pension, the board of trustees may, and shall, require any member receiving a disability pension who has not yet become eligible for a normal pension pursuant to

subsection 1 of this section to undergo a medical examination at a place designated by the medical board or by a physician or physicians designated by such board. If any such member receiving a disability pension refuses to submit to such medical examination, his **or her** benefit may be discontinued until his **or her** withdrawal of such refusal, and if his **or her** refusal continues for one year, all rights in and to his **or her** pension may be revoked by the board of trustees.

7. If the board of trustees finds that any member receiving a disability pension is engaged in or is able to engage in a gainful occupation paying more than the difference between his **or her** disability pension plus benefits, if any, to which he **or she** and his **or her** family are eligible under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act and the current rate of monthly compensation for the position he **or she** held at retirement, then the amount of his **or her** disability pension shall be reduced to an amount which together with the amount earnable by him **or her** shall equal such current rate of monthly compensation. The decisions of the board of trustees in regard to such modification of disability benefits shall be final and conclusive.

8. If any member receiving a disability pension is restored to service as an employee, he **or she** shall again become an active member of the retirement system and contribute thereunder. His **or her** credited service at the time of his **or her** retirement for disability shall be restored and the excess of his **or her** accumulated contributions at his **or her** retirement for disability over the total disability pension payments which he **or she** received shall be credited to his **or her** account.

9. If a member with fewer than five years credited service ceases to be an employee, except by death, he **or she** shall be paid the amount of his **or her** accumulated contributions in accordance with applicable provisions of the Internal Revenue Code.

10. If a member with five years or more credited service ceases to be an employee, except by death or retirement, he **or she** shall be paid on demand the amount of his **or her** accumulated contributions, or he **or she** may leave his **or her** accumulated contributions with the retirement system and be an inactive member and claim a retirement benefit at any time after he **or she** reaches the minimum age for retirement, except that if such a member's accumulated contributions do not exceed the involuntary distribution limits under provisions of the Internal Revenue Code, the member must elect to become an inactive member within thirty days of employment separation to avoid application of the involuntary distribution provisions of the Internal Revenue Code. When an inactive member presents his **or her** valid claim to the board of trustees, he **or she** shall be granted a benefit at such time and for such amount as is available pursuant to subsection 2 or 3 of this section in accordance with the provisions of law in effect at the time his **or her** active membership ceased. The accumulated contributions of an inactive member may be withdrawn at any time upon ninety days' notice or such shorter notice as is approved by the board of trustees. If an inactive member dies before retirement, his **or her** accumulated contributions shall be paid to his **or her** designated beneficiary, if living, otherwise to the estate of the member. A member's accumulated contributions shall not be paid to him **or her** so long as he **or she** remains in service as an employee.

11. Any member upon retirement shall receive his **or her** pension payable throughout life subject to the provision that if his **or her** death occurs before he **or she** has received total benefits at least as large as his **or her** accumulated contributions at retirement, the difference shall be paid in one sum to his **or her** designated beneficiary, if living, otherwise to the estate of the retired member.

12. Prior to the date of retirement pursuant to subsection 2, 3, or 4 of this section, a member may elect to receive the actuarial equivalent of his **or her** pension in a lesser amount, payable throughout life under

one of the following options with the provision that:

Option 1. Upon his **or her** death, his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 2. Upon his **or her** death, one-half of his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 3. Upon his **or her** death, his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted effective the first day of the month following the month in which his **or her** designated beneficiary died to the amount determined pursuant to subsection 2 or 3 of this section at the time of his **or her** retirement, or

Option 4. Upon his **or her** death, one-half of his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted effective the first day of the month following the month in which his **or her** designated beneficiary died to the amount determined pursuant to subsection 2 or 3 of this section at the time of his **or her** retirement.

Option 5. Prior to age sixty-two the member will receive an increased pension, where the total pension prior to age sixty-two is approximately equal to the pension after age sixty-two plus the member's estimated federal Social Security benefit, provided that the reduced pension after age sixty-two is not less than one-half the pension the member could have received had no option been elected. A member may elect a combination of Option 1 and Option 5, or Option 2 and Option 5. The survivor benefits payable to a beneficiary, other than the spouse of the retired member, under any of the foregoing options shall in no event exceed fifty percent of the actuarial equivalent of the pension determined pursuant to subsection 2 or 3 of this section at the time of retirement.

13. If an option has been elected pursuant to subsection 12 of this section, and both the retired member and beneficiary die before receiving total benefits as large as the member's accumulated contributions at retirement, the difference shall be paid to the designated beneficiary of the person last entitled to benefits, if living, otherwise to the estate of the person last entitled to benefits.

14. If an active member dies while an employee and with five or more years of credited service and a dependent of the member is designated as beneficiary to receive his **or her** accumulated contributions, such beneficiary may, in lieu thereof, request that benefits be paid under option 1, subsection 12 of this section, as if the member had attained age sixty, if the member was less than sixty years of age at the time of his **or her** death, and had retired under such option as of the date of death, provided that under the same circumstances a member may provide by written designation that benefits must be paid pursuant to option 1 to such beneficiary. In addition to benefits received under option 1, subsection 12 of this section, a surviving spouse receiving benefits under this subsection shall receive sixty dollars per month for each unmarried dependent child of the deceased member who is under twenty-two years of age and is in the care of the surviving spouse; provided, that if there are more than three such unmarried dependent children one hundred eighty dollars shall be divided equally among them. A "dependent beneficiary" for the purpose of this subsection only shall mean either the surviving spouse or a person who at the time of the death of the member was receiving at least one-half of his **or her** support from the member, and the determination of the board of trustees as to whether a person is a dependent shall be final.

15. In lieu of accepting the payment of the accumulated contributions of a member who dies after having at least eighteen months of credited service and while an employee, an eligible beneficiary or, if no surviving eligible beneficiary, the unmarried dependent children of the member under twenty-two years of age may elect to receive the benefits pursuant to subdivision (1), (2), (3), or (4) of this subsection. An “eligible beneficiary” is the surviving spouse, unmarried dependent children under twenty-two years of age or dependent parents of the member, if designated as beneficiary. A “dependent” is one receiving at least one-half of his **or her** support from the member at his **or her** death.

(1) A surviving spouse who is sixty-two years of age at the death of the member or upon becoming such age thereafter, and who was married to the member at least one year, may receive sixty dollars per month for life. A spouse may receive this benefit after receiving benefits pursuant to subdivision (2) of this subsection;

(2) A surviving spouse who has in his or her care an unmarried dependent child of the deceased member under twenty-two years of age may receive sixty dollars per month plus sixty dollars per month for each child under twenty-two years of age but not more than a total of two hundred forty dollars per month;

(3) If no benefits are payable pursuant to subdivision (2) of this subsection, unmarried dependent children under the age of twenty-two may receive sixty dollars each per month; provided that if there are more than three such children one hundred eighty dollars per month shall be divided equally among them;

(4) A dependent parent upon attaining sixty-two years of age may receive sixty dollars per month as long as not remarried provided no benefits are payable at any time pursuant to subdivision (1), (2), or (3) of this subsection. If there are two dependent parents entitled to benefits, sixty dollars per month shall be divided equally between them;

(5) If the benefits pursuant to this subsection are elected and the total amount paid is less than an amount equal to the accumulated contributions of a member at his **or her** death, the difference shall be payable to the beneficiary or the estate of the beneficiary last entitled to benefits.

16. If a member receiving a normal pension again becomes an active member, his **or her** pension benefit payments shall cease during such membership and shall be resumed upon subsequent retirement together with such pension benefit as shall accrue by reason of his **or her** latest period of membership. Except as otherwise provided in section 105.269, a retired member may not receive a pension benefit for any month for which he **or she** receives compensation from an employing board, except he **or she** may serve as a part-time or temporary employee for not to exceed sixty days in any calendar year without becoming a member and without having his **or her** pension benefit discontinued. A retired member may also serve as a member of the board of trustees and receive any reimbursement for expenses allowed him **or her** because of such service without becoming an active member and without having his **or her** pension benefit discontinued or reduced.

17. Upon approval of the board of trustees, any member may make contributions in addition to those required. Any additional contributions shall be accumulated at interest and paid in addition to the benefits provided hereunder. The board of trustees shall make such rules and regulations as it deems appropriate in connection with additional contributions including limitations on amounts of contributions and methods of payment of benefits.

18. Notwithstanding any other provisions of this section, any member retiring on or after age sixty-five who has five or more years of credited service shall be entitled to an annual pension of the lesser of (a) an

amount equal to his **or her** number of years of credited service multiplied by one hundred twenty dollars, or (b) one thousand eight hundred dollars. Upon the death of such member, any benefits payable to the beneficiary of such member shall be computed as otherwise provided.

169.490. **1.** All the assets of the retirement system shall be held as one fund.

[1.] **2. (1) For any member hired before January 1, 2018,** the employing board shall cause to be deducted from the compensation of each member at every payroll period five percent of his **or her** compensation[, and].

(2) Beginning January 1, 2018, the percentage in subdivision (1) of this subsection shall increase one-half of one percent annually until such time as the percentage equals nine percent.

(3) For any member hired for the first time on or after January 1, 2018, the employing board shall cause to be deducted from the compensation of each member at every payroll period nine percent of such member's compensation.

(4) The amounts so deducted shall be transferred to the board of trustees and credited to the individual account of each member from whose compensation the deduction was made. In determining the amount earnable by a member in any payroll period, the board of trustees may consider the rate of earnable compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period; it may omit deduction from compensation for any period less than a full payroll period if the employee was not a member on the first day of the payroll period; and to facilitate the making of the deductions, it may modify the deduction required of any member by such amount as shall not exceed one-tenth of one percent of the compensation upon the basis of which such deduction was made.

[2]] **(5)** The deductions provided for herein are declared to be a part of the salary of the member and the making of such deductions shall constitute payments by the member out of his **or her** salary or earnings and such deductions shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for his **or her** full salary or compensation, and the making of said deductions and the payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.410 to 169.540.

[3]] **(6)** The employing board may elect to pay member contributions required by this section as an employer pick up of employee contributions under Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, and such contributions picked up by the employing board shall be treated as contributions made by members for all purposes of sections 169.410 to 169.540.

[2.] **3.** If a retired member receiving a pension pursuant to sections 169.410 to 169.540 is restored to active service and again becomes an active member of the retirement system, there shall be credited to his **or her** individual account an amount equal to the excess, if any, of his **or her** accumulated contributions at retirement over the total pension benefits paid to him **or her**.

[3.] **4.** Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage shall be fixed on the basis of the liabilities of the retirement system as shown by the annual actuarial valuation. The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance with generally accepted actuarial standards and that the unfunded

actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years. **The provisions of this subsection shall expire on December 31, 2017. Thereafter subsection 5 of this section shall apply.**

5. For calendar year 2018, the rate of contribution payable by each employer shall equal sixteen percent of the total compensation of all members employed by that employer. For each calendar year thereafter, the percentage rate of contribution payable by each employer of the total compensation of all members employed by that employer shall decrease one-half of one percent annually until calendar year 2032 when the rate of contribution payable by each employer shall equal nine percent of the total compensation of all members employed by that employer. For subsequent calendar years after 2032, the rate of contribution payable by each employer shall equal nine percent of the total compensation of all members employed by that employer.

[4.] **6.** The expense and contingency reserve shall be a reserve for investment contingencies and estimated expenses of administration of the retirement system as determined annually by the board of trustees.

[5.] **7.** Gifts, devises, bequests and legacies may be accepted by the board of trustees to be held and invested as a part of the assets of the retirement system and shall not be separately accounted for except where specific direction for the use of a gift is made by a donor.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. One thousand dollars of the salary authorized in this section shall be payable to the coroner only if the coroner has completed at least twenty hours of classroom instruction each calendar year relating to the operations of the coroner's office when approved by [a professional association of the county coroners of Missouri] **the Missouri Coroners' and Medical Examiners' Association** unless exempted from the training by the [professional association] **Missouri Coroners' and Medical Examiners' Association**. The [professional association approving the program] **Missouri Coroners' and Medical Examiners' Association** shall provide a certificate of completion to each coroner who completes the training program and shall send a list of certified coroners to the treasurer of each county. Expenses incurred for attending the training session may be reimbursed to the county coroner in the same manner as other expenses as may be appropriated for that purpose. (3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.”; and

Further amend said bill, Page 9, Section 169.715, Line 33, by inserting immediately after said section and line the following:

“193.145. 1. A certificate of death for each death which occurs in this state shall be filed with the local registrar, or as otherwise directed by the state registrar, within five days after death and shall be registered if such certificate has been completed and filed pursuant to this section. All data providers in the death registration process, including, but not limited to, the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers, sheriffs, attending physicians and resident physicians, physician assistants, assistant physicians, advanced practice registered nurses, and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons, shall be required to use and utilize any electronic death registration system required and adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services, or the director’s designee, to be operational and available to all data providers in the death registration process. However, should the person or entity that certifies the cause of death not be part of, or does not use, the electronic death registration system, the funeral director or person acting as such may enter the required personal data into the electronic death registration system and then complete the filing by presenting the signed cause of death certification to the local registrar, in which case the local registrar shall issue death certificates as set out in subsection 2 of section 193.265. Nothing in this section shall prevent the state registrar from adopting pilot programs or voluntary electronic death registration programs until such time as the system can be certified; however, no such pilot or voluntary electronic death registration program shall prevent the filing of a death certificate with the local registrar or the ability to obtain certified copies of death certificates under subsection 2 of section 193.265 until six months after such certification that the system is operational.

2. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed pursuant to the provisions of this section. The place where the body is found shall be shown as the place of death. The date of death shall be the date on which the remains were found.

3. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death if such place may be determined.

4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify and enter into the electronic death registration system:

(1) The personal data from the next of kin or the best qualified person or source available;

(2) The medical certification from the person responsible for such certification if designated to do so under subsection 5 of this section; and

(3) Any other information or data that may be required to be placed on a death certificate or entered into the electronic death certificate system including, but not limited to, the name and license number of the embalmer.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician, physician assistant, assistant physician, **or** advanced practice registered nurse in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician, physician assistant, assistant physician, advanced practice registered nurse or with the physician's, physician assistant's, assistant physician's, or advanced practice registered nurse's approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. The person authorized to complete the medical certification may, in writing, designate any other person to enter the medical certification information into the electronic death registration system if the person authorized to complete the medical certificate has physically or by electronic process signed a statement stating the cause of death. Any persons completing the medical certification or entering data into the electronic death registration system shall be immune from civil liability for such certification completion, data entry, or determination of the cause of death, absent gross negligence or willful misconduct. The state registrar may approve alternate methods of obtaining and processing the medical certification and filing the death certificate. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician, physician assistant, assistant physician, advanced practice registered nurse, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse for such certification. If the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall [complete and attest to the accuracy], either by signature or an approved electronic process, **complete and attest to the accuracy of** the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until

authorized by the medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar.

9. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of competent jurisdiction which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked “Presumptive”, show on its face the date of registration, and identify the court and the date of decree.

10. (1) The department of health and senior services shall notify all physicians, physician assistants, assistant physicians, and advanced practice registered nurses licensed under chapters 334 and 335 of the requirements regarding the use of the electronic vital records system provided for in this section.

(2) On or before August 30, 2015, the department of health and senior services, division of community and public health shall create a working group comprised of representation from the Missouri electronic vital records system users and recipients of death certificates used for professional purposes to evaluate the Missouri electronic vital records system, develop recommendations to improve the efficiency and usability of the system, and to report such findings and recommendations to the general assembly no later than January 1, 2016.

11. Notwithstanding any provision of law, if a coroner is not current or is without the approved training required under chapter 58, the department of health and senior services may prohibit such coroner from attesting to the accuracy of the certificate of death.”; and

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SECOND DAY—MONDAY, MAY 1, 2017

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“For darkness shall cover the earth, and thick darkness the peoples; but the Lord will arise upon you, and his glory will appear over you.”
(Isaiah 60:2)

Gracious God: We awakened again to a dark and dreary day and we know our need of Your light and its drawing power so we may see the beauty of the day You bring to us even while darkness covers our land. Let Your light lead us along a right pathway so we may serve You as we do our best for all the people of this state especially those who have suffered major devastation, injury and families who know death’s presence due to the storms this past weekend. We pray also that You will comfort and sustain all those who need Your presence in their lives and provide calm and healing to them. In Your Holy Name we pray. Amen.

Notice of Proposed Rule Change

Notice is hereby given by the Senator from the Third District of the one day notice required by rule of intent to put a motion to adopt the following rule change:

BE IT RESOLVED by the Senate of the Ninety-ninth General Assembly, First Regular Session, that Senate Rules 44 and 50 be amended to read as follows:

“Rule 44. Beginning on July first of each year, members and members-elect may deposit bills and joint resolutions for the next regular session with the secretary of the senate at any time. The secretary shall hold the bills and joint resolutions so deposited in the order filed. After the close of business on December first, the secretary shall assign numbers to bills and joint resolutions deposited in that office by seniority of the member first signing the measure, with a limit of [three bills or joint resolutions] one bill or joint resolution per rotation of the seniority list from the total number of measures deposited. All measures deposited through December first shall stand as pre-filed without further action by the member or member-elect. At the close of business on each day thereafter until the opening day of the session, bills and joint resolutions

received during the day shall be assigned numbers in the order in which the bill or joint resolution is filed with the secretary.

Once filed, bills and joint resolutions shall not be changed except to correct patent typographical, clerical or drafting errors that do not involve changes of substance, nor shall substitutions be made therefor. Any bill may be withdrawn but the number shall not be reassigned once a number has been given.

Seniority for the purposes of this rule shall be determined as follows:

- (1) Continuous senate service;
- (2) In the case of equal continuous senate service, majority party members shall have seniority over minority party members;
- (3) In the case of equal continuous senate service by members of the same party, prior non-continuous senate service;
- (4) In the case of equal continuous and prior non-continuous senate service by members of the same party, prior house service;
- (5) In the case of equal continuous and equal prior non-continuous senate service and equal prior house service by members of the same party, seniority shall be determined by the caucus of that party.

Rule 50. Referrals of bills and appointments to committee shall be made by the president pro tem; and no bill shall be considered for final passage unless it has been reported on by a committee and printed for the use of the senators. Any of the first three senate bills or joint resolutions pre-filed under Senate Rule 44 by a senator that are reported to the senate from committee shall be placed on the calendar under the order of business of "senate bills for perfection" in numerical order above all other bills on that order of business regardless of the day in which the bill was reported to the senate. A report of all bills recommended "do pass" by a committee shall be submitted to the senate by the chairman and all committee amendments accompanying the report shall be printed in the Journal.

After a bill has been referred to a committee, one-third of the senators elected has the power to relieve a committee of further consideration of a bill and place it on the calendar for consideration. In any case where a committee has been relieved of further consideration of a bill as herein provided, a majority of the senators present but not less than one-third of the senators elected, may, at any time before final passage thereof, again refer the bill to the same or some other committee for consideration. No bill or resolution shall be reported adversely by any committee until the author of the bill or resolution has been given an opportunity to appear and be heard before the committee to which it is referred.

One-third of the senators elected may relieve a committee of an appointment and a motion to grant advice and consent of the Senate to that appointment is then in order upon a vote of the majority of the Senate."

“190.103. 1. One physician with expertise in emergency medical services from each of the EMS regions shall be elected by that region’s EMS medical directors to serve as a regional EMS medical director. The regional EMS medical directors shall constitute the state EMS medical director’s advisory committee and shall advise the department and their region’s ambulance services on matters relating to medical control and medical direction in accordance with sections 190.001 to 190.245 and rules adopted by the department pursuant to sections 190.001 to 190.245. The regional EMS medical director shall serve a term of four years. The southwest, northwest, and Kansas City regional EMS medical directors shall be elected to an initial two-year term. The central, east central, and southeast regional EMS medical directors shall be elected to an initial four-year term. All subsequent terms following the initial terms shall be four years. **The state EMS medical director shall be elected by the members of the regional EMS medical director’s advisory committee, shall serve a term of four years, and shall seek to coordinate EMS services between the EMS regions, promote educational efforts for agency medical directors, represent Missouri EMS nationally in the role of the state EMS medical director, and seek to incorporate the EMS system into the health care system serving Missouri.**

2. A medical director is required for all ambulance services and emergency medical response agencies that provide: advanced life support services; basic life support services utilizing medications or providing assistance with patients’ medications; or basic life support services performing invasive procedures including invasive airway procedures. The medical director shall provide medical direction to these services and agencies in these instances.

3. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall have the responsibility and the authority to ensure that the personnel working under their supervision are able to provide care meeting established standards of care with consideration for state and national standards as well as local area needs and resources. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall

establish and develop triage, treatment and transport protocols, which may include authorization for standing orders.

4. All ambulance services and emergency medical response agencies that are required to have a medical director shall establish an agreement between the service or agency and their medical director. The agreement will include the roles, responsibilities and authority of the medical director beyond what is granted in accordance with sections 190.001 to 190.245 and rules adopted by the department pursuant to sections 190.001 to 190.245. The agreement shall also include grievance procedures regarding the emergency medical response agency or ambulance service, personnel and the medical director.

5. Regional EMS medical directors and the state EMS medical director elected as provided under subsection 1 of this section shall be considered public officials for purposes of sovereign immunity, official immunity, and the Missouri public duty doctrine defenses.

6. The state EMS medical director's advisory committee shall be considered a peer review committee under section 537.035.

7. Regional EMS medical directors may act to provide online telecommunication medical direction to EMT-Bs, EMT-Is, EMT-Ps, and community paramedics and provide offline medical direction per standardized treatment, triage, and transport protocols when EMS personnel, including EMT-Bs, EMT-Is, EMT-Ps, and community paramedics, are providing care to special needs patients or at the request of a local EMS agency or medical director.

8. When developing treatment protocols for special needs patients, regional EMS medical directors may promulgate such protocols on a regional basis across multiple political subdivisions' jurisdictional boundaries and such protocols may be used by multiple agencies including, but not limited to, ambulance services, emergency response agencies, and public health departments. Treatment protocols shall include steps to ensure the receiving hospital is informed of the pending arrival of the special needs patient, the condition of the patient, and the treatment instituted.

9. Multiple EMS agencies including, but not limited to, ambulance services, emergency response agencies, and public health departments shall take necessary steps to follow the regional EMS protocols established as provided under subsection 8 of this section in cases of mass casualty or state-declared disaster incidents.

10. When regional EMS medical directors develop and implement treatment protocols for patients or provide online medical direction for such patients, such activity shall not be construed as having usurped local medical direction authority in any manner.

11. Notwithstanding any other provision of law, when regional EMS medical directors are providing either online telecommunication medical direction to EMT-Bs, EMT-Is, EMT-Ps, and community paramedics, or offline medical direction per standardized EMS treatment, triage, and transport protocols for patients, those medical directions or treatment protocols may include the administration of the patient's own prescription medications.

(3) Refuse to answer any question or refuse to provide or sign any written statement.

The assertion of any right listed in this subsection shall not be deemed by the department to be a failure to cooperate with any department investigation.

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the department may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the department deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate or permit. The department of health and senior services may suspend any certificate, permit or license required pursuant to sections 190.100 to 190.245 simultaneously with the filing of the complaint with the administrative hearing commission as set forth in subsection 2 of this section, if the department finds that there is an imminent threat to the public health. d. The position holder in a terminal or refinery outside this state with respect to motor fuel which that person imports into this state. A terminal operator shall not be considered a supplier based solely on the fact that the terminal operator handles motor fuel consigned to it within a terminal. “Supplier” also means a person that produces fuel grade alcohol or alcohol-derivative substances in this state, produces fuel grade alcohol or alcohol-derivative substances for import to this state into a terminal, or acquires upon import by truck, rail car or barge into a terminal, fuel grade alcohol or alcohol-derivative substances. “Supplier” includes a permissive supplier unless specifically provided otherwise;

(1) Motor fuel, seventeen cents per gallon;

(2) Alternative fuels, not subject to the decal fees as provided in section 142.869, with a power potential equivalent of motor fuel. In the event alternative fuel, which is not commonly sold or measured by the gallon, is used in motor vehicles on the highways of this state, the director is authorized to assess and collect a tax upon such alternative fuel measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. The determination by the director of the power potential equivalent of such

alternative fuel shall be prima facie correct;

(3) Aviation fuel used in propelling aircraft with reciprocating engines, nine cents per gallon as levied and imposed by section 155.080 to be collected as required under this chapter;

(4) Compressed natural gas fuel, five cents per gasoline gallon equivalent until December 31, 2019, eleven cents per gasoline gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per gasoline gallon equivalent thereafter. The gasoline gallon equivalent and method of sale for compressed natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the gasoline gallon equivalent and method of sale for compressed natural gas shall be equal to five and sixty-six-hundredths pounds of compressed natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on compressed natural gas, including but not limited to licensing, reporting, penalties, and interest;

(5) Liquefied natural gas fuel, five cents per diesel gallon equivalent until December 31, 2019, eleven cents per diesel gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per diesel gallon equivalent thereafter. The diesel gallon equivalent and method of sale for liquefied natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof.

(6) Propane gas fuel, five cents per gallon until December 31, 2019, eleven cents per gallon from January 1, 2020, until December 31, 2024, and then seventeen cents per gallon thereafter. All applicable provisions contained in this chapter governing administration, collection, and enforcement of the state motor fuel tax shall apply to the tax imposed on propane gas including, but not limited to, licensing, reporting, penalties, and interest;

(7) If a natural gas, compressed natural gas, [or] liquefied natural gas, electric, or propane connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, [or] liquefied natural gas, electricity, or propane used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax.

142.869. 1. The tax imposed by this chapter shall not apply to passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by alternative fuel, and for which a valid decal has been acquired as provided in this section, provided that sales made to alternative fueled vehicles powered by **propane**, compressed natural gas, or liquefied natural gas that do not meet the requirements of subsection 3 of this section shall be taxed exclusively pursuant to

subdivisions (4) [and (5)] **to (7)** of subsection 1 of section 142.803, respectively. The owners or operators of such motor vehicles, **except plug-in electric hybrids**, shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: seventy-five dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter “F”; one hundred fifty dollars on each motor vehicle with a licensed gross vehicle weight in excess of eighteen thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and 301.063; two hundred fifty dollars on each motor vehicle with a licensed gross weight in excess of thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter “F”; and one thousand dollars on each motor vehicle with a licensed gross vehicle weight in excess of thirty-six thousand pounds. **Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee.** Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. **For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.**

2. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than **propane**, compressed natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this

subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

5. The director shall annually, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.

[5.] **6.** Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

[6.] **7.** The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

[7.] **8.** It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal **unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.**

[8.] **9.** No person shall cause to be put, or put, [LP gas] **any alternative fuel** into the fuel supply receptacle **or battery** of a motor vehicle required to have an alternative fuel decal unless the motor vehicle **either** has a valid decal attached to it **or the appropriate motor fuel tax is collected at the time of such fueling.** [Sales of fuel placed in the supply receptacle of a motor vehicle displaying such decal shall be recorded upon an invoice, which invoice shall include the decal number, the motor vehicle license number and the number of gallons placed in such supply receptacle.]

[9.] **10.** Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

[10.] **11.** Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and

reporting requirements of this chapter.

Section 1. Notwithstanding any other provision of law, any political subdivision that imposes a local excise or sales tax enacted after January 1, 2017, under article IV, section 30(a) of the Constitution of Missouri shall use no less than ninety percent of such funds collected for the construction, reconstruction, maintenance, and repair of roads and streets and for the payment and interest on indebtedness incurred on account of road and street purposes, and no more than ten percent of such funds collected for policing, signing, lighting, and cleaning roads and streets.”; and

(2) **“County average wage”, the average wages in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. (3) “New job”, the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee’s work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility’s payroll, one hundred percent of the employee’s income from such employment is Missouri income, and the employee is paid at or above the [state] **county** average wage.

Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the “Port Authority AIM Zone Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023.”; and

HOUSE AMENDMENT NO. 5

Amend Senate Bill No. 411, Page 4, Section 70.370, Line 128, by inserting immediately after all of said section and line the following:

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) “Blighted area”, an area which, by reason of the predominance of defective or inadequate street layout, insanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) “Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) “Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of

tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or

A tied vote shall be considered a recommendation in opposition. If the commission fails to vote **a recommendation for approval** within thirty days following the completion of the public hearing referred to in section 99.825 concerning the proposed redevelopment plan, redevelopment project, or designation of redevelopment area, or amendments thereto, such plan, project, designation, or amendment thereto shall be deemed rejected by the commission.

(3) No redevelopment plan that the department of economic development determines is feasible without economic activity taxes and payments in lieu of taxes shall be implemented;

(4) The department of economic development may promulgate rules to implement the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

6. It shall be the policy of the state that each redevelopment plan or project of a municipality be carried out with full transparency to the public. The records of the tax increment financing commission including, but not limited to, commission votes and actions, meeting minutes, summaries of witness testimony, data, and reports submitted to the commission shall be retained by the governing body of the municipality that created the commission and shall be made available to the public in accordance with chapter 610.

Municipalities not subject to the authority of the East-West Gateway Council of Governments may authorize tax increment finance projects in greenfield areas].

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project

and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850[.] ;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes[.] ;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998;

(4) The board or body that oversees a special taxing district, as that term is defined under section 99.805, may elect to have the property or sales taxes levied by such district excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority prior

to the time the project or plan is adopted or approved by ordinance. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue and county collector. If the resolution passes, subdivisions (1) and (2) of this subsection shall not apply to any tax levied by the special taxing district, and all revenue from such tax shall be allocated to the district and shall not be allocated to redevelopment costs and obligations; and

(5) A school board of a school district may elect to have the portion of property tax revenue allocated to the school district by a county or municipality excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority prior to the time the project or plan is adopted or approved by ordinance. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue and county collector. If the resolution passes, subdivision (2) of this subsection shall not apply to the percentage of property tax revenue equal to the average percentage of property tax revenue allocated to the school district over the preceding five years, and such percentage of revenue attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property within the redevelopment project area shall be allocated to the school district and shall not be allocated to redevelopment costs and obligations.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. 3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and

maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established [pursuant to section] **under sections 99.805 to 99.865.**

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the

department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri;

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri

Supplemental Tax Increment Financing Fund”, to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

SENATE COMMITTEE SUBSTITUTE FOR
SENATE CONCURRENT RESOLUTION NO. 25

Whereas, the legislature finds that the Patient Protection and Affordable Care Act encourages states to develop innovative approaches to insuring their populations by authorizing states to apply for waivers from certain requirements of the act; and

Whereas, to be eligible, a state must demonstrate that its proposed health insurance reforms are as comprehensive and affordable as the federal requirements for insurance sold in its state; and

Whereas, proposed reforms must be budget neutral for the federal government; and

Whereas, states that are granted innovation waivers may receive federal assistance to operate their reform programs in an amount that is equivalent to the aggregate amount of tax credits and cost-sharing subsidies that the federal government would have paid for individuals enrolled in the state; and

Whereas, the legislature believes that the Affordable Care Act did not accomplish the intended result of providing affordable care for residents of the state as a whole and believes the state may be able to create a more effective alternative solution for providing affordable health coverage to individuals; and

Whereas, the purpose of this resolution is to establish a state innovation waiver task force to develop a health care reform plan that meets the requirements for obtaining a state innovation waiver:

Be It Further Resolved that the members of the task force shall serve without compensation but shall be reimbursed for expenses, including travel expenses, necessary for the performance of their duties; and

Be It Further Resolved that as used in this resolution, "federal act" means the Patient Protection and Affordable Health Care Act"; and

Be It Further Resolved that the mission of the task force shall be to fully consider and make recommendations in a report based on:

(1) The feasibility of alternative approaches to the health reform requirements described under section 1332(a)(2) of the federal act;

(2) Alternatives to and possible exemptions or waivers from requirements relating to allowable premium rate variations based upon age, as described in section 1201 of the federal act; and

Be It Further Resolved that the task force shall develop, and include in its report, a plan for applying for a state innovation waiver that meets the requirements of section 1332 of the federal act, including:

(1) Developing a strategy for health care reform that provides coverage that is at least as comprehensive as required by the federal act, provides coverage and cost-sharing protections that are at least as affordable as under the federal act, makes health insurance coverage available to as many residents of Missouri as under the federal act, and is budget neutral for the federal government;

(2) Examining the feasibility of options for providing affordable insurance coverage for uninsured and underinsured individuals in Missouri that include innovations to the state's existing Medicaid program;

(3) Ensuring compliance with all applicable public notice requirements of 31 CFR 33 and 45 CFR 155, as amended; and

Be It Further Resolved that the task force shall prepare and include in its report a draft application for a state innovation waiver, to take effect for plan years beginning on or after January 1, 2019; and

Be It Further Resolved that the task force shall submit its report to the legislature, including any proposed legislation and the draft application, no later than twenty days prior to the convening of the veto session of 2018; and

Be It Further Resolved that if provisions of the federal act are repealed or replaced the task force shall remain in force to continue developing innovative approaches to providing comprehensive and affordable health care coverage to residents of this state; and

“Let your steadfast love, O Lord, be upon us, even as we hope in you.” Psalm 33:22)

Increase our hope, O Lord, giving us the hope which has seen things at their worst and yet refuses to despair. Give to us hope that is able to fail and yet is willing to try again. And again give us hope that can accept disappointment and yet not abandon hope. And we pray that we may keep the faith that we may walk in Your glory. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FOURTH DAY—WEDNESDAY, MAY 3, 2017

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“Do not fear the reproach of others, and do not be dismayed when they revile you.” (Isaiah 51:7)

Dear Lord: We often encounter so many who think they know better than we do and when we don’t agree with them they can be difficult and nasty to deal with, but we pray, that drawing from Your strength and wisdom, we will do and say the things that must be done and said. So encourage us in our serving and help us be faithful and unafraid as we go about what we have been called by You to do. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The provision of such health care services under sections 191.1100 to 191.1112 shall be the provider’s professional practice area in which the provider is licensed or certified.

191.1110. 1. The registration and fee shall be submitted annually to the appropriate licensing body with the fee to be used for the administration of sections 191.1100 to 191.1116. Such registration form shall contain:

3. Adverse incidents and information on treatment outcomes shall be reported by any provider to the appropriate licensing body if the incidents and information pertain to a patient treated under the volunteer health services act. appropriate licensing body. However, a health care provider who does not register or who does not work on behalf of a sponsoring organization shall not be entitled to liability protection under subdivision (1) subsection 1 of section 191.1110 or to continuing education credits under section 191.1116.

191.1116. For every hour of volunteer service performed by a health care provider, the appropriate licensing body shall credit such health care professional one hour of continuing education credit, up to a maximum of eight credit hours per licensure period. The health care provider shall submit to the appropriate licensing body a voluntary services report that lists the dates of voluntary service provided, the type of service provided, and the amount of time spent with each patient.”; and

HOUSE AMENDMENT NO. 2

Amend Senate Bill No. 50, Page 3, Section 194.600, Line 60, by inserting after all of said section and line the following:

(5) “Disability” or “disabled” shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that, the term “this chapter” in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(8) “Health care provider”, any individual who provides health care to persons and who is licensed, certified, registered, or otherwise authorized or permitted by law to provide health care;

(10) “Patient”, any adult who:

(a) Is authorized to make health care decisions for himself or herself under Missouri law but is incapacitated; and

(b) Does not have anyone with legal authority to make health care decisions for such person including, but not limited to, a guardian with medical decision-making authority appointed under chapter 475, or an attorney-in-fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, or persons under the jurisdiction of the juvenile court;

(11) “Patient with capacity”, a patient who is determined to no longer be incapacitated under section 404.1106;

(12) “Physician”, a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(13) “Reasonable medical judgment”, a medical judgment that would be made by a reasonably prudent physician knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1103. The physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth under section 404.1104 of whom the physician or physician’s designee is aware of the need to appoint a designated health care decision-maker for the patient.

404.1104. 1. Decisions concerning the patient’s health care may be made by the following persons with capacity in the following order of priority, with the exception of persons excluded under subsection 5 of this section:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement; or

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(7) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services; or

(8) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. Reasonable efforts include, without limitation, identifying potential designated health care decision-makers as set forth under this section by examining the patient's personal effects and medical records. If a person with potential health care decision-making authority is identified, attempts to contact that person shall be made within a reasonable time consistent with the patient's medical needs after a determination of incapacity. Contact attempts, including name of the person and known telephone numbers and other contact information, shall be documented in the patient's medical record. The health care facility or health care provider shall look to the health care decision-maker highest in priority who is available and willing to act at the time a health care decision shall be made for the patient.

3. Any person or entity interested in the welfare of the patient, including a health care provider or health care facility, who disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with chapter 475 to act in the best interests of the patient.

4. A person who is a member of the classes listed under subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a health care provider, or health care facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under chapter 475 to act in the best interests of the patient.

5. Notwithstanding the provisions of subsection 1 of this section, priority under this section shall not be given to persons in any of the following circumstances:

(1) If a health care provider knows the person has been reported under any mandatory reporting statute for abuse or neglect of the patient including, but not limited to, section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.162, or 630.165 or any other mandatory reporting statute and a finding of abuse or neglect has been substantiated. If the health care provider is aware of a report where a finding has not yet been made, such person shall not be given priority until the investigating agency either makes a finding that the allegations are unsubstantiated or, after investigation, closes the case without making a finding; provided that, such a report shall not be based on the person's support for,

or direction to provide, health care to the patient;

(2) If the health care provider determines, after making a reasonable effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is unable to be found, not reasonably available, or is unwilling to make health care decisions as needed for the patient;

(3) If a probate court in a proceeding under chapter 475 finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under chapter 475 to dispute its accuracy, weight, or interpretation; or

(4) If the person is the subject of a protective order or other court order that directs that person to avoid contact with the patient or if such person has been found guilty of abuse under section 565.180, 565.182, or 565.184.

6. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker shall make health care decisions in the patient's best interests, taking into consideration evidence of the patient's known health care preferences and religious and moral beliefs.

7. This section does not authorize the provision or withholding of health care services that the patient has unambiguously at a time when the patient had capacity, without subsequent contradiction or change of instruction of what he or she would or would not want, expressed either in a valid living will created under sections 459.010 to 459.055 or to the patient's physician or other health care provider. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under chapter 475 to dispute its accuracy, weight, or interpretation.

8. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

9. Nothing under sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed under this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient, including expedited adjudication under chapter 475.

10. Pending the final outcome of proceedings initiated under chapter 475, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw or direct the withholding or withdrawal of health care, nutrition, or hydration if withholding or

withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth under subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only if the physician and a second licensed physician certify in the patient's medical record, based on reasonable medical judgment, that:

(1) Artificially supplied nutrition or hydration is not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and when death will occur within a short period of time regardless of whether such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

404.1106. If any of the individuals specified under section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient with capacity, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. 1. No health care provider or health care facility that in good faith makes reasonable efforts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for the effort to identify, locate, and communicate with such potential designated health care decision-makers.

2. No health care provider or health care facility or employee thereof that makes good faith efforts to comply with the provisions in sections 404.1101 to 404.1110 and acts upon decisions, which are not otherwise unlawful, made by a health care decision-maker shall, as a result thereof, be subject to criminal or civil liability or regulatory sanction.

3. No health care decision-maker acting in accordance with sections 404.1101 to 404.1110 who in good faith makes decisions that are not otherwise unlawful shall not, as a result thereof, be subject to criminal or civil liability.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility.

2. If at any time a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth under section 459.025.

404.1110. Nothing under sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110.”; and

As used in this section, the term “Medicare conditions of participation” shall mean federal regulatory standards established under Title XVIII of the Social Security Act and defined in 42 CFR Part 482, as amended, for hospitals and 42 CFR Part 485, as amended, for hospitals designated as critical access hospitals under 42 U.S.C. Section 1395i-4.

2. To minimize the administrative cost of enforcing and complying with duplicative regulatory standards, on and after July 1, 2018, compliance with Medicare conditions of participation shall be deemed to constitute compliance with the standards for hospital licensure under sections 197.010 to 197.120 and regulations promulgated thereunder.

3. Nothing in this section shall preclude the department from promulgating regulations effective on or after July 1, 2018, to define separate regulatory standards that do not duplicate or contradict the Medicare conditions of participation, with specific state statutory authorization to create separate regulatory standards.

4. Regulations promulgated by the department to establish and enforce hospital licensure regulations under this chapter that duplicate or conflict with the Medicare conditions of participation shall lapse and expire on and after July 1, 2018.

197.040. After ninety days from the date this law becomes effective, no person or governmental unit, acting severally or jointly with any other person or governmental unit, shall establish, conduct or maintain a hospital in this state without a license under this law **and section 197.005** issued by the department of health and senior services.

197.050. Application for a license shall be made to the department of health and senior services upon forms provided by it and shall contain such information as the department of health and senior services requires, which may include affirmative evidence of ability to comply with such reasonable standards, rules and regulations as are lawfully prescribed hereunder **in compliance with section 197.005**. All license fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund.

197.070. The department of health and senior services may deny, suspend or revoke a license in any case in which it finds that there has been a substantial failure to comply with the requirements established under this law **and section 197.005**.

197.071. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person under the provisions of sections [197.010] **197.005** to 197.120, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services.

197.080. 1. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section, **section 197.005**, and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to

197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

2. The department shall review and revise regulations governing hospital licensure and enforcement to promote hospital and regulatory efficiencies [and]. **The department shall** eliminate **all** duplicative regulations and inspections by or on behalf of state agencies and the Centers for Medicare and Medicaid Services (CMS). The hospital licensure regulations adopted under this [section] **chapter** shall incorporate standards which shall include, but not be limited to, the following:

(1) Each citation or finding of a regulatory deficiency shall refer to the specific written regulation, any state associated written interpretive guidance developed by the department and any publicly available, professionally recognized standards of care that are the basis of the citation or finding;

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the CMS Conditions of Participation (COP) and associated interpretive guidance. However, this shall not preclude the department from enforcing standards produced by the department which exceed the federal CMS' COP and associated interpretive guidance, so long as such standards produced by the department promote a higher degree of patient safety and do not contradict the federal CMS' COP and associated interpretive guidance;

(3) The department shall establish and publish guidelines for complaint investigation, including but not limited to:

(a) The department's process for reviewing and determining which complaints warrant an on-site investigation based on a preliminary review of available information from the complainant, other appropriate sources, and when not prohibited by CMS, the hospital. For purposes of providing hospitals with information necessary to improve processes and patient care, the number and nature of complaints filed and the recommended actions by the department and, as appropriate CMS, shall be disclosed upon request to hospitals so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) A departmental investigation of a complaint shall be focused on the specific regulatory standard and departmental written interpretive guidance and publicly available professionally recognized standard of care related to the complaint. During the course of any complaint investigation, the department shall cite any serious and immediate threat discovered that may potentially jeopardize the health and safety of patients;

(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

Hospitals and hospital personnel shall assume all costs associated with facilitating the training sessions and use of curriculum materials, including but not limited to the location for training, food, and printing costs;

(5) Time lines for the department to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations shall be identical to, to the extent practicable, the time lines established for the federal hospital certification and enforcement system in the CMS State Operations Manual, as amended. These time lines shall be the guide

for the department to follow. Every reasonable attempt shall be made to meet the time lines. However, failure to meet the established time lines shall in no way prevent the department from performing any necessary inspections to ensure the health and safety of patients.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

Any provision of chapter 198 and chapter 338 to the contrary notwithstanding, the department of health and senior services shall have sole authority, and responsibility for inspection and licensure of hospitals in this state including, but not limited to, all parts, services, functions, support functions and activities which contribute directly or indirectly to patient care of any kind whatsoever. The department of health and senior services shall annually inspect each licensed hospital and shall make any other inspections and investigations as it deems necessary for good cause shown. The department of health and senior services shall accept reports of hospital inspections from **or on behalf of** governmental agencies, the joint commission, and the American Osteopathic Association Healthcare Facilities Accreditation Program, provided the accreditation inspection was conducted within one year of the date of license renewal. Prior to granting acceptance of any other accrediting organization reports in lieu of the required licensure survey, the accrediting organization's survey process must be deemed appropriate and found to be comparable to the department's licensure survey. It shall be the accrediting organization's responsibility to provide the department any and all information necessary to determine if the accrediting organization's survey process is comparable and fully meets the intent of the licensure regulations. The department of health and senior services shall attempt to schedule inspections and evaluations required by this section so as not to cause a hospital to be subject to more than one inspection in any twelve-month period from the department of health and senior services or any agency or accreditation organization the reports of which are accepted for licensure purposes pursuant to this section, except for good cause shown.

2. Other provisions of law to the contrary notwithstanding, the department of health and senior services shall be the only state agency to determine life safety and building codes for hospitals defined or licensed pursuant to the provisions of this chapter, including but not limited to sprinkler systems, smoke detection devices and other fire safety-related matters so long as any new standards shall apply only to new construction.

Section B. The enactment of section 197.005 and the repeal and reenactment of sections 197.040, 197.050, 197.070, 197.071, 197.080, and 197.100 of section A of this act shall become effective on July 1, 2018.”; and

3. An applicant for renewal of a license or registration under this section shall:

5. If a license or registration is revoked on disciplinary grounds pursuant to section 345.065, the license or registration expires on the expiration date as established by the board for all licenses and registrations issued pursuant to sections 345.010 to 345.080. Such license or registration may not be renewed. (d) The behavior or associations of the child are otherwise injurious to his or her welfare or to the welfare of others; or

(e) The child is charged with an offense not classified as criminal, or with an offense applicable only to children; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, or any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(3) Involving any child who is alleged to have violated a state law or municipal ordinance, or any person who is alleged to have violated a state law or municipal ordinance prior to attaining the age of [seventeen] **eighteen** years, in which cases jurisdiction may be taken by the court of the circuit in which the child or person resides or may be found or in which the violation is alleged to have occurred; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, and except that the juvenile court shall have concurrent jurisdiction with the municipal court over any child who is alleged to have violated a municipal curfew ordinance, and except that the juvenile court shall have concurrent jurisdiction with the circuit court on any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

2. Transfer of a matter, proceeding, jurisdiction or supervision for a child [or person seventeen years of age] who resides in a county of this state shall be made as follows:

(1) Prior to the filing of a petition and upon request of any party or at the discretion of the juvenile officer, the matter in the interest of a child [or person seventeen years of age] may be transferred by the juvenile officer, with the prior consent of the juvenile officer of the receiving court, to the county of the child's residence or the residence of the person [seventeen] **eighteen** years of age for future action;

(2) Upon the motion of any party or on its own motion prior to final disposition on the pending matter,

the court in which a proceeding is commenced may transfer the proceeding of a child [or person seventeen years of age] to the court located in the county of the child's residence [or the residence of the person seventeen years of age], or the county in which the offense pursuant to subdivision (3) of subsection 1 of this section is alleged to have occurred for further action;

(3) Upon motion of any party or on its own motion, the court in which jurisdiction has been taken pursuant to subsection 1 of this section may at any time thereafter transfer jurisdiction of a child [or person seventeen years of age] to the court located in the county of the child's residence [or the residence of the person seventeen years of age] for further action with the prior consent of the receiving court;

(4) Upon motion of any party or upon its own motion at any time following a judgment of disposition or treatment pursuant to section 211.181, the court having jurisdiction of the cause may place the child [or person seventeen years of age] under the supervision of another juvenile court within or without the state pursuant to section 210.570 with the consent of the receiving court;

3. In any proceeding involving any child [or person seventeen years of age] taken into custody in a county other than the county of the child's residence [or the residence of a person seventeen years of age], the juvenile court of the county of the child's residence [or the residence of a person seventeen years of age] shall be notified of such taking into custody within seventy-two hours.

4. When an investigation by a juvenile officer pursuant to this section reveals that the only basis for action involves an alleged violation of section 167.031 involving a child who alleges to be home schooled, the juvenile officer shall contact a parent or parents of such child to verify that the child is being home schooled and not in violation of section 167.031 before making a report of such a violation. Any report of a violation of section 167.031 made by a juvenile officer regarding a child who is being home schooled shall be made to the prosecuting attorney of the county where the child legally resides.

5. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child [or person seventeen years of age], alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. Such notification shall be in writing.

2. Upon request from any party, the court shall hold a protective custody hearing. Such hearing shall be held within three days of the request for a hearing, excluding Saturdays, Sundays and legal holidays. For circuits participating in a pilot project established by the Missouri supreme court, the parties shall be notified at the status conference of their right to request a protective custody hearing.

3. No later than February 1, 2005, the Missouri supreme court shall require a mandatory court

proceeding to be held within three days, excluding Saturdays, Sundays, and legal holidays, in all cases under subdivision (1) of subsection 1 of section 211.031. The Missouri supreme court shall promulgate rules for the implementation of such mandatory court proceedings and may consider recommendations from any pilot projects established by the Missouri supreme court regarding such proceedings. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. The division, in consultation with the department of elementary and secondary education, shall establish the necessary procedures to implement the provisions of this subsection.

211.033. 1. No person under the age of [seventeen] **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071 shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of [seventeen] **eighteen** to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

[3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the

provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes [seventeen] **eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for [him] **the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of [seventeen] **eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and [seventeen] **eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general

jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023**, [or] distribution of drugs under section 195.211 **as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055**, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between [seventeen] **eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under [seventeen] **eighteen** years [and six months] of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of [seventeen] **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the court in person and in writing that a child appears to be within the purview of applicable provisions of section 211.031 [or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031], the court shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child [or person seventeen years of age] require that further action be taken. On the basis of this inquiry, the juvenile court may make such informal adjustment as is practicable without a petition or may authorize the filing of a petition by the juvenile officer. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child [or person seventeen years of age] which would place or commit the child [or person

seventeen years of age] to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child [or person seventeen years of age] and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child [or person seventeen years of age] which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child [or person seventeen years of age]. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child [or person seventeen years of age]. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child [or person seventeen years of age].

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled "In the interest of, a child under [seventeen] **eighteen** years of age" [or "In the interest of, a child seventeen years of age" or "In the interest of, a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition].

2. The petition shall set forth plainly:

(1) The facts which bring the child [or person seventeen years of age] within the jurisdiction of the court;

(2) The full name, birth date, and residence of the child [or person seventeen years of age];

(3) The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child [or person seventeen years of age] or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.

211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child [or person seventeen years of age] to appear personally and, unless the court orders otherwise, to bring the child [or person seventeen years of age] before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child [or person seventeen years of age], then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child [or person seventeen years of age] is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child [or person seventeen years of age] into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child [or person seventeen years of age] within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child [or person seventeen years of age] may be given consideration in the disposition of his case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children [or persons seventeen years of age] coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children [or persons seventeen years of age] under its jurisdiction.

211.181. 1. When a child [or person seventeen years of age] is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child [or person seventeen years of age], and the court may, by order duly entered, proceed as follows:

(1) Place the child [or person seventeen years of age] under supervision in his own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child [or person seventeen years of age] to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child [or person seventeen years of age] may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child [or person seventeen years of age] in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child [or person seventeen years of age] in a family home;

(4) Cause the child [or person seventeen years of age] to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child [or person seventeen years of age] requires it, cause the child [or person seventeen years of age] to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child [or person seventeen years of age] whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child [or person seventeen years of age];

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he **or she** is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Beginning January 1, 1996, the court may make further directions as to placement with the division of youth services concerning the child's length of stay. The length of stay order may set forth a minimum review date;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith

are providing other remedial treatment recognized or permitted under the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his **or her** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his **or her** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed;

(9) When a child has been adjudicated to have violated a municipal ordinance or to have committed an act that would be a misdemeanor if committed by an adult, assess an amount of up to twenty-five dollars to be paid by the child to the clerk of the court; when a child has been adjudicated to have committed an act that would be a felony if committed by an adult, assess an amount of up to fifty dollars to be paid by the child to the clerk of the court.

4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court

order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons

[seventeen] **eighteen** years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his [seventeenth] **or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's [seventeenth] **eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. 1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person [seventeen] **eighteen** years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the case may be, for appropriate proceedings.

211.425. 1. Any person who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape, forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender and shall be required to register as a juvenile sex offender by complying with the registration requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen years of age or older at the time of the offense and the offense

adjudicated would be considered a felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such offense, in which case, the juvenile shall be required to register as an adult sexual offender under sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex offender or any court having jurisdiction over a juvenile required to register as a juvenile sex offender, or any person required to register as a juvenile sex offender, shall, within ten days of the juvenile offender moving into any county of this state, register with the juvenile office of the county. If such juvenile offender changes residence or address, the state agency, court or person shall inform the juvenile office within ten days of the new residence or address and shall also be required to register with the juvenile office of any new county of residence. Registration shall be accomplished by completing a registration form similar to the form provided for in section 589.407. Such form shall include, but is not limited to, the following:

(1) A statement in writing signed by the juvenile, giving the juvenile's name, address, Social Security number, phone number, school in which enrolled, place of employment, offense which requires registration, including the date, place, and a brief description of such offense, date and place of adjudication regarding such offense, and age and gender of the victim at the time of the offense; and

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their jurisdictions who register as required by this section. Information contained on the registration forms shall be kept confidential and may be released by juvenile offices to only those persons and agencies who are authorized to receive information from juvenile court records as provided by law, including, but not limited to, those specified in section 211.321. State agencies having custody of juveniles who fall within the registration requirements of this section shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person [seventeen] **eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

5. Any juvenile to whom the registration requirement of this section applies shall be informed by the official in charge of the juvenile's custody, upon the juvenile's discharge or release from such custody, of the requirement to register pursuant to this section. Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile [will] **shall** be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

6. The requirement to register as a juvenile sex offender shall terminate upon the juvenile offender reaching age twenty-one, unless such juvenile offender is required to register as an adult offender pursuant to section 589.400.

211.431. Any person [seventeen] **eighteen** years of age or over who willfully violates, neglects or

The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 334.1500, of the recognition of EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant’s criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.

The director may authorize investigations into criminal records in other states for any applicant.

The department may promulgate rules relating to the requirements for an emergency medical technician including but not limited to:

(1) Age requirements;

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.”; and

A remote state may, in accordance with due process and that state’s laws, restrict, suspend, or revoke an individual’s privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.

5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

In such cases, the home state's law shall control in determining the appropriate adverse action.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and

(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

334.1524. 1. The compact states hereby create and establish a joint public agency known as the "Interstate Commission for EMS Personnel Practice".

(1) The commission is a body politic and an instrumentality of the compact states.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state will determine which entity will be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(2) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(3) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 334.1530.

(4) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action

shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:

The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

(4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

(6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;

(7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;

(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

(9) The commission shall maintain its financial records in accordance with the bylaws; and

(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

4. The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided

that, the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a member state;

(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that, at all times the commission shall strive to avoid any appearance of impropriety and conflict of interest;

(7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed; provided that, at all times the commission shall strive to avoid any appearance of impropriety;

(9) To establish a budget and make expenditures;

(10) To borrow money;

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(12) To provide and receive information from, and to cooperate with, law enforcement agencies;

(13) To adopt and use an official seal; and

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

5. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by

and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

334.1527. 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

- (1) Identifying information;
- (2) Licensure data;
- (3) Significant investigatory information;
- (4) Adverse actions against an individual's license;
- (5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;

(6) Nonconfidential information related to alternative program participation;

(7) Any denial of application for licensure and the reasons for such denial; and

(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

334.1530. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or member state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results

in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1533. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1536. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1539. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule.**

2. Except as provided for in subsection [4] 5 of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, appropriate peer-reviewed or evidence-based research on such topics including, but not limited to, the most recent guidelines of the American College of Cardiology and American Heart Association for STEMI centers, or the Joint Commission’s Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by the American Stroke Association. **Such rules shall include designation as a STEMI center without site review if such hospital is certified by a national body.**

3. The department of health and senior services shall, not less than once every five years, conduct an on-site review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of stroke centers designated pursuant to subsection [4] 5 of this section; however, this provision is not intended to limit the department’s ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. On-site reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has reasonable cause to believe that there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. If the department of health and senior services has reasonable cause to believe that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive on-site reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. Instead of applying for STEMI center designation under subsection 2 of this section, a hospital may apply for STEMI center designation under this subsection. Upon receipt of an application from a hospital on a form prescribed by the department, the department shall designate such hospital:

(1) A level I STEMI center if such hospital has been certified as a Joint Commission Comprehensive Cardiac Center or another department-approved nationally-recognized organization that provides comparable STEMI center accreditation; or

(3) A level III stroke center if such hospital has been certified as an acute stroke-ready hospital by the Joint Commission or any other certifying organization designated by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines.

Except as provided by subsection [5] 6 of this section, the department shall not require compliance with any additional standards for establishing or renewing stroke designations. The designation shall continue if such hospital remains certified. The department may remove a hospital's designation as a stroke center if the hospital requests removal of the designation or the department determines that the certificate recognizing the hospital as a stroke center has been suspended or revoked. Any decision made by the department to withdraw its designation of a stroke center pursuant to this subsection that is based on the revocation or suspension of a certification by a certifying organization shall not be subject to judicial review. The department shall report to the certifying organization any complaint it receives related to the stroke center certification of a stroke center designated pursuant to this subsection. The department shall also advise the complainant which organization certified the stroke center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying organization.

[5.] 6. Any hospital receiving designation as a stroke center pursuant to subsection [4] 5 of this section shall:

(1) Annually and within thirty days of any changes submit to the department proof of stroke certification and the names and contact information of the medical director and the program manager of the stroke center;

shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

[6.] **7.** Hospitals designated as a STEMI or stroke center by the department, including those designated pursuant to subsection [4] **5** of this section, shall submit data to meet the data submission requirements specified by rules promulgated by the department. Such submission of data may be done by the following methods:

(1) Entering hospital data directly into a state registry by direct data entry;

(2) Downloading hospital data from a nationally recognized registry or data bank and importing the data files into a state registry; or

(3) Authorizing a nationally recognized registry or data bank to disclose or grant access to the department facility-specific data held by the registry or data bank.

A hospital submitting data pursuant to subdivision (2) or (3) of this subsection shall not be required to collect and submit any additional STEMI or stroke center data elements.

[7.] **8.** When collecting and analyzing data pursuant to the provisions of this section, the department shall comply with the following requirements:

(1) Names of any health care professionals, as defined in section 376.1350, shall not be subject to disclosure;

(3) The data shall be used for the evaluation and improvement of hospital and emergency medical services' trauma, stroke, and STEMI care;

(4) The data collection system shall be capable of accepting file transfers of data entered into any national recognized trauma, stroke, or STEMI registry or data bank to fulfill trauma, stroke, or STEMI certification reporting requirements; **and**

(5) STEMI and stroke center data elements shall conform to nationally recognized performance measures, such as the American Heart Association's Get With the Guidelines, and include published detailed measure specifications, data coding instructions, and patient population inclusion and exclusion criteria to ensure data reliability and validity[; and

[8.] **9.** The board of registration for the healing arts shall have sole authority to establish education requirements for physicians who practice in an emergency department of a facility designated as a trauma, STEMI, or stroke center by the department under this section. The department shall deem such education requirements promulgated by the board of registration for the healing arts sufficient to meet the standards for designations under this section.

[9.] **10.** The department of health and senior services may establish appropriate fees to offset the costs of trauma, STEMI, and stroke center reviews.

[10.] **11.** No hospital shall hold itself out to the public as a STEMI center, stroke center, adult trauma

center, pediatric trauma center, or an adult and pediatric trauma center unless it is designated as such by the department of health and senior services.

[11.] **12.** Any person aggrieved by an action of the department of health and senior services affecting the trauma, STEMI, or stroke center designation pursuant to this chapter, including the revocation, the suspension, or the granting of, refusal to grant, or failure to renew a designation, may seek a determination thereon by the administrative hearing commission under chapter 621. It shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department.

190.242. 1. In order to ensure that hospitals can be free from excessive regulation that increases health care costs without increasing patient safety, any rules and regulations promulgated by the department of health and senior services under sections 190.185, 190.241, and 192.006, chapter 197, or any other provision of Missouri law shall not require hospitals, as a condition of designation under section 190.241, to obtain emergency medical services data under section 190.241, unless such data may be obtained from the state database for emergency medical services. The provisions of this subsection shall not be construed to limit in any way the requirements of any person or entity to submit emergency medical services data to any person or entity.

2. A hospital shall not be required to comply with an interpretation of a specific provision in any regulation concerning trauma, STEMI, or stroke centers if such hospital can demonstrate that the specific provision in the regulation has been interpreted differently for a similarly-situated hospital. The department may require compliance if the specific provision in the regulation has been subsequently interpreted consistently for similarly-situated hospitals.

3. The department shall attend meetings with trauma, STEMI, and stroke centers for the benefit of improved communication, best-practice identification, and facilitation of improvements to the designation process.

4. As used in this section, the term “hospital” shall have the same meaning as in section 197.020.”;

HOUSE AMENDMENT NO. 14

Amend Senate Bill No. 50, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“191.250. 1. This section shall be known and may be cited as “Simon’s Law”.

2. As used in this section the following terms shall mean:

(1) “Life-sustaining”, procedures, food, medication, or nutrition are life-sustaining if, in reasonable medical judgment, the withdrawal or withholding of such procedures, food, medication,

or nutrition would result in or hasten the death of the patient;

(2) “Reasonable medical judgment”, a medical judgment that would be made by a reasonably prudent physician who is knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

3. Upon the request of a patient or resident or a prospective patient or resident, a health care facility, nursing home, or physician shall disclose in writing any policies relating to a patient or resident or the services a patient or resident may receive involving life-sustaining treatment, including any policies related to health care deemed futile, inappropriate, or non-beneficial, within the health care facility or agency.

4. No health care facility, nursing home, physician, nurse, or medical staff shall withhold life-sustaining procedures, food, medication, or nutrition, nor place any restrictions on life-sustaining procedures including, but not limited to, food, medication, or nutrition for any patient, resident, or ward under eighteen years of age who is not emancipated without the written permission of at least one parent or legal guardian of the patient or ward.

5. No do-not-resuscitate order or similar physician’s order shall be instituted either orally or in writing without the written permission of at least one parent or legal guardian of the patient or resident or prospective patient or resident under eighteen years of age who is not emancipated.

6. Permission previously given under subsection 4 or 5 of this section may be revoked in writing by the legal guardian or either parent of the patient. If the parents are unable to agree to withhold life-sustaining procedures, food, medication, nutrition, or resuscitation, either parent may petition a district court of the county in which the patient resides or in which the patient is receiving treatment to resolve the conflict based on a presumption in favor of the provision of life-sustaining procedures, food, medication, nutrition, and resuscitation, unless there is clear and convincing evidence that such provision is contrary to the best interests of the child. Upon receiving such a petition, the district court shall issue an order fixing the date, time, and place of the trial on the petition and order that notice of the trial shall be given to such persons as the court shall direct. The trial may be held forthwith and without notice, if the court determines that holding a trial forthwith and without notice is in the best interests of the petitioner. In the court’s discretion, a trial may be conducted in a courtroom, a treatment facility, or at some other suitable place. Pending the final outcome of the proceedings, including any appeals, no permission under subsection 4 or 5 of this section may be implemented.

7. Subject to the provisions of subsection 6 of this section, the requirements for written permission in subsections 4 and 5 of this section shall not apply if providing resuscitation, food, medication, or nutrition would be:

(1) Futile because, in reasonable medical judgment, withholding resuscitation, food, medication, or nutrition would not cause or hasten the death of the patient; or

(2) Medically inappropriate because, in reasonable medical judgment, providing resuscitation, food, medication, or nutrition would create a greater risk of causing or hastening the death of the patient than withholding resuscitation, food, medication, or nutrition.

8. Subsection 7 of this section may be implemented, so long as a reasonably diligent effort has been made to contact at least one parent or legal guardian who, if contacted, has been informed of the planned withholding of food, medication, or nutrition or do-not-resuscitate order, and the health care

provider has cooperated with the parent or legal guardian's efforts to obtain other medical opinions or a transfer of the patient to a provider selected by the parent or guardian, if so requested.

9. Nothing in this section shall require a health care facility, nursing home, or physician to have a written policy relating to or involving life-sustaining or nonbeneficial treatment for patients under eighteen years of age who are not emancipated or adult patients, residents, or wards.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-FIFTH DAY—THURSDAY, MAY 4, 2017

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“A man who governs his passions is master of the world. We must either command them, or be enslaved by them. It is better to be a hammer than an anvil.” (St. Dominic)

Merciful Father You know we are tired and at this time of the year our patience gets thin and our frustrations increase. So help us govern our passions so what we say is kind and conveys the meaning of what we are attempting to do here. May we deal fairly and openly with one another and work the work You would have us complete. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 302, Page 4, Section 135.963, Line 54, by inserting after all of said section and line the following:

“393.355. 1. As used in this section, the following terms shall mean:

(1) “Electrical corporation”, as defined in section 386.020, but shall not include an electrical corporation as defined and set forth in subsection 2 of section 393.110;

(2) “Aluminum smelting facility”, a facility whose primary industry is the smelting of aluminum and primary metals, Standard Industrial Classification Code 3334, is located in a county of the third classification, and has had electrical service provided to said facility in the past, in part or whole, by a municipally-owned utility and, in part or whole, by an electric generating cooperative owned by rural electric cooperatives;

(3) “Steel works facility”, a facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110, and is located in a county of the third classification.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate that is not based on the electrical corporation’s cost of service for an aluminum smelting facility or a steel works facility if the commission:

(1) Determines the special rate is in the interest of the state of Missouri when considering the collective interests of the customers of the electrical corporation serving the facility and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) In each general rate proceeding of the electrical corporation serving the facility, allocates the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation’s other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) Approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to an aluminum smelting facility or steel works facility in the manner specified in subsection 4 of this section must establish a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the smelting facility because of changes in the smelting facility’s load

between the electrical corporation's general rate proceedings, with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to the effective date of this section. The commission shall ensure that the changes in net margin experienced by the electrical corporation due to such changes in the facility's load between general rate proceedings is calculated in such a manner that the electrical corporation's net income is neither increased nor decreased because of such changes in the facility's load. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. An electrical corporation is authorized to provide electric service to an aluminum smelting facility or steel works facility at a special rate authorized by this section in one of two ways, as follows:

(1) Under a rate schedule reflecting the special rate if the facility is located within the electrical corporation's certificated service territory; or

(2) Notwithstanding section 393.170, under a contract reflecting the special rate approved by the commission under the terms and conditions of this section.

In any case where the electric service is provided under contract referenced in subdivision (2) of this subsection, the facility shall be a commission-regulated retail electric customer of the electrical corporation and the rates, charges, and revenues under the contract shall, for ratemaking purposes, be treated by the commission as if the rates, charges, and revenues arise under the electrical corporation's tariff.

5. To receive a special rate, the facility must file a written application with the commission specifying the requested special rate, any terms or conditions proposed by the facility respecting the requested special rate, and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall not continue beyond December 31, 2027. The commission may impose such conditions on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

393.356. Electrical corporations may file proposed rate or regulatory mechanisms or plans with the commission for the commission's approval. If such a mechanism or plan is approved by the commission as filed or is approved by the commission with modifications acceptable to the electrical corporation, or if the commission approves a special rate under section 393.355, the commission shall lack the authority to modify or eliminate any such mechanism, plan, or special rate during the specified term.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

automation of electric infrastructure, including through the use of the latest technologies to meet the needs and expectations of customers. It shall also be the policy of the state of Missouri for the commission to approve rates designed to allow electrical corporations to recover their full cost of service and provide a reasonable opportunity to earn a fair return.

HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Bill No. 302, Page 3, Section 68.075, Line 53, by inserting immediately after all of said section and line the following:

“99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the “Special Allocation Fund” of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any

additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for

the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects

shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan

or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2017, and before August 28, 2027, be increased by or exceed ten million dollars. Redevelopment plans or projects approved prior to August 28, 2017, which are expanded with buildings of new construction shall not be increased by more than ten million dollars in excess of the original previously approved maximum projected amount. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2027, exceed twenty million dollars; provided however, that such ceilings shall not apply to redevelopment plans or projects exempted from such ceilings under subdivision (3) of this subsection;

(5) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the “Missouri Supplemental Tax Increment Financing Fund”, to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental

increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 8

Amend House Committee Substitute for Senate Bill No. 302, Page 4, Section 135.963, Line 54, by inserting after said section and line the following:

“393.1130. 1. This section shall be known and may be cited as “The Nuclear Energy Standard”.

2. As used in this section, the following terms shall mean:

(1) “Commission”, the public service commission;

(2) “Small modular nuclear reactor”, a nuclear reactor based on fission that is approved under federal and state laws and regulations to be constructed in this state which produces less than three hundred megawatts of clean electrical energy; and

(3) “Utility”, any electrical corporation as defined under section 386.020, but this term shall not include any electrical corporation as defined and set forth under subsection 2 of section 393.110.

3. Upon the fulfillment of subsection 4 of this section, the commission shall prescribe by rule that all utilities in this state produce electricity using small modular nuclear reactors such that two percent of each utility’s total electricity retail sales are made based on electricity generated by such reactors. The commission shall have discretion with regard to the time for requiring compliance with the nuclear energy standard, but in no case shall it require full compliance less than three years from the fulfillment of the conditions for the effective date of this section. The commission may promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

4. This section shall become effective only if a production facility for small modular nuclear reactors has been built in this state and is operational. A facility shall be classified as operational if such facility has produced no fewer than three small modular nuclear reactors in accordance with all federal and state laws and regulations, and such reactors are legally available for sale or use. If the commission determines that a production facility is properly operational in accordance with this section, then it shall comply with the requirements of subsection 3 of this section. The commission

shall notify the revisor of statutes when a facility has been built and becomes operational.

5. Notwithstanding subsection 3 to the contrary, a utility may petition the commission to satisfy the two percent generation requirement from renewable or hydroelectric sources, or with the purchase of renewable energy credits as defined in section 393.1025. The commission may grant such a petition upon a finding of undue hardship for compliance or due to a lack of increase in demand for energy generation by the utility.

393.1025. As used in sections 393.1020 to 393.1030, the following terms mean:

(1) “Commission”, the public service commission;

(2) “Department”, the department of natural resources;

(3) “Electric utility”, any electrical corporation as defined by section 386.020;

(4) “Renewable energy credit” or “REC”, a tradeable certificate of proof that one megawatt-hour of electricity has been generated from renewable energy sources; and

(5) “Renewable energy resources”, electric energy produced from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, **processed solid biomass engineered fiber fuel as defined in section 393.1600**, methane from landfills, from agricultural operations, or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material to energy, clean and untreated wood such as pallets, hydropower (not including pumped storage) that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, fuel cells using hydrogen produced by one of the above-named renewable energy sources, and other sources of energy not including nuclear that become available after November 4, 2008, and are certified as renewable by rule by the department.

393.1030. 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility’s sales:

(1) No less than two percent for calendar years 2011 through 2013;

(2) No less than five percent for calendar years 2014 through 2017;

(3) No less than ten percent for calendar years 2018 through 2020; and

(4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance. **Each kilowatt-hour of eligible energy generated from processed solid biomass engineered fiber fuel, as defined in section 393.1600, shall count as 1.50 kilowatt-hours for purposes of compliance.**

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may

exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation. Notwithstanding the foregoing, until June 30, 2020, if the maximum average retail rate increase would be less than or equal to one percent if an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility is ignored for purposes of calculating the increase, then additional solar rebates shall be paid and included in rates in an amount up to the amount that would produce a retail rate increase equal to the difference between a one percent retail rate increase and the retail rate increase calculated when ignoring an electric utility's investment in solar-related projects initiated, owned, or operated by the electric utility. Notwithstanding any provision to the contrary in this section, even if the payment of additional solar rebates will produce a maximum average retail rate increase of greater than one percent when an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility are included in the calculation, the additional solar rebate costs shall be included in the prudently incurred costs to be recovered as contemplated by subdivision (4) of this subsection;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1 of this section. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. As provided for in this section, except for those electrical corporations that qualify for an exemption under section 393.1050, each electric utility shall make available to its retail customers a solar rebate for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, measured in direct current that were confirmed by the electric utility to have become operational in compliance with the provisions of section 386.890. The solar rebates shall be two dollars per watt for systems becoming operational on or before June 30, 2014; one dollar and fifty cents per watt for systems becoming operational between July 1, 2014, and June 30, 2015; one dollar per watt for systems becoming operational between July 1, 2015, and June 30, 2016; fifty cents per watt for systems becoming operational between July 1, 2016, and June 30, 2017; fifty cents per watt for systems becoming operational

between July 1, 2017, and June 30, 2019; twenty-five cents per watt for systems becoming operational between July 1, 2019, and June 30, 2020; and zero cents per watt for systems becoming operational after June 30, 2020. An electric utility may, through its tariffs, require applications for rebates to be submitted up to one hundred eighty-two days prior to the June thirtieth operational date. Nothing in this section shall prevent an electrical corporation from offering rebates after July 1, 2020, through an approved tariff. If the electric utility determines the maximum average retail rate increase provided for in subdivision (1) of subsection 2 of this section will be reached in any calendar year, the electric utility shall be entitled to cease paying rebates to the extent necessary to avoid exceeding the maximum average retail rate increase if the electrical corporation files with the commission to suspend its rebate tariff for the remainder of that calendar year at least sixty days prior to the change taking effect. The filing with the commission to suspend the electrical corporation's rebate tariff shall include the calculation reflecting that the maximum average retail rate increase will be reached and supporting documentation reflecting that the maximum average retail rate increase will be reached. The commission shall rule on the suspension filing within sixty days of the date it is filed. If the commission determines that the maximum average retail rate increase will be reached, the commission shall approve the tariff suspension. The electric utility shall continue to process and pay applicable solar rebates until a final commission ruling; however, if the continued payment causes the electric utility to pay rebates that cause it to exceed the maximum average retail rate increase, the expenditures shall be considered prudently incurred costs as contemplated by subdivision (4) of subsection 2 of this section and shall be recoverable as such by the electric utility. As a condition of receiving a rebate, customers shall transfer to the electric utility all right, title, and interest in and to the renewable energy credits associated with the new or expanded solar electric system that qualified the customer for the solar rebate for a period of ten years from the date the electric utility confirmed that the solar electric system was installed and operational.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.

6. The commission shall have the authority to promulgate rules for the implementation of this section, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void."

620.3080. 1. As used in this section, the following terms shall mean:

(1) “Job creation, worker training, and infrastructure development programs”, the Missouri works program established under sections 620.2000 to 620.2020, Missouri business use incentives for large-scale development act established under sections 100.700 to 100.850, the Missouri works training program established under sections 620.800 to 620.809, and the real property tax increment allocation redevelopment act established under sections 99.800 to 99.865;

(2) “SMR production facility”, a facility which produces nuclear reactors based on fission that is approved under federal and state law and regulations to be constructed which produce less than three hundred megawatts of clean electrical energy.

2. Notwithstanding any other provision of law to the contrary, no benefits authorized under job creation, worker training, and infrastructure development programs for a SMR production facility shall be considered in determining compliance with applicable limitations on the aggregate amount of benefits that may be awarded annually or cumulatively under subdivision (3) of subsection 10 of section 99.845, subsection 5 of section 100.850, subsection 7 of section 620.809, and subsection 7 of section 620.2020. No SMR production facility shall be authorized for state benefits under job creation, worker training, and infrastructure development programs that exceed, in the aggregate, one hundred and fifty million dollars annually under all such programs.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Bill No. 302, Page 4, Section 135.963, Line 54, by inserting immediately after said section and line the following:

“304.120. 1. Municipalities, by ordinance, may establish reasonable speed regulations for motor vehicles within the limits of such municipalities. No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

- (1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
- (2) Establish one-way streets and provide for the regulation of vehicles thereon;
- (3) Require vehicles to stop before crossing certain designated streets and boulevards;

(4) Limit the use of certain designated streets and boulevards to passenger vehicles, except that each municipality shall allow at least one route, with lawful traffic movement and access from both directions, to be available for use by commercial motor vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize a municipality to limit the use of all routes in the municipality. **The use by commercial motor vehicles of a municipality-designated route for such vehicles in compliance with any ordinances of the designating municipality**

shall not be deemed a nuisance or evidence of a nuisance. Nothing contained in this subdivision is intended to modify or limit recovery for any claim that is independent of a nuisance claim;

(5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound-producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

4. No ordinance shall impose liability on the owner-lessor of a motor vehicle when the vehicle is being permissively used by a lessee and is illegally parked or operated if the registered owner-lessor of such vehicle furnishes the name, address and operator's license number of the person renting or leasing the vehicle at the time the violation occurred to the proper municipal authority within three working days from the time of receipt of written request for such information. Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial motor vehicles on all routes within the municipality. For purposes of this section, the term "route" shall mean any state road, county road, or public street, avenue, boulevard, or parkway.

6. No ordinance shall prohibit the operator of a motor vehicle from being in an intersection while a red signal is being displayed if the operator of the motor vehicle entered the intersection during a yellow signal interval. The provisions of this subsection shall supercede any local laws, ordinances, orders, rules, or regulations enacted by a county, municipality, or other political subdivision that are to the contrary."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“513.655. 1. No law enforcement agency or prosecuting authority shall enter into an agreement to transfer or refer seized property to a federal agency directly, indirectly, by adoption, through an intergovernmental joint task force, or by any other means for the purposes of forfeiture litigation unless the seized property includes United States currency in excess of one hundred thousand dollars.

(1) Federal agency for forfeiture litigation under federal law; or

(2) Local or state agency for forfeiture litigation under state law.

3. Nothing in subsection 1 or 2 of this section shall be construed to restrict a law enforcement agency from collaborating with a federal agency through an intergovernmental joint task force to seize contraband or property that the law enforcement agency has probable cause to believe is the proceeds or instruments of a crime.”; and

Further amend said bill, Page 13,”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 10

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 34, Page 13, Section 566.010, Line 40, by inserting immediately after said section and line the following:

“568.040. 1. A person commits the offense of nonsupport if he or she knowingly fails to provide adequate support for his or her spouse; a parent commits the offense of nonsupport if such parent knowingly fails to provide adequate support which such parent is legally obligated to provide for his or her child or stepchild who is not otherwise emancipated by operation of law.

2. For purposes of this section:

(1) “Arrearage”:

(a) The amount of moneys created by a failure to provide support to a child under an administrative or judicial support order;

(b) Support to an estranged or former spouse if the judgment or order requiring payment of spousal support also requires payment of child support and such estranged or former spouse is the custodial parent; or

(c) Both paragraphs (a) and (b).

The arrearage shall reflect any retroactive support ordered under a modification and any judgments entered by a court of competent jurisdiction or any authorized agency and any satisfactions of judgment filed by the custodial parent;

(2) “Child” means any biological or adoptive child, or any child whose paternity has been established under chapter 454, or chapter 210, or any child whose relationship to the defendant has been determined, by a court of law in a proceeding for dissolution or legal separation, to be that of child to parent;

[(2)] (3) “Good cause” means any substantial reason why the defendant is unable to provide adequate support. Good cause does not exist if the defendant purposely maintains his inability to support;

[(3)] (4) “Support” means food, clothing, lodging, and medical or surgical attention;

[(4)] (5) It shall not constitute a failure to provide medical and surgical attention, if nonmedical remedial treatment recognized and permitted under the laws of this state is provided.

3. Inability to provide support for good cause shall be an affirmative defense under this section. A defendant who raises such affirmative defense has the burden of proving the defense by a preponderance of the evidence.

4. The defendant shall have the burden of injecting the issues raised by subdivision [(4)] (5) of subsection 2 of this section.

5. The offense of criminal nonsupport is a class A misdemeanor, unless the total arrearage is in excess of an aggregate of twelve monthly payments due under any order of support issued by any court of competent jurisdiction or any authorized administrative agency, in which case it is a class E felony.

6. (1) If at any time an offender convicted of criminal nonsupport **or pleads guilty to a charge of criminal nonsupport** is placed on probation or parole, there may be ordered as a condition of probation or parole that the offender commence payment of current support as well as satisfy the arrearages. Arrearages may be satisfied first by making such lump sum payment as the offender is capable of paying, if any, as may be shown after examination of the offender's financial resources or assets, both real, personal, and mixed, and second by making periodic payments. Periodic payments toward satisfaction of arrears when added to current payments due [may] **shall** be in such aggregate sums as is not greater than fifty percent of the offender's adjusted gross income after deduction of payroll taxes, medical insurance that also covers a dependent spouse or children, and any other court- or administrative-ordered support, only.

(2) If the offender fails to pay the [current] support and arrearages [as ordered] **under the terms of his or her probation**, the court may revoke probation or parole and then impose an appropriate sentence within the range for the class of offense that the offender was convicted of as provided by law, unless the offender proves good cause for the failure to pay as required under subsection 3 of this section.

(3) (a) **An individual whose children were the subject of a child support order and the obligation of such individual to make child support payments has been terminated under subsection 3 of section 452.340, who has pled guilty to or has been convicted of a felony offense for criminal nonsupport under this section, and who has successfully completed probation after a plea of guilty or was sentence may petition the court for expungement of all official records all recordings of his or her arrest, plea, trial, or conviction. If the court determines after hearing that such person:**

a. **Has not been convicted of any subsequent offense, unless such offense is eligible for expungement under a different section;**

b. **Does not have any other felony pleas of guilt, findings of guilt, or convictions, unless such felony pleas of guilt, findings of guilt, or convictions are eligible for expungement under a different section;**

c. **Has paid off all arrearages; and**

d. **Has no administrative child support actions pending at the time of the hearing on the application for expungement with respect to all children subject to orders of payment of child support**

the court shall enter an order of expungement. In addition, the court may consider successful completion of a criminal nonsupport courts program under section 478.1000, or any other circumstances or factors deemed relevant by the court.

(b) Upon granting the order of expungement, the records and files maintained in any court proceeding in an associate or a circuit division of the circuit court under this section shall be confidential and only available to the parties or by order of the court for good cause shown.

(c) The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea, or conviction, and as if such event had never taken place. No person for whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

(d) A person shall only be entitled to one expungement under this section. Nothing in this section shall prevent the director of the department of social services from maintaining such records as to ensure that an individual receives only one expungement under this section for the purpose of informing the proper authorities of the contents of any record maintained under this section.

7. During any period that a nonviolent offender is incarcerated for criminal nonsupport, if the offender is ready, willing, and able to be gainfully employed during said period of incarceration, the offender, if he or she meets the criteria established by the department of corrections, may be placed on work release to allow the offender to satisfy his or her obligation to pay support. Arrearages shall be satisfied as outlined in the collection agreement.

8. Beginning August 28, 2009, every nonviolent first- and second-time offender then incarcerated for criminal nonsupport, who has not been previously placed on probation or parole for conviction of criminal nonsupport, may be considered for parole, under the conditions set forth in subsection 6 of this section, or work release, under the conditions set forth in subsection 7 of this section.

9. Beginning January 1, 1991, every prosecuting attorney in any county which has entered into a cooperative agreement with the [child support enforcement service of the] family support division [of] **within** the department of social services **regarding child support enforcement services** shall report to the division on a quarterly basis the number of charges filed and the number of convictions obtained under this section by the prosecuting attorney's office on all IV-D cases. The division shall consolidate the reported information into a statewide report by county and make the report available to the general public.

10. Persons accused of committing the offense of nonsupport of the child shall be prosecuted:

(1) In any county in which the child resided during the period of time for which the defendant is charged; or

(2) In any county in which the defendant resided during the period of time for which the defendant is charged.”; and

Further amend said bill, Page 24, Section 595.045, Line 118, by inserting immediately after said section and line the following:

“610.145. 1. (1) If a person is named in a charge for an infraction or offense, whether a misdemeanor or a felony, as a result of another person using the identifying information of the named person or mistaken identity and a finding of not guilty is entered, or the conviction is set aside, the named person may apply by petition or written motion to the court where the charge was last pending on a form approved by the office of state courts administrator and supplied by the clerk of the court for an order to expunge from all official records any entries relating to the person’s apprehension, charge, or trial. The court, after providing notice to the prosecuting attorney, shall hold a hearing on the motion or petition and, upon finding that the person’s identity was used without permission and the charges were dismissed or the person was found not guilty, the court shall order the expungement.

(2) If any person is named in a charge for an infraction or offense, whether a misdemeanor or a felony, as a result of another person using the identifying information of the named person or mistaken identity, and the charge against the named person is dismissed, the prosecutor or other judicial officer who ordered the dismissal shall provide notice to the court of the dismissal, and the court shall order the expungement of all official records containing any entries relating to the person’s apprehension, charge, or trial.

2. No person as to whom such an order has been entered under this section shall be held thereafter under any provision of law to be guilty of perjury or to be guilty of otherwise giving a false statement or response to any inquiry made for any purpose, by reason of the person’s failure to recite or acknowledge any expunged entries concerning apprehension, charge, or trial.

3. The court shall also order that such entries shall be expunged from the records of the court and direct all law enforcement agencies, the department of corrections, the department of revenue, or any other state or local government agency identified by the petitioner, or the person eligible for automatic expungement under subdivision (2) of subsection 1 of this section, as bearing record of the same to expunge their records of the entries. The clerk shall notify state and local agencies of the court’s order. The costs of expunging the records, as provided in this chapter, shall not be taxed against the person eligible for expungement under this section.

4. The department of revenue shall expunge from its records entries made as a result of the charge or conviction ordered expunged under this section. The department of revenue shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions expunged, including the assessment of the driver’s license points and driver’s license suspension or revocation. Notwithstanding any other provision of this chapter, the department of revenue shall provide to the person whose motor vehicle record is expunged under this section a certified corrected driver history at no cost and shall reinstate at no cost any driver’s license suspended or revoked as a result of a charge or conviction expunged under this section.

5. The department of corrections and any other applicable state or local government agency shall expunge its records. The agency shall also reverse any administrative actions taken against a person whose record is expunged under this section as a result of the charges or convictions being expunged. Notwithstanding any other provision of law, the normal fee for any reinstatement of a license or privilege resulting under this section shall be waived.

6. Any insurance company that charged any additional premium based on insurance points assessed against a policyholder as a result of a charge or conviction that was expunged under this

section shall refund such additional premiums to the policyholder upon notification of the expungement.

7. For purposes of this section, the term “mistaken identity” means the erroneous arrest of a person for an offense as a result of misidentification by a witness or law enforcement, confusion on the part of a witness or law enforcement as to the identity of the person who committed the offense, misinformation provided to law enforcement as to the identity of the person who committed the offense, or some other mistake on the part of a witness or law enforcement as to the identity of the person who committed the offense.

650.055. 1. Every individual who:

(1) Is found guilty of a felony or any offense under chapter 566; or

(2) Is seventeen years of age or older and arrested for burglary in the first degree under section 569.160, or burglary in the second degree under section 569.170, or a felony offense under chapter 565, 566, 567, 568, or 573; or

(3) Has been determined to be a sexually violent predator pursuant to sections 632.480 to 632.513; or

(4) Is an individual required to register as a sexual offender under sections 589.400 to 589.425;

shall have a fingerprint and blood or scientifically accepted biological sample collected for purposes of DNA profiling analysis.

2. Any individual subject to DNA collection and profiling analysis under this section shall provide a DNA sample:

(1) Upon booking at a county jail or detention facility; or

(2) Upon entering or before release from the department of corrections reception and diagnostic centers;
or

(3) Upon entering or before release from a county jail or detention facility, state correctional facility, or any other detention facility or institution, whether operated by a private, local, or state agency, or any mental health facility if committed as a sexually violent predator pursuant to sections 632.480 to 632.513;
or

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(5) If such individual is under the jurisdiction of the department of corrections. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, and on parole, as also defined in section 217.650; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri

state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

4. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. **(1)** An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, **or through the court granting an expungement of all official records under section 568.040.** A certified copy of the court order establishing that such conviction has been reversed [or], guilty plea has been set aside, **or expungement has been granted under section 568.040** shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order,

the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

[(1)] **(2)** A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, [or] the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, **or an expungement of all official records has been granted by the court under section 568.040.**

[(2)] **(3)** Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction [or], setting aside the plea, **or granting an expungement of all official records under section 568.040,** and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

[(3)] **(4)** The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

[(4)] **(5)** Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY—FRIDAY, MAY 5, 2017

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“And now my children listen to me: Happy are those who keep my ways.” (Proverbs 8:32)

Almighty God You have revealed true wisdom for our benefit and as we try to manage our lives as public servants and those who live and maintain a family life, make our wills and actions true to You in both spheres. Help us to see how we are missed and needed and be sensitive to those that love us. And help us seek the path that brings us wisdom for daily living and knowledge of You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

For the purposes of this paragraph, the terms “contribution” and “covered transfer” shall not include transfers or payments made prior to the date on which this paragraph takes effect as law.

(c) For the purpose of identifying the original source or original sources of any reportable outlay:

a. When a person making a contribution or covered transfer restricts or designates it for a particular purpose, such contribution or covered transfer shall be attributed to a reportable outlay the purpose of which matches that for which the covered transfer was restricted or designated, if such a reportable outlay is made by the immediate recipient of the covered transfer and if no covered transfer received earlier has already been attributed to that reportable outlay pursuant to this subparagraph.

b. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

18. The provisions of this section are self-executing. All of the provisions of this section are severable. 10. (1) Any person which is not a defined committee, has accepted one or more covered transfers since the most recent general election, and has made a reportable outlay or reportable outlays aggregating five thousand dollars or more since the most recent general election, shall file reports as prescribed in this subsection.

(2) Subsequent to each general election, a person required to file reports by subdivision (1) of this subsection shall file a report no later than fourteen days after first making a reportable outlay which by itself or when added to all other reportable outlays made since the general election equals five thousand dollars or more. After such initial report, an additional report shall be filed no later than fourteen days after any date on which the reporting person makes a reportable outlay which by itself or when added to all other reportable outlays made since the reportable outlay most recently reported equals five thousand dollars or more, except that, if such reportable outlay is made during the thirty days before an election, such additional report shall be filed within forty-eight hours after the date on which the reporting person made such reportable outlay.

(3) All reports filed under this subsection shall contain the following information:

(a) The name and address of the reporting person, and, if that person is a natural person, the name and address of that person's employer;

(b) If the reporting person is a non-natural person, that person's owners, partners, board members, and officers, or their equivalents. In the event that a report does not otherwise include the name of a natural person associated with the reporting person, the report shall include the name, address, and other contact information of at least one natural person with managerial control over the reporting person;

(c) For each reportable outlay made by the reporting person since the most recent general election:

b. The name and address of the recipient of each reportable outlay; and

c. A description of the nature and purpose of each reportable outlay, including, in addition to any other information required by rules promulgated by the ethics commission, the name of any candidate or ballot measure supported or opposed, and, if the reportable outlay is an elected official communication payment, the name of any elected official identified by the communication and the name of any elected official in connection with whom the communication is made;

(d) Each report shall include receipts of covered transfers accepted since the most recent general election, including:

a. The total dollar value of all covered transfers accepted;

b. (ii) The names of the owners, partners, board members, and officers, or their equivalents, of any non-natural person listed pursuant to item (i) of this subparagraph;

c. A listing of each covered transfer that was received in the form of a loan, such loans listed by name and address of the lender and date and amount of the loan. For each such loan of more than one hundred dollars, a separate statement shall be attached setting forth the name and address of the lender and each person liable directly, indirectly or contingently, and the date, amount and terms of the loan; and

d. A listing of each covered transfer accepted that was restricted or designated in whole or in part for a particular purpose by the transferor, such listing including the name and address of the transferor, together with the date and dollar value of the covered transfer, together with a reasonably detailed description of the purpose for which all or part of that covered transfer was restricted or designated.

11. (1) If the person filing a report under subsection 10 of this section has filed any previous report under subsection 10 of this section since the most recent general election, the subsequent report need only include updated information, and need not contain information identical to that provided in previous reports.

(2) Reports filed under subsection 10 of this section need not include information about reportable outlays made before the date on which subsection 10 of this section becomes effective or on covered transfers accepted prior to such date.

(3) (a) For purposes of subsection 10 of this section, if a covered transfer accepted is a payment to an organization of bona fide membership dues that do not exceed two thousand five hundred dollars in a five-year period, the name and other identifying information of the person making the covered transfer need not be reported.

(b) Any report that withholds information pursuant to paragraph (a) of this subdivision shall report the aggregate value of all covered transfers for which information is so withheld, stating that full disclosure has been withheld pursuant to paragraph (a) of this subdivision.

(c) Notwithstanding any other provision of law to the contrary, no provision of subsections 5 to 18 of this section shall be construed in such a way as to negate the exception provided for in paragraph (a) of this subdivision or otherwise be construed in such a way as to require that any person's name or other identifying information be disclosed to any entity as a result of such person having made a payment to an organization of bona fide membership dues that do not exceed two thousand five hundred dollars in a five-year period.

12. (1) No reportable outlay shall be made or accepted, directly or indirectly, in a fictitious name, in the name of another person, or by or through another person with the intent to conceal the original source of the reportable outlay.

(2) (a) The Missouri ethics commission shall promulgate rules to ensure that each person who, during the period between two general elections, is the original source of more than five thousand dollars of expenditures used to support or oppose any single candidate or ballot measure is publicly reported as such, together with the total amount of expenditures used to support or oppose that candidate or ballot measure for which such person is the original source, and together with a listing

of any intermediaries that facilitated the transfer by receiving and transferring funds or items on their path between the original source and the recipient person, including the values, immediate sources, and immediate recipients of such funds or items received and transferred by each such intermediary. For the purposes of this paragraph, “expenditure” shall not include contributions or covered transfers, nor transfers or payments made prior to the date on which this paragraph takes effect as law.

(b) The Missouri ethics commission shall promulgate rules to ensure that each person who, during the period between two general elections, is the original source of more than five thousand dollars of contributions or covered transfers received by any single person is publicly reported as such, together with the total amount of contributions or covered transfers to such recipient for which such contributor or transferor is the original source, and together with a listing of any intermediaries that facilitated the transfer by receiving and transferring funds or items on their path between the original source and the recipient person, including the values, immediate sources, and immediate recipients of such funds or items received and transferred by each such intermediary. For the purposes of this paragraph, the terms “contribution” and “covered transfer” shall not include transfers or payments made prior to the date on which this paragraph takes effect as law.

(c) For the purpose of identifying the original source or original sources of any reportable outlay:

a. When a person making a contribution or covered transfer restricts or designates it for a particular purpose, such contribution or covered transfer shall be attributed to a reportable outlay the purpose of which matches that for which the covered transfer was restricted or designated, if such a reportable outlay is made by the immediate recipient of the covered transfer and if no covered transfer received earlier has already been attributed to that reportable outlay pursuant to this subparagraph.

b. In all other cases, a contribution or covered transfer shall be attributed to a reportable outlay in the same proportion in which other contributions or covered transfers received by the immediate recipient of the contribution or covered transfer and not covered by subparagraph a of this paragraph are so attributed.

(d) For purposes of this subdivision, an “original source” is a person who makes a payment or transfer from its own sources other than covered transfers, donations or gifts, such as wages, investment income, inheritance, or revenue from the sale of goods or services.

13. The disclosure thresholds described in subsection 10 of this section shall be adjusted by an amount based upon the average of the percentage change over a four-year period in the United States Bureau of Labor Statistics Consumer Price Index for Kansas City, all items, all consumers, or its successor index, rounded to the nearest lowest twenty-five dollars and the percentage change over a four-year period in the United States Bureau of Labor Statistics Consumer Price Index for St. Louis, all items, all consumers, or its successor index, rounded to the nearest lowest twenty-five dollars. The first adjustment shall be done in the first quarter of 2019, and then every four years thereafter. The secretary of state shall calculate such an adjustment in each limit and specify the limits in rules promulgated in accordance with chapter 536, as amended from time to time.

14. All reports filed with the Missouri ethics commission under this section or under section 130.047 shall be filed in an electronic format as prescribed by the commission. Within five business

days of receiving any report, the commission shall make the report available to the public on its website in a searchable format. The commission shall also maintain and update at least weekly an online database of such reports' contents, cleaning the data of errors, assigning a unique identifier to each person whose identifying information is included in the database, ensuring that all appearances of each person's identifying information in the database are tagged with that person's unique identifier, and making the data available to the public for easy download in file formats well-suited for manipulation and analysis of data.

15. Every person failing to file a report as required by this section shall receive a warning from the executive director of the Missouri ethics commission. After one warning, a person failing to file a report shall be assessed a late filing fee of one hundred dollars for each day after such report is due to the commission, provided that the total amount of such fees assessed under this subsection shall not exceed five thousand dollars per report. The executive director shall send a notice to any person who fails to file such report within seven business days of such failure to file informing such person of such failure and the fees provided by this section.

16. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

17. The provisions of this section are self-executing. All of the provisions of this section are severable. If any provision of this section is found by a court of competent jurisdiction to be invalid, unconstitutional or unconstitutionally enacted, the remaining provisions of this section shall be and remain valid.

18. Any person who files a report under subsection 10 of this section and has a statutory or common law tort claim shall receive triple the amount of damages allowed under law and may also be awarded punitive damages, if such person demonstrates that but for the filing of the report the injury or harm would not have occurred.

Section B. The repeal and reenactment of section 105.487 of this act shall become effective July 1, 2018"; and

“304.120. 1. Municipalities, by ordinance, may establish reasonable speed regulations for motor vehicles within the limits of such municipalities. No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

- (1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
- (2) Establish one-way streets and provide for the regulation of vehicles thereon;
- (3) Require vehicles to stop before crossing certain designated streets and boulevards;

(4) Limit the use of certain designated streets and boulevards to passenger vehicles, except that each municipality shall allow at least one route, with lawful traffic movement and access from both directions, to be available for use by commercial motor vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize a municipality to limit the use of all routes in the municipality. **The use by commercial motor vehicles of a municipality-designated route for such vehicles in compliance with any ordinances of the designating municipality shall not be deemed a nuisance or evidence of a nuisance. Nothing contained in this subdivision is intended to modify or limit recovery for any claim that is independent of a nuisance claim;**

- (5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

- (7) Require the use of signaling devices on all motor vehicles; and

- (8) Prohibit sound-producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial motor vehicles on all routes within the municipality. For purposes of this section, the term "route" shall mean any state road, county road, or public street, avenue, boulevard, or parkway.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 283, Page 1, Section 67.1364, Line 17, by

2. As used in this section, the following terms shall mean:

(1) “AIM zone”, an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;

(2) “**County average wage**”, the average wages in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;

(3) “New job”, the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee’s work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility’s payroll, one hundred percent of the employee’s income from such employment is Missouri income, and the employee is paid at or above the [state] **county** average wage.

3. Any port authority located in this state may establish an AIM zone. Such zone may only include the area within the port authority’s jurisdiction, **ownership, or control**, and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority’s jurisdiction **or under the port authority’s ownership or control, and may be expanded or contracted by resolution of the port authority board of commissioners.**

Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the “Port Authority AIM Zone Fund”, which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023.”; and

4. When an investigation by a juvenile officer pursuant to this section reveals that the only basis for action involves an alleged violation of section 167.031 involving a child who alleges to be home schooled, the juvenile officer shall contact a parent or parents of such child to verify that the child is being home schooled and not in violation of section 167.031 before making a report of such a violation. Any report of a violation of section 167.031 made by a juvenile officer regarding a child who is being home schooled shall be made to the prosecuting attorney of the county where the child legally resides.

5. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child [or person seventeen years of age], alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. Such notification shall be in writing.

2. Upon request from any party, the court shall hold a protective custody hearing. Such hearing shall be held within three days of the request for a hearing, excluding Saturdays, Sundays and legal holidays. For circuits participating in a pilot project established by the Missouri supreme court, the parties shall be notified at the status conference of their right to request a protective custody hearing.

3. No later than February 1, 2005, the Missouri supreme court shall require a mandatory court proceeding to be held within three days, excluding Saturdays, Sundays, and legal holidays, in all cases under subdivision (1) of subsection 1 of section 211.031. The Missouri supreme court shall promulgate rules for the implementation of such mandatory court proceedings and may consider recommendations from any pilot projects established by the Missouri supreme court regarding such proceedings. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child

has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. The division, in consultation with the department of elementary and secondary education, shall establish the necessary procedures to implement the provisions of this subsection.

211.033. 1. No person under the age of [seventeen] **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071 shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of [seventeen] **eighteen** to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

[3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes [seventeen] **eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any

other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for [him] **the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of [seventeen] **eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and [seventeen] **eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023**, [or] distribution of drugs under section 195.211 **as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055**, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between [seventeen] **eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under [seventeen] **eighteen** years [and six months] of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of [seventeen] **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the court in person and in writing that a child appears to be within the purview of applicable provisions of section 211.031 [or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031], the court shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child [or person seventeen years of age] require that further action be taken. On the basis of this inquiry, the juvenile court may make such informal adjustment as is practicable without a petition or may authorize the filing of a petition by the juvenile officer. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child [or person seventeen years of age] which would place or commit the child [or person seventeen years of age] to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child [or person seventeen years of age] and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child [or person seventeen years of age] which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court

an alternative placement for the child [or person seventeen years of age]. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child [or person seventeen years of age]. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child [or person seventeen years of age].

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled “In the interest of, a child under [seventeen] **eighteen** years of age” [or “In the interest of, a child seventeen years of age” or “In the interest of, a person seventeen years of age” as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition].

2. The petition shall set forth plainly:

(1) The facts which bring the child [or person seventeen years of age] within the jurisdiction of the court;

(2) The full name, birth date, and residence of the child [or person seventeen years of age];

(3) The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child [or person seventeen years of age] or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.

211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child [or person seventeen years of age] to appear personally and, unless the court orders otherwise, to bring the child [or person seventeen years of age] before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child [or person seventeen years of age], then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child [or person seventeen years of age] is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child [or person seventeen years of age] into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child [or person seventeen years of age] within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child [or person seventeen years of age] may be given consideration in the disposition of his case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children [or persons seventeen years of age] coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children [or persons seventeen years of age] under its jurisdiction.

211.181. 1. When a child [or person seventeen years of age] is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child [or person seventeen years of age], and the court may, by order duly entered, proceed as follows:

(1) Place the child [or person seventeen years of age] under supervision in his own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child [or person seventeen years of age] to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child [or person seventeen years of age] may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child [or person seventeen years of age] in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child [or person seventeen years of age] in a family home;

(4) Cause the child [or person seventeen years of age] to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child [or person seventeen years of age] requires it, cause the child [or person seventeen years of age] to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child [or person seventeen years of age] whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child [or person seventeen years of age];

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he **or she** is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Beginning January 1, 1996, the court may make further directions as to placement with the division of youth services concerning the child's length of stay. The length of stay order may set forth a minimum review date;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his **or her** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his **or her** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. Execution of any order entered by the court, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed;

(9) When a child has been adjudicated to have violated a municipal ordinance or to have committed an act that would be a misdemeanor if committed by an adult, assess an amount of up to twenty-five dollars to be paid by the child to the clerk of the court; when a child has been adjudicated to have committed an act that would be a felony if committed by an adult, assess an amount of up to fifty dollars to be paid by the child to the clerk of the court.

4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be

made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons [seventeen] **eighteen** years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his [seventeenth] **or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's [seventeenth] **eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. 1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person [seventeen] **eighteen** years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the case may be, for appropriate proceedings.

211.425. 1. Any person who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape, forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender and shall be required to register as a juvenile sex offender by complying with the registration requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen years of age or older at the time of the offense and the offense adjudicated would be considered a felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such offense, in which case, the juvenile shall be required to register as an adult sexual offender under sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex offender or any court having jurisdiction over a juvenile required to register as a juvenile sex offender, or any person required to register as a juvenile sex offender, shall, within ten days of the juvenile offender moving into

any county of this state, register with the juvenile office of the county. If such juvenile offender changes residence or address, the state agency, court or person shall inform the juvenile office within ten days of the new residence or address and shall also be required to register with the juvenile office of any new county of residence. Registration shall be accomplished by completing a registration form similar to the form provided for in section 589.407. Such form shall include, but is not limited to, the following:

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their jurisdictions who register as required by this section. Information contained on the registration forms shall be kept confidential and may be released by juvenile offices to only those persons and agencies who are authorized to receive information from juvenile court records as provided by law, including, but not limited to, those specified in section 211.321. State agencies having custody of juveniles who fall within the registration requirements of this section shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person [seventeen] **eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

5. Any juvenile to whom the registration requirement of this section applies shall be informed by the official in charge of the juvenile's custody, upon the juvenile's discharge or release from such custody, of the requirement to register pursuant to this section. Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile [will] **shall** be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

6. The requirement to register as a juvenile sex offender shall terminate upon the juvenile offender reaching age twenty-one, unless such juvenile offender is required to register as an adult offender pursuant to section 589.400.

211.431. Any person [seventeen] **eighteen** years of age or over who willfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provision of this chapter is guilty of a class A misdemeanor.

or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax and reduce property taxes under the provisions of sections 67.500 to 67.545.

2. The ballot of submission shall contain, but need not be limited to, the following language:

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the sales tax and reduce the property tax as herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax and reduce the property tax under the provisions of sections 67.500 to 67.545 and such proposal is approved by a majority of the qualified voters voting thereon.

3. The sales tax may be imposed at a rate of one-fourth of one percent, three-eighths of one percent or one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. Each year in which a sales tax is imposed under the provisions of sections 67.500 to 67.545, the county shall, after determining its budget, excluding funds required to be set aside and placed to the credit of special road districts, within the limits set by the constitution and laws of this state for the following calendar year and the total property tax levy needed to raise the revenues required by such budget, reduce that total property tax levy in an amount sufficient to decrease the total property taxes it will collect by an amount equal to one of the following:

In addition to the tax authorized by section 67.505, any county **as defined in section 67.750** may, by a majority vote of its governing body, impose an additional county sales tax on all sales which are subject to taxation under the provisions of sections 144.010 to 144.525. The tax authorized by this section shall be in addition to any and all other sales tax allowed by law; except that no ordinance or order imposing a sales tax under the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose such tax.

6. Except as prohibited under section 184.353, residents of any county that does not adopt a sales tax under this section for the purpose of supporting zoological activities may be charged an admission fee for zoological facilities, programs, or events that are not part of the zoological subdistrict defined under subsection 15 of section 184.352 as of August 28, 2017.

Beginning in 1997, within the area from which voters and the commission have approved the provision of central dispatching for emergency services by a public agency for an area containing third or fourth class cities in counties of the third classification with a population of at least thirty-two thousand but no greater than forty thousand that border a county of the first classification but do not border the Mississippi River, the initial board shall consist of two members from each township within such area and one at-large member who shall serve as the initial chairperson of such board.

2. Within the area from which voters and the commission have approved the provision of central dispatching for emergency services by a public agency for an area containing third or fourth class cities in counties of the third classification with a population of at least thirty-two thousand but no greater than forty thousand that border a county of the first classification, voters shall elect a board to administer funds and oversee the provision of central dispatching for emergency services. Such board shall consist of two members elected from each of the townships within such area and one member elected at large who shall serve as the chairperson of the board.

3. Of those initially elected to the board as provided in this section, four from the townships shall be elected to a term of two years, and four from the townships and the at-large member shall be elected to a term of four years. Upon the expiration of these initial terms, all members shall thereafter be elected to terms of four years; **provided that, if a board established in this section consolidates with a board established under section 190.327 or 190.335, under the provisions of section 190.460, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.**

190.329. 1. Except in areas from which voters and the commission have approved the provision of central dispatching for emergency services by a public agency for an area containing third or fourth class cities located in counties of the third classification with a population of at least thirty-two thousand but no greater than forty thousand that border a county of the first classification but do not border the Mississippi River, the initial board shall consist of seven members appointed without regard for political party who shall be selected from and shall represent the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from any one commission district of the county.

2. Beginning in 1992, three members shall be elected from each commission district and one member shall be elected at large, with such at-large member to be a voting member and chairman of the board. Of those first elected, four members from commission districts shall be elected for terms of two years and two members from commission districts and the member at large shall be elected for terms of four years. In 1994, and thereafter, all terms of office shall be for four years, except as **otherwise provided in this subsection or as provided in subsection 3 of this section.** Any vacancy on the board shall be filled in the same manner as the initial appointment was made. Four members shall constitute a quorum. **If a board established in section 190.327 consolidates with a board established under section 190.327, 190.328, or 190.335, under the provisions of section 190.460, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.**

3. Upon approval by the county commission for the election of board members to be held on general

municipal election day, pursuant to subsection 2 of section 190.327, the terms of those board members then holding office shall be reduced by seven months. After a board member's term has been reduced, all following terms for that position shall be for four years, **except as otherwise provided under subsection 2 of this section.**

190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund

the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years; **provided that, if a board established in this section consolidates with a board established under this section, section 190.327, or section 190.328, under the provisions of section 190.460, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.** Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants or in any county of the third classification with a township form of government and with more than twenty-eight thousand but fewer than thirty-one thousand inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339. Such boards which existed prior to August 25, 2010, shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency **telephone** service 911 system to the new entity created by the reclassification of the board.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Except as provided in subdivision (4) of this subsection, each member shall be one of the following:

- (a) The head of any of the county's fire protection districts, or a designee;
- (b) The head of any of the county's ambulance districts, or a designee;
- (c) The county sheriff, or a designee;
- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

(4) In any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants, each of the entities listed in subdivision (2) of this subsection shall be represented on the board by at least one member.

(5) In any county with more than fifty thousand but fewer than seventy thousand inhabitants and with a county seat with more than two thousand one hundred but fewer than two thousand four hundred inhabitants, the entities listed in subdivision (2) of this subsection shall be represented by one member, and two members shall be residents of the county not affiliated with any of the entities listed in subdivision (2) of this subsection and shall be known as public members.

190.400. As used in sections 190.400 to [190.440] **190.451**, the following words and terms shall mean:

- (1) ["911", the primary emergency telephone number within the wireless system;
- (2) "Board", the wireless service provider enhanced 911 advisory board;

(3)] "Active telephone number", a ten-digit North American Numbering Plan number that has been assigned to a subscriber and is provisioned to generally reach, by dialing, the public switched telephone network and not only 911 or the 911 system;

(2) "Communications service":

(a) Any service that:

a. Uses telephone numbers or their functional equivalents or successors;

b. Provides access to, and a connection or interface with, a 911 system through the activation or enabling of a device, transmission medium, or technology that is used by a customer to dial, initialize,

or otherwise activate the 911 system, regardless of the particular device, transmission medium, or technology employed;

c. Provides and enables real-time or interactive communications other than machine-to-machine communications; and

d. Is available to a prepaid user or a standard user;

(b) The term includes, but is not limited to, the following:

b. Commercial mobile radio service; and

c. Interconnected voice over internet protocol service and voice over power lines;

(c) The term does not include broadband internet access service;

(d) For purposes of this section, if a device that is capable of contacting 911 is permanently installed in a vehicle, it shall not be subject to this section unless the owner of such vehicle purchases or otherwise subscribes to a commercial mobile service as defined under 47 U.S.C. Section 332(d) of the Telecommunications Act of 1996;

(3) “Provider or communications service provider”, a person who provides retail communications services to the public that include 911 communications service including, but not limited to, a local exchange carrier, a wireless provider, and a voice over internet protocol provider, but only if such entity provides access to, and connection and interface with, a 911 communications service or its successor service;

(4) “Public safety agency”, a functional division of a public agency which provides fire fighting, police, medical or other emergency services. For the purpose of providing wireless service to users of 911 emergency services, as expressly provided in this section, the department of public safety and state highway patrol shall be considered a public safety agency;

[(4)] (5) “Public safety answering point”, the location at which 911 calls are [initially] answered;

[(5)] (6) “Subscriber”, a person who contracts with and is billed by a provider for a retail communications service. In the case of wireless service and for purposes of section 190.450, the term “subscriber” means a person who contracts with a provider if the person’s primary place of use is within the county or city imposing a monthly fee under section 190.450, and does not include subscribers to prepaid wireless service;

(7) “Wireless service provider”, a provider of commercial mobile service pursuant to Section 332(d) of the Federal Telecommunications Act of 1996 (47 U.S.C. Section 151 et seq).

190.420. 1. There is hereby established a **special trust** fund to be known as the “[Wireless Service Provider Enhanced] **Missouri 911 Service Trust Fund**”. All fees collected pursuant to sections 190.400 to [190.440 by wireless service providers] **190.451** shall be remitted to the director of the department of revenue.

2. The director of the department of revenue shall deposit such payments into the [wireless service

provider enhanced] **Missouri 911 service trust fund.** Moneys in the fund shall be used for the purpose of reimbursing expenditures actually incurred in the implementation and operation of the [wireless service provider enhanced] **Missouri 911 [system] systems and for the answering and dispatching of emergency calls as determined to be appropriate by the governing body of the county or city imposing the fee.**

3. Any unexpended balance in the fund shall be exempt from the provisions of section 33.080, relating to the transfer of unexpended balances to the general revenue fund, and shall remain in the fund. Any interest earned on the moneys in the fund shall be deposited into the fund, **and may be used to fund the study required under subsection 18 of section 190.450.**

4. **The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which were collected in each county, city not within a county, or home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants under sections 190.400 to 190.451, and the records shall be open to the inspection of officers of a participating county or city and the public.**

190.450. 1. Except as provided under subsections 9 and 10 of this section, in lieu of the tax levy authorized under section 190.305 or 190.325 or the sales tax imposed under section 190.292 or 190.335, the governing body of any county, city not within a county, or home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants may impose, by order or ordinance, a monthly fee on subscribers of any communications service that has been enabled to contact 911. The monthly fee authorized in this section shall not exceed one dollar and fifty cents and shall be assessed to the subscriber of the communications service, regardless of technology, based upon the number of active telephone numbers, or their functional equivalents or successors, assigned by the provider and capable of simultaneously contacting the public safety answering point; provided that, for multiline telephone systems and for facilities provisioned with capacity greater than a voice capable grade channel or its equivalent, regardless of technology, the charge shall be assessed on the number of voice-capable grade channels as provisioned by the provider that allow simultaneous contact with the public safety answering point. Only one fee may be assessed per active telephone number, or its functional equivalent or successor, used to provide a communications service. No fee imposed under this section shall be imposed on more than one hundred voice-grade channels or their equivalent per person per location. Notwithstanding any provision to the contrary in this section, the monthly fee shall not be assessed on the provision of broadband internet access service. The fee shall be imposed solely for the purpose of funding 911 service in such county or city. The monthly fee authorized in this section shall be limited to one fee per device. The fee authorized in this section shall be in addition to all other taxes and fees imposed by law and may be stated separately from all other charges and taxes. The fee shall be the liability of the subscriber, not the provider, except that the provider shall be liable to remit all fees that the provider collects under this section.

2. **No such order or ordinance adopted under this section shall become effective unless the governing body of the county or city submits to the voters residing within the county or city at a state general, primary, or special election a proposal to authorize the governing body to impose a fee under**

this section. The question submitted shall be in substantially the following form:

“Shall (insert name of county or city) impose a monthly fee of (insert amount) on a subscriber of any communications service that has been enabled to contact 911 for the purpose of funding 911 service in the (county or city)?”

☐ YES

☐ NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the fee shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the fee. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the fee shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question. The question shall not be resubmitted within three hundred fifty-nine days of the previous election at which a majority of the votes cast were opposed to the question.

3. Except as modified in this section, all provisions of sections 32.085 and 32.087 and subsection 7 of section 144.190 shall apply to the fee imposed under this section.

4. All revenue collected under this section by the director of the department of revenue on behalf of the county or city, except for two percent to be withheld by the provider for the cost of administering the collection and remittance of the fee and one percent for the cost of collection which shall be deposited in the state’s general revenue fund, shall be deposited in the Missouri 911 service trust fund created in section 190.420. The director of the department of revenue shall remit such funds to the county or city on a monthly basis. The governing body of any such county or city shall control such funds remitted to the county or city unless the county or city has established an elected board for the purpose of administering such funds. In the event that any county or city has established a board under any other provision of state law for the purpose of administering funds for 911 service, such existing board may continue to perform such functions after the county or city has adopted the monthly fee under this section.

5. Nothing in this section imposes any obligation upon a provider of a communications service to take any legal action to enforce the collection of the tax imposed in this section. The tax shall be collected in compliance, as applicable, with the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

6. Notwithstanding any other provision of law to the contrary, proprietary information submitted under this section shall only be subject to subpoena or lawful court order. Information collected under this section shall only be released or published in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications service provider.

7. Notwithstanding any other provision of law to the contrary, in no event shall any communications service provider, its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons, be liable for any form of civil damages or criminal liability that directly or indirectly results from, or is caused by:

- (1) An act or omission in the development, design, installation, operation, maintenance,**

performance, or provision of service to a public safety answering point or to subscribers that use such service, whether providing such service is required by law or is voluntary; or

(2) The release of subscriber information to any governmental entity under this section unless such act, release of subscriber information, or omission constitutes gross negligence, recklessness, or intentional misconduct.

Nothing in this section is intended to void or otherwise override any contractual obligation pertaining to equipment or services sold to a public safety answering point by a communications service provider. No cause of action shall lie in any court of law against any provider of communications service, commercial mobile service, or other communications-related service, or its officers, employees, assignees, agents, vendors, or anyone acting on behalf of such persons, for providing call location information concerning the user of any such service in an emergency situation to a law enforcement official or agency in order to respond to a call for emergency service by a subscriber, customer, or user of such service or for providing caller location information or doing a ping locate in an emergency situation that involves danger of death or serious physical injury to any person where disclosure of communications relating to the emergency is required without delay, whether such provision of information is required by law or voluntary.

8. The fee imposed under this section shall not be imposed on customers who pay for service prospectively, known as purchasers of prepaid wireless telecommunications service customers.

9. No county or city shall submit a proposal to the voters under this section for a fee of more than one dollar until the county or city receives approval for the fee amount from the Missouri 911 service board established under section 650.325. Once a fee of more than one dollar has been approved by the Missouri 911 service board and the voters, the county or city shall not subsequently increase the fee until the increased fee amount has been approved by the Missouri 911 service board and the voters under this section. Any county or city seeking to impose or increase a fee of more than one dollar shall submit to the Missouri 911 service board information to justify the fee amount. The information to be provided shall include, but not be limited to, the following:

- (1) Estimated costs of services to be provided;
- (2) Estimated revenue from all sources intended to financially support the proposed 911 service;
- (3) Prior revenue amounts and sources of financial support for the previously funded 911 or emergency dispatch service;
- (4) Efforts to secure revenue to support the proposed 911 service other than the proposed fee under this section;
- (5) Current level of 911 service provided and the proposed level of 911 service to be provided;
- (6) Any previous efforts regarding the consolidation of 911 services and any currently proposed efforts regarding the consolidation of 911 services; and
- (7) Expected level of training of personnel and expected number of telecommunications per shift.

10. The fee imposed under this section shall not be imposed in conjunction with any tax imposed under section 190.292, 190.305, 190.325, or 190.335. No county or city shall simultaneously impose more than one tax authorized in this section or section 190.292, 190.305, 190.325, or 190.335. No fee

imposed under this section shall be imposed on more than one hundred exchange access facilities or their equivalent per person per location.

11. No county shall submit a proposal to the voters of the county under this section or section 190.335 until the department of public safety has issued a state consolidation plan to the Missouri 911 service board and either:

(1) All providers of emergency telephone service as defined in section 190.300 and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county; and

(2) The county develops a plan for consolidation of emergency telephone service as defined in section 190.300, and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county; or

(3) The county develops a plan for consolidation of emergency telephone service as defined in section 190.300 and public safety answering point operations within the county that includes either consolidation or entering into a shared services agreement for such services, which shall be implemented on approval of the fee by the voters.

12. Any plan developed under subdivision (2) or (3) of subsection 11 of this section shall be filed with the Missouri 911 service board under subsection 4 of section 650.330, and the board shall review the plan to ensure it is not inconsistent with the state consolidation plan issued under subsection 18 of this section. Any plan that is filed under this subsection shall provide for the establishment of a joint emergency communications board as described in section 70.260. The director of the department of revenue shall not remit any funds as provided under this section until the department receives notification from the Missouri 911 service board that the county has filed a plan that is ready for implementation and that the board has received the state consolidation plan issued under subsection 18 of this section. If after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan that the county submitted under subdivision (2) or (3) of subsection 11 of this section, but the county has substantially complied with the plan, then the Missouri 911 service board may grant the county an extension of up to six months to comply with its plan. Not more than one extension may be granted to a county. The authority to impose the fee granted to the county in subsection 1 of this section shall be null and void if after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan and has not been granted an extension by the Missouri 911 service board, or if the six-month extension expires and the county has not complied with the plan.

13. Each county that does not have a public agency as defined in section 190.300 that provides emergency telephone service as defined in section 190.300 for the county shall either:

(1) Enter into a shared services agreement for providing emergency telephone services with a public agency that provides emergency telephone service, if such an agreement is feasible; or

(2) Form with one or more counties an emergency telephone services district in conjunction with any county with a public agency that provides emergency telephone service within the county. If such a district is formed under this subdivision, the governing body of such district shall be the county commissioners of each county within the district, and each county within such district shall submit

to the voters of the county a proposal to impose the fee under this section.

14. A county operating joint or shared emergency telephone service as defined in section 190.300 may submit to the voters of the county a proposal to impose the fee to support joint operations and further consolidation under this section.

15. All 911 fees shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

16. Nothing in subsections 11, 12, 13, and 14 of this section shall apply to a county with a charter form of government where all public safety answering points within the county utilize a common 911 communication service as implemented by the appropriate local and county agencies prior to August 28, 2017.

17. No county which contains any portion of a home rule city with more than four hundred thousand inhabitants and located in more than one county shall submit a proposal to the voters under this section until the county and the home rule city with more than four hundred thousand inhabitants and located in more than one county enter into an agreement for equitable sharing of revenue under this section and section 190.451.

18. By December 31, 2017, the department of public safety shall complete a study of the number of public safety answering points necessary to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, issue a state public safety answering point consolidation plan based on the study, and provide such plan to the Missouri 911 service board.

190.451. 1. As used in this section, the following terms mean:

(1) "Board", the Missouri 911 service board established under section 650.325;

(2) "Consumer", a person who purchases prepaid wireless telecommunications service in a retail transaction;

(3) "Department", the department of revenue;

(4) "Prepaid wireless service provider", a provider that provides prepaid wireless service to an end user;

(5) "Prepaid wireless telecommunications service", a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;

(6) "Retail transaction", the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;

(7) "Seller", a person who sells prepaid wireless telecommunications service to another person;

(8) "Wireless telecommunications service", commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2018, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of each retail transaction. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single nonitemized price, then the seller may elect not to apply such service charge to such transaction. For purposes of this subdivision, an amount of service denominated as ten or fewer minutes, or five dollars or less is minimal.

(2) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(3) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state; and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state under state law.

(4) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller is deemed to collect if the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(5) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law.

(2) Beginning on January 1, 2018, and ending on January 31, 2018, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2018, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and

remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created in section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county may be adjusted after three years, and thereafter the rate may be adjusted every two years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305 and 190.335.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.450, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.450.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.450.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes, except that such prepaid wireless emergency telephone service charge shall be charged in lieu of, and not imposed in addition to, any tax imposed under sections 190.292 or 190.335.

6. The provisions of this section shall expire on December 31, 2024.

190.455. 1. In order to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, it is the public policy of this state to encourage the consolidation of emergency communications operations.

2. Any county, city, or 911 or emergency services board established under chapter 190 or under section 321.243 may contract and cooperate with any other county, city, or 911 or emergency services board established under chapter 190 or under section 321.243 as provided in sections 70.210 to 70.320. Any contracting counties or boards may seek assistance and advice from the Missouri 911 service board established in section 650.325 regarding the terms of the joint contract and the administration and operation of the contracting counties, cities, and boards.

3. If two or more counties, cities, 911 districts, or existing emergency communications entities desire to consolidate their emergency communications operations, a joint emergency communications entity may be established by the parties through an agreement identifying the conditions and provisions of the consolidation and the operation of the joint entity. This agreement may include the establishment of a joint governing body that may be comprised of the boards of the entities forming the agreement currently authorized by statute or an elected or appointed joint board authorized in section 70.260; provided that, the representation on the joint board of each of the entities forming the agreement shall be equal. If the entities entering into an agreement under this subsection decide that any 911 service center responsible for the answering of 911 calls and the dispatch of assistance shall be physically located in a county other than a county with the lowest average county wage from the set of counties where the entities entering into an agreement under this subsection are located in whole or part, then such entities shall provide a written reason for this decision to the Missouri 911 service board and such document shall be a public record under chapter 610. The county average wage comparison shall be conducted using the information from the Missouri department of economic development, which calculates such county average wages under section 135.950.

4. After August 28, 2017, no public safety answering point operation may be established as a result of its separation from an existing public safety answering point operation without a study by and the approval of the Missouri 911 service board.

5. No provision of this law shall be construed to prohibit or discourage in any manner the formation of multiagency or multijurisdictional public safety answering point operations.

190.460. 1. As an alternative to the procedure provided in section 190.455, two or more 911 central dispatch centers that are organized under sections 190.327 to 190.329 or section 190.335 and funded by public taxes may consolidate into one 911 central dispatch center by following the procedures set forth in this section.

2. If the consolidation of existing 911 central dispatch centers is desired, a number of voters residing in the existing 911 central dispatch centers' service areas equal to ten percent of the votes cast for governor in those service areas in the preceding gubernatorial election may file with the county clerk in which the territory or greater part of the proposed consolidated 911 central dispatch center service area will be situated a petition requesting consolidation of two or more 911 central dispatch centers.

3. The petition shall be in the following form:

"We, the undersigned voters residing in the service areas for the following 911 central dispatch centers, do hereby petition that the following existing 911 central dispatch centers be consolidated into one 911 central dispatch center."

4. An alternative procedure of consolidation may be followed if each of the boards of directors of

the existing 911 central dispatch centers passes a resolution in the following form:

“The board of directors of the 911 central dispatch center resolves that the and 911 central dispatch centers be consolidated into one consolidated 911 central dispatch center.”.

5. Upon the filing of a petition or resolution with the county clerk from each of the service areas of the 911 central dispatch centers to be consolidated, the clerk shall present the petition or resolution to the commissioners of the county commission having jurisdiction, who shall thereupon order the submission of the question to voters within the affected 911 central dispatch center service areas. The filing of a petition shall be no later than twelve months after any original voter’s signature contained therein.

6. The notice of election shall contain the names of the existing 911 central dispatch centers to be included in the consolidated 911 central dispatch center.

7. The question shall be submitted in substantially the following form:

“Shall the existing 911 central dispatch centers be consolidated into one 911 central dispatch center?”.

☐ NO

8. If the question of consolidation of the 911 central dispatch centers receives a majority of the votes cast in each service area, the county commissions having joint jurisdiction shall each enter an order declaring the proposition passed.

9. Within thirty days after the 911 central dispatch center has been declared consolidated, the respective county commissions having jurisdiction shall jointly meet to appoint a new seven-person board consisting of the agencies and professions listed in subsection 9 of section 190.335, and shall ensure geographic representation by appointing no more than four members from any one county having jurisdiction within the consolidated area for the newly consolidated 911 central dispatch center.

10. Within thirty days after the appointment of the initial board of directors of the newly consolidated 911 central dispatch center, the board of directors shall meet at a time and place designated by the county commissions. At the first meeting, the newly appointed board of directors shall choose a name for the consolidated 911 central dispatch center and shall notify the clerks of the county commission of each county within which the newly consolidated 911 central dispatch center’s service area now subsumes.

Four members shall be selected by lot to run for two-year terms, and two members shall be selected by lot to run for four-year terms. Thereafter, all terms shall be four-year terms.

All assets and obligations of the existing 911 central dispatch centers shall become the assets and obligations of the newly consolidated 911 central dispatch center.

13. In any county that has a single board established under chapter 190 or under section 321.243, if a consolidation under this section only affects existing 911 central dispatch centers located wholly within said county, then the existing board shall vote as to whether the existing board shall continue to exist. Upon a majority vote for approval of the existing board continuing to exist, subsections 9 to 12 of this section shall not apply, and the existing board shall continue to exist and have the powers set forth under the applicable section or sections within chapter 190 or under section 321.243. Upon a majority vote in disapproval of the existing board continuing to exist, all applicable subsections of this section shall apply to the consolidation. A tied vote shall be considered a disapproval of the existing board continuing to exist.

190.475. The director of the department of revenue shall maintain a centralized database, which shall be made available to the Missouri 911 service board established under section 650.325, specifying the current monthly fee or tax imposed by each county or city under section 190.292, 190.305, 190.325, 190.335, or 190.450. (4) Notwithstanding any other provision of the law, no proprietary information submitted pursuant to this section shall be subject to subpoena or otherwise released to any person other than to the submitting wireless service provider, without the express permission of said wireless service provider. General information collected pursuant to this section shall only be released or published in aggregate amounts which do not identify or allow identification of numbers of subscribers or revenues attributable to an individual wireless service provider.

4. Wireless service providers are entitled to retain one percent of the surcharge money they collect for administrative costs associated with billing and collection of the surcharge.

5. No more than five percent of the moneys in the fund, subject to appropriation by the general assembly, shall be retained by the office of administration for reimbursement of the costs of overseeing the fund and for the actual and necessary expenses of the board.

6. The office of administration shall review the distribution formula once every year and may adjust the amount of the fee within the limits of this section, as determined necessary.

[190.440. 1. The office of administration shall not be authorized to establish a fee pursuant to the authority granted in section 190.430 unless a ballot measure is submitted and approved by the voters of this state. The ballot measure shall be submitted by the secretary of state for approval or rejection at the general election held and conducted on the Tuesday immediately following the first Monday in November, 1998, or at a special election to be called by the governor on the ballot measure. If the measure is rejected at such general or special election, the measure may be resubmitted at each subsequent general election, or may be resubmitted at any subsequent special election called by the governor on the ballot measure, until such measure is approved.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 355, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“163.191. 1. As used in this section, the following terms shall mean:

(1) “Community college”, an institution of higher education deriving financial resources from local, state, and federal sources, and providing postsecondary education primarily for persons above the twelfth grade age level, including courses in:

- (a) Liberal arts and sciences, including general education;
- (b) Occupational, vocational-technical; and
- (c) A variety of educational community services.

Community college course offerings **shall generally** lead to the granting of certificates, diplomas, or associate degrees, [but do not] **and may** include baccalaureate [or higher] degrees **only when authorized by the coordinating board for higher education in circumstances where the level of education required in a field for accreditation or licensure increases to the baccalaureate degree level or, in the case of applied bachelor’s degrees, the level of education required for employment in a field increases to that level, and when doing so would not unnecessarily duplicate an existing program, collaboration with a university is not feasible or the approach is not a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner. Quality for such baccalaureate degree programs shall be evaluated at least in part by the delivery of upper-level coursework or competencies, and defined by accreditation or compliance with the Higher Learning Commission standards for bachelor’s degrees;**

(2) “Operating costs”, all costs attributable to current operations, including all direct costs of instruction, instructors’ and counselors’ compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 6 of this section. Operating costs shall be computed in accordance with accounting methods and procedures to be specified by the department of higher education;

(3) “Year”, from July first to June thirtieth of the following year.

2. Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent of the state community colleges’ planned operating costs as determined by the department of higher education. The department of higher education shall review all institutional budget requests and prepare appropriation

recommendations annually for the community colleges under the supervision of the department. The department's budget request shall include a recommended level of funding.

3. (1) Except as provided in subdivision (2) of this subsection, distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. This model shall be developed and revised as appropriate cooperatively by the community colleges and the department of higher education. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993.

(2) Unless the general assembly chooses to otherwise appropriate state funding, beginning in fiscal year 2016, at least ninety percent of any increase in core funding over the appropriated amount for the previous fiscal year shall be distributed in accordance with the achievement of performance-funding measures under section 173.1006.

4. The department of higher education shall be responsible for evaluating the effectiveness of the resource allocation model and shall submit a report to the governor, the joint committee on education, the speaker of the house of representatives and president pro tempore of the senate by October 31, 2019, and every four years thereafter.

5. The department of higher education shall request new and separate state aid funds for any new community college district for its first six years of operation. The request for the new district shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level.

6. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation, exclusive of any capital appropriations, for the cost of maintenance and repair of facilities and grounds, including surface parking areas, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations, exclusive of any capital appropriations, to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation, and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

7. School districts offering two-year college courses pursuant to section 178.370 on October 31, 1961, shall receive state aid pursuant to subsection 2, subdivision (1) of subsection 3, and subsection 6 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890 are met.

8. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized pursuant to section 178.370 or sections 178.770 to 178.890 shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

9. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180 requiring the state treasurer to convert the warrant requesting payment into a check or draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

172.280. The curators shall have the authority to confer, by diploma, under their common seal, on any person whom they may judge worthy thereof, such degrees as are known to and usually granted by any college or university. **The University of Missouri is the state's only public research university and the exclusive grantor of research doctorates. As such, except as provided in section 175.040, the University of Missouri shall be the only state college or university that may offer doctor of philosophy degrees or first-professional degrees, including chiropractic, dentistry, law, medicine, optometry, osteopathic medicine, pharmacy, podiatry, and veterinary medicine.**

173.005. 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating

board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education [shall have approval of] **may approve, not approve, or provisionally approve** proposed new degree programs to be offered by the state institutions of higher education. **The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:**

(a) Made a good-faith effort to explore the feasibility of offering the program in collaboration with an institution the mission of which includes offering the program;

(b) Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;

(c) Has the existing capacity to ensure the program is delivered in a high-quality manner;

(d) Has demonstrated that the proposed program is needed;

(e) Has a clear plan to meet the articulated workforce need; and

(f) Such other factors deemed relevant by the coordinating board;

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research

organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this

section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

(12) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

(13) (a) As used in this subdivision, the term “out-of-state public institution of higher education” shall mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board’s approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board’s approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

This definition shall be construed as the successor to subdivision (7) of section 173.205 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.205.

2. The failure of an approved virtual institution to continuously maintain all of the requirements in subdivision (4) of subsection 1 of this section shall preclude such institution's students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

- (1) Is a citizen or a permanent resident of the United States;
- (2) Is a resident of the state of Missouri, as determined by reference to standards promulgated by the coordinating board;
- (3) Is enrolled, or has been accepted for enrollment, as a full-time undergraduate student in an approved private, [or] public, **or virtual** institution; and
- (4) Is not enrolled or does not intend to use the award to enroll in a course of study leading to a degree in theology or divinity.

2. If an applicant is found guilty of or pleads guilty to any criminal offense during the period of time in which the applicant is receiving financial assistance, such applicant shall not be eligible for renewal of such assistance, provided such offense would disqualify the applicant from receiving federal student aid under Title IV of the Higher Education Act of 1965, as amended.

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private, [or] public, **or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

- (1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:
 - (a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;
 - (b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri; and
 - (c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions;
- (2) For the 2014-15 academic year and subsequent years:
 - (a) One thousand three hundred dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and
 - (b) Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical

College of Missouri, [or] approved private institutions, **or approved virtual institutions.**

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public [or], private, **or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

Section 169.715, Line 35, by inserting after all of said line the following:

“476.521. 1. Notwithstanding any provision of chapter 476 to the contrary, each person who first becomes a judge on or after January 1, 2011, and continues to be a judge may receive benefits as provided in sections [476.445] **476.450** to [476.688] **476.690** subject to the provisions of this section. **However, any person who filed as a candidate in 2010 to become a judge who was ultimately elected and became a judge in 2011 shall not be subject to the provisions of this section.**

2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge’s term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge’s term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge’s compensation to the retirement system, which shall stand to the judge’s credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge’s compensation that is includable in the judge’s gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge’s compensation equal to the amount of the judge’s contributions picked up by the employer. This deduction, however, shall not

reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Interest credits shall cease upon retirement of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving

as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.”; and

Provided however, a recreational vehicle as defined in section 700.010 may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five foot length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five foot length limit by more than one foot in the front and one foot in the rear. The term “safety bumper” means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

Automobile transporters, boat transporters, truck-trailer boat transporter combinations, stinger-steered combination automobile transporters and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(3) Notwithstanding any other provision of law to the contrary, agricultural machinery and implements may be operated on state highways between the hours of sunset and sunrise for agricultural purposes provided such vehicles are equipped with lighting meeting the requirements of section 307.115.

13. As used in this chapter the term “implements of husbandry” means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

HOUSE AMENDMENT NO. 4

Amend Senate Bill No. 222, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“287.020. 1. The word “employee” as used in this chapter shall be construed to mean every person in the service of any employer, as defined in this chapter, under any contract of hire, express or implied, oral or written, or under any appointment or election, including executive officers of corporations. Except as otherwise provided in section 287.200, any reference to any employee who has been injured shall, when the employee is dead, also include his dependents, and other persons to whom compensation may be payable.

The word “employee” shall also include all minors who work for an employer, whether or not such minors are employed in violation of law, and all such minors are hereby made of full age for all purposes under, in connection with, or arising out of this chapter. The word “employee” shall not include an individual who is the owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies. The word “employee” also shall not include any person performing services for board, lodging, aid, or sustenance received from any religious, charitable, or relief organization.

2. The word “accident” as used in this chapter shall mean an unexpected traumatic event or unusual strain identifiable by time and place of occurrence and producing at the time objective symptoms of an injury caused by a specific event during a single work shift. An injury is not compensable because work was a triggering or precipitating factor.

3. (1) In this chapter the term “injury” is hereby defined to be an injury which has arisen out of and in the course of employment. An injury by accident is compensable only if the accident was the prevailing factor in causing both the resulting medical condition and disability. “The prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability.

(2) An injury shall be deemed to arise out of and in the course of the employment only if:

(a) It is reasonably apparent, upon consideration of all the circumstances, that the accident is the prevailing factor in causing the injury; and

(b) It does not come from a hazard or risk unrelated to the employment to which workers would have been equally exposed outside of and unrelated to the employment in normal nonemployment life.

(3) An injury resulting directly or indirectly from idiopathic causes is not compensable.

(4) A cardiovascular, pulmonary, respiratory, or other disease, or cerebrovascular accident or myocardial infarction suffered by a worker is an injury only if the accident is the prevailing factor in causing the resulting medical condition.

(5) The terms “injury” and “personal injuries” shall mean violence to the physical structure of the body and to the personal property which is used to make up the physical structure of the body, such as artificial dentures, artificial limbs, glass eyes, eyeglasses, and other prostheses which are placed in or on the body to replace the physical structure and such disease or infection as naturally results therefrom. These terms shall in no case except as specifically provided in this chapter be construed to include occupational disease in any form, nor shall they be construed to include any contagious or infectious disease contracted during the course of the employment, nor shall they include death due to natural causes occurring while the worker is at work.

4. “Death” when mentioned as a basis for the right to compensation means only death resulting from such violence and its resultant effects occurring within three hundred weeks after the accident; except that in cases of occupational disease, the limitation of three hundred weeks shall not be applicable.

5. Injuries sustained in company-owned or subsidized automobiles in accidents that occur while traveling from the employee’s home to the employer’s principal place of business or from the employer’s principal place of business to the employee’s home are not compensable. The extension of premises doctrine is abrogated to the extent it extends liability for accidents that occur on property not owned or controlled by the employer even if the accident occurs on customary, approved, permitted, usual or accepted routes used by the employee to get to and from their place of employment.

6. The term “total disability” as used in this chapter shall mean inability to return to any employment and not merely mean inability to return to the employment in which the employee was engaged at the time of the accident.

7. As used in this chapter and all acts amendatory thereof, the term “commission” shall hereafter be construed as meaning and referring exclusively to the labor and industrial relations commission of Missouri, and the term “director” shall hereafter be construed as meaning the director of the department of insurance, financial institutions and professional registration of the state of Missouri or such agency of government as shall exercise the powers and duties now conferred and imposed upon the department of insurance, financial institutions and professional registration of the state of Missouri.

8. The term “division” as used in this chapter means the division of workers’ compensation of the department of labor and industrial relations of the state of Missouri.

9. For the purposes of this chapter, the term “minor” means a person who has not attained the age of eighteen years; except that, for the purpose of computing the compensation provided for in this chapter, the provisions of section 287.250 shall control.

10. In applying the provisions of this chapter, it is the intent of the legislature to reject and abrogate

earlier case law interpretations on the meaning of or definition of “accident”, “occupational disease”, “arising out of”, and “in the course of the employment” to include, but not be limited to, holdings in: *Bennett v. Columbia Health Care and Rehabilitation*, 80 S.W.3d 524 (Mo.App. W.D. 2002); *Kasl v. Bristol Care, Inc.*, 984 S.W.2d 852 (Mo.banc 1999); and *Drewes v. TWA*, 984 S.W.2d 512 (Mo.banc 1999) and all cases citing, interpreting, applying, or following those cases.

11. For the purposes of this chapter, “occupational diseases due to toxic exposure” shall only include the following: mesothelioma, asbestosis, berylliosis, coal worker’s pneumoconiosis, bronchiolitis obliterans, silicosis, silicotuberculosis, manganism, acute myelogenous leukemia, and myelodysplastic syndrome.

287.040. 1. Any person who has work done under contract on or about his premises which is an operation of the usual business which he there carries on shall be deemed an employer and shall be liable under this chapter to such contractor, his subcontractors, and their employees, when injured or killed on or about the premises of the employer while doing work which is in the usual course of his business.

2. The provisions of this section shall not apply to the owner of premises upon which improvements are being erected, demolished, altered or repaired by an independent contractor but such independent contractor shall be deemed to be the employer of the employees of his subcontractors and their subcontractors when employed on or about the premises where the principal contractor is doing work.

3. In all cases mentioned in the preceding subsections, the immediate contractor or subcontractor shall be liable as an employer of the employees of his subcontractors. All persons so liable may be made parties to the proceedings on the application of any party. The liability of the immediate employer shall be primary, and that of the others secondary in their order, and any compensation paid by those secondarily liable may be recovered from those primarily liable, with attorney’s fees and expenses of the suit. Such recovery may be had on motion in the original proceedings. No such employer shall be liable as in this section provided, if the employee was insured by his immediate or any intermediate employer.

4. The provisions of this section shall not apply to the relationship between a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041 or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies, and an owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle.

288.035. Notwithstanding the provisions of section 288.034, in the case of an individual who is the owner, as defined in [subdivision (42) of] section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire common or contract motor vehicle carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation or any of its subagencies, such owner/operator shall not be deemed to be an employee, provided, however, such individual owner and operator shall be deemed to be in employment if the for-hire common or contract vehicle carrier is an organization described in Section 501(c)(3) of the Internal Revenue Code or any governmental entity.

301.010. As used in this chapter and sections 304.010 to 304.040, 304.120 to 304.260, and sections 307.010 to 307.175, the following terms mean:

Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer’s model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer’s model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as “junk”, as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.

3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to [subdivision (51) of] section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage

designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification **card** along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The [highways and transportation] commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8, [and] 9, **and 10** of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8, [and] 9, **and 10** of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

[11.] **12.** Except as provided in subsections 5, 6, 7, 8, 9, [and] 10, **and 11** of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway[, except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles].

[12.] **13.** (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state

highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

[13.] **14.** As used in this chapter the term “implements of husbandry” means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

[14.] **15.** Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires. Such units shall observe all axle weight limits. The [chief engineer of the state transportation department] **commission** shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.

304.180. 1. No vehicle or combination of vehicles shall be moved or operated on any highway in this state having a greater weight than twenty thousand pounds on one axle, no combination of vehicles operated by transporters of general freight over regular routes as defined in section 390.020 shall be moved or operated on any highway of this state having a greater weight than the vehicle manufacturer’s rating on a steering axle with the maximum weight not to exceed twelve thousand pounds on a steering axle, and no vehicle shall be moved or operated on any state highway of this state having a greater weight than thirty-four thousand pounds on any tandem axle; the term “tandem axle” shall mean a group of two or more axles, arranged one behind another, the distance between the extremes of which is more than forty inches and not more than ninety-six inches apart.

2. An “axle load” is defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes forty inches apart, extending across the full width of the vehicle.

3. Subject to the limit upon the weight imposed upon a highway of this state through any one axle or on any tandem axle, the total gross weight with load imposed by any group of two or more consecutive axles of any vehicle or combination of vehicles shall not exceed the maximum load in pounds as set forth in the following table:

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the [state highways and transportation] commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of [Section 127 of Title 23 of the United States Code] **P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.**

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of

vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, [and] 10, 12, and 13 of this section.

7. Notwithstanding any provision of this section to the contrary, the [department of transportation] **commission** shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The [department of transportation] **commission** shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk, from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

11. Notwithstanding any provision of this section or any other law to the contrary, the [department of transportation] **commission** shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the **department of transportation** motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The [department of transportation] **commission** shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul

a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

12. Notwithstanding any provision of this section, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear drive steer axle.

13. Notwithstanding any provision of this section, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds.”; and

2. Prior to August 1, 2002, the provisions of section 407.817, subdivisions (13), (17) and (18) of section 407.825 and section 407.826 shall not apply to recreational vehicle dealers or manufacturers.
